A BIG DEFEAT.—The application of Geo. O'Neill, for tavern license, was refused by a majority of three to one. Total Abstinence seems to be marching on at Vernon River.

WE may soon hear something about the elections. The Ministers have been reconvening throughout the country, and they are now repairing to their rendezvous at Ottawa.

A CREW of young oarsmen of this city have purchased, for the coming regatta, the four-oared shell of the celebrated Ross-Foley crew, of Halifax. It arrived here in the M. A. Starr this morning. Mr. John Davis, painter, is stroke oarsman of the crew which purchased this shell.

A CORRESPONDENT in last night's EXAMINER says he supposes the Local Government and the public are aware that a fireman is running the steamer Elfin on the Southport ferry. This is calculated to mislead the public as to the facts of the case, which are as follows:—The regular engineer of the Elfin, having been confined to his house by illness for the past few days, a competent man who, although he did not hold an engineer's certificate, has had considerable experience in running steamboats, was granted a temporary certificate to enable him to run the Elfin until the regular engineer recovers from his illness.—Pat.

ENGLAND AND CATHOLICISM.—We are well pleased that England has come off with the lion's share. Russia is tyrannized over by an autocrat who would desire nothing better than to see the Catholic Church exterminated; Austria is governed by infidel rulers; Germany is waging an open war on the church; no where is the Catholic Church freer to-day than in England and her dependencies, and hence it is that we are satisfied with the result of the Berlin Congress, by which the fifteen Turkish provinces of Asia are placed under her protection and she controls more firmly than ever great highways to the East.—Catholic Telegraph.

If information obtained by respectable New York journals can be relied upon, the Communists of Pennsylvania in concert with those of other Middle States and some Western ones, have selected the 15th of August for a grand strike on the railways, at the mines and in the various factories and workshops throughout the region in which they are supposed to be powerful. With the strike, the stoppage of the railway traffic and of manufacturing labor generally, a reign of terror is, it is said, to be inaugurated, and a reorganization of society on the Socialist or Communist pattern is to be attempted. It is reported that the fifteenth of June was first selected for the introduction of the new era; but that the ample preparation made by the Governor of Pennsylvania to stamp out the movement at its very commencement in that State, disconcerted the plans of the would-be regenerators of the world on this side of the Atlantic. It may be assumed that the conspirators against society as it is, will find themselves as the fifteenth of August draws near confronted by preparations equally as effective and disappointing as before.

A NEW ENTERPRISE.—NEWBURY'S FISH VANS.—Mr. E. C. Newbery has commenced a fresh and smoked fish business on Henderson's wharf, south of the Gas Works, on an improved style. Most of our citizens were notified by circulars of his project, which met with sufficient approval to warrant his going on with it, and his arrangements are nearly completed. On the south side of the wharf he has his fresh fish market fitted up with counters, freezers and refrigerators. On the north side are two smoke houses, packing and fish-curing sheds. He has built refrigerators on wheels to deliver all fish in its season at the houses fresh and firm, and wants to educate the public to buy by the pound—his men cutting it and splitting it as required. This is a vast improvement on having to go to the market and then having to pay some one to carry it home, and no doubt many people will eat fish oftener than heretofore, now that they can buy it cheaply and fresh at the door. Mr. Newbery has two Scotch fish curers, who turn out delicious finnan haddies, &c., which are sold very reasonably. Families not already subscribers can be accommodated by notifying the vans or addressing Mr. N., whose enterprise deserves the patronage of our citizens.—H.C. Chronicle.

This morning a resident of Malpeque Road left information at the Police Station to the effect that a woman was lying sick and in a very destitute condition at the English Burying Ground. The City Marshal dispatched a policeman to accompany Dr. Taylor to the place; and, on their arrival, they found that the woman was removed to a house in the vicinity. Near the place she was reported lying sick, they found a new-born child lying dead. The doctor examined the infant, and found that it was still-born. He also visited the woman, and found her comfortably provided for by Mr. Richard Williams. Her name is Flora McNeill. She belongs to Georgetown Road. The child was buried by the Police in the English Burying Ground.

