THE SCHOLARSHIPS.

THE time has again come round for the selection of candidates for the Government Scholarships. There are six of them—two for each County. The law directs that six candidates be chosen by the Visitors of Schools for each County. The act is altogether silent upon their scholastic qualifications. The Visitors are directed to choose the most promising youths out of the Government Schools in their respective Counties. The Board of Education are to examine the candidates from the several counties separately, and to choose from each six the two which in their judgment are the most deserving. The examination is intended to be a purely competitive one. The former Board of Education finding the law to be, as they considered, defective, made an order to the effect that no boy should be eligible to compete for the scholarship who had passed a certain age, and who had not arrived at a certain stage of advancement in Latin, Mathematics, and we think Greek. The consequence of this regulation was that the Visitors of Schools found it very difficult to find candidates within the specified age, having the necessary qualifications. By this law—for it was nothing else—the boys studying at our district schools were almost completely "ruled out" as teachers of those schools of either class are not required to teach the dead languages. It is our opinion, and it is also the opinion of many others, that by this order the Board of Education stretched its powers, and even went a little beyond them, to do a great injustice to the very people for whose benefit these scholarships were established. The object of the law was evidently to assist poor boys of more than common industry and ability studying in our district schools, to obtain a good education. But the restrictions of the Board completely frustrated this design. The poor man's son, no matter what his ability, must leave his district and be at a considerable expense before he can be eligible to compete for the scholarship. This he cannot afford to do, and consequently loses a benefit which the state evidently intended for him and for his class. He may have really more talent, more knowledge and a better cultivated mind than his rich neighbour's son, whom he has surpassed in the district school, but who has been able at some college or grammar school at a distance from home, to acquire the merest smattering of Latin and the higher Mathematics, yet he is obliged to remain at home to struggle to improve his mind under a thousand difficulties while his schoolmate, of far inferior ability, just because he does not need it, receives the assistance of the state to finish his education. We have not heard what the instructions are which have been given to the new Visitors of Schools by the new Board of Education, but we sincerely hope that the law will be carried out in its integrity and that the Visitors be directed to select the cleverest and best instructed boys out of the common and grammar schools in their respective circuits, without any restriction whatever as to their scholastic acquirements. The rich man's son will still possess the advantages inseparable from his position, and they are great enough goodness knows, but the regulations of the Board of Education will no longer bear the appearance of being made solely for his benefit

To THE EDITOR OF THE EXAMINER.

MR EDITOR:—

I send you a notice of a concert given by the Reverend Mr. Trudelle and his choir last evening, in this place, in aid of a beautiful new building which has been erected on the chapel grounds. This building is intended for a High School for boys, and a Hall for an Institute. The concert was conducted by the Rev. Mr. Trudelle, who played the organ. Both singing and playing were excellent. Our talented young teacher Mr. J. J Arsenault varied the performances and amused and delighted the audience by conducting a dramatic entertainment The audience showed their approval by their laughter and applause. The whole proceedings were a complete success, and realized the handsome sum of sixty pounds, which is nearly enough to complete the building. After the national anthem was sung, addresses were delivered both in the English and French languages by several gentlemen. All expressed themselves very much pleased with the proceedings of the evening, and thanks were showered on the Rev. gentleman who had organized the concert as well as upon the young ladies and gentlemen who had so effectually assisted in making the evening pass agreeably. Thanks were also accorded to Mr. Arsenault and the boys who had contributed so greatly to the success of the entertainment by their dramatic performances. The assembly quietly dispersed about ten o'clock, every one delighted with the pleasant evening he had spent.

This being the first performance of the kind in this place, no public notice had been given; but I understand that it is to be repeated as soon as the building has been plastered, so that we may expect another treat in about three weeks. However, due notice will be given of the time at which it will take place.

OBITUARY.

It is our painful duty to announce to our readers the death of Doctor Hammond Johnson. He died this morning at 9 o'clock. His illness was short and severe. Few men in this community are more generally or more highly esteemed than was the gentleman whose career of usefulness has been so suddenly and so prematurely cut short. His loss will be deplored by all classes as a public calamity. His skill and his untiring assiduity in his profession gave him an extensive practice, and his kindly sympathetic nature, made him beloved wherever he was known. We sympathize deeply with his bereaved family in thier affliction.

INQUEST.

An adjourned inquest was held this forenoon before Dr Beer, one of Her Majesty's Coroners for Queen's County, on view of the body of Isabella Livingston, of Nine Mile Creek, who came to her death under apparently suspicious circumstances. The deceased, an old woman of more than eighty years of age, was found, on Saturday evening last, by some young men, floating near the Steamboat Wharf. The body had a severe wound in the forehead, made evidently by some blunt pointed instrument. The evidence went to show that on Friday the old woman left her sister's, Mrs. Gilligan's, about 4 o'clock in the evening to cross the river in the steamboat. It seems that she lost her way and wandered about the town, for she was seen between the hours of seven and eight o'clock in the evening on Pope's Wharf. Mr. Chandler, the steward of the "Princess" was the last person who saw her alive. She was then near the warehouse, on the east side of the wharf. It is supposed that the poor creature fell into the water from the part of the wharf which is east of the warehouse, there being no one there at the time either to see or to hear her fall. The blow she must have received while falling. The jury found the following verdict:—"That the deceased came to her death by drowning, on Friday evening last, near the Steamboat or Pope's Wharf, having received a severe blow on the forehead: as to how the injury to the head was produced there is no evidence before the Jury to shew."

Very Latest Despatches.

Paris, 24.

The French Government will immediately strengthen its military posts on the Spanish frontier.

It is reported that Queen Isabella has entered France.

There is a rumour that insurgent Gen. Prim has been arrested, but there is no authentic information as to the fact.

The *Pays* says that the Spanish army is loyal, and that the insurrection is confined to the Provinces of Andalusia, and a few seaports.

The following official announcement has been received from Madrid:—Catalonia, Aragon and Valincia are quiet.

The *Moniteur* has the following—The Revolution in Spain makes no headway. The people are indifferent or repulsive to the project. Active measures are being taken by the Government for the suppression of the Rebellion. The insurgents