THE Lingard's excellent Dramatic Company made their first appearance in the Market Hall last evening. The performance commenced with a delightful one-act comedy entitled "Delicate Ground." It is idle to remark that the characters in this drama sustained their parts admirably. At different junctures they elicited loud applause. A gentleman was heard to remark at the close, that if "Delicate Ground" was reproduced, he would strongly urge to the young married men of the city to attend in company with their wives. The character songs, sketches, and impersonations cannot be excelled. Mr. Lingard appeared severally impersonating as Napoleon, the Czar, Wilhelm of Prussia, Presidents Hayes and Grant, the Sultan of Turkey, Henry Ward Beecher, and the Prince of Wales. On each appearance he was greeted with applause. The entertainment closed with a comedy entitled "Naval Engagements," in which Mr. Lingard did ample justice to the character of "Admiral Key-stone." We can say, without the least doubt, that the entertainment of last night was the best ever given in this city. The Lingards appear again to-night, and as the price of admission has been lowered to fifty and twenty-five cents, the hall will be undoubtedly overcrowded.

TAKING FRENCH LEAVE.—Fairville boasts of its local excitement in the shape of an escapade by one of its business men, Mr. B., a member of a firm of boot and shoe makers. The gossip of the place says that on Sunday night last, at nine o'clock, as the special train with Murray's circus was leaving the station, Mr. B. boarded the train, since which time he has not been seen by any of his friends. A letter which he left behind him, addressed to his partner, announced his intention of "clearing out," and telling the partner to do the best he could with the creditors. While on some point on the line this side of Portland, Me., he addressed another letter to his partner, stating that he would pay all the debts he owed, if he was ever able, and saying that he was bound for Red River. The objectionable feature about Mr. B's departure is that he borrowed all the money he could secure, in sums from \$10 to \$80, from his neighbors, besides owing other accounts. His liabilities will amount to about \$500, all owed around Fairville. About a month ago his wife went to P. E. Island taking her three children with her. At 12 o'clock on Sunday night, Mr. B's brother-in-law took the furniture out of the house, sending it to Mrs. B. The people of Fairville exhibit much feeling over the matter, and not without good reason.

CARD.

To the Electors of Ward 2 in the City of Charlottetown.

GENTLEMEN.—Having been requested by the electors of Ward Number 2, to put myself in nomination as a candidate for said Ward, in deference to their wishes I have consented to become such candidate. I am, therefore, gentlemen, a candidate for your suffrages for said Ward at the approaching Civic Election, on the sixth day of August next. If elected, as I reasonably presume I shall, while I shall advocate economy and retrenchment in financial matters, the vital question of municipal taxation shall have my special care and attention, for I believe it to be our imperative duty to stay the appalling increase of the tax roll, consequent upon the reckless expenditure of the revenue by those now controlling our Civic affairs. I remain yours, &c., JAMES BARRETT. Ch'town, July 30, 1878—pat eod

CARD. To the Electors of Ward 5.

GENTLEMEN.—Having been waited upon by a large number of prominent electors of Ward 5, and requested to offer as a candidate in the coming Civic Elections, I therefore place myself in your hands for election. As I am doing business and living in Ward 5, I have a knowledge of the wants of the Ward. From a close observation of Civic affairs, I have come to the conclusion that retrenchment and reform are necessary, and if elected will do my utmost to carry out the wishes of electors in this respect. As the time of canvassing is short, it will be impossible for me to visit all the electors of the Ward, but I feel certain that all who are in favor of curtailing the City expenditure will give me their hearty support. I remain your obt servant, ALEXANDER HORNE. Ch'town, July 30, 1878—pat eod

SYDNEY COAL. REDUCTION IN PRICE! NOTICE TO THE PUBLIC! THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers. The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale. It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price. The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL. It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way. Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of her cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate. The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution. CUNARD & MORROW, Agents G. M. A., Halifax, N. S.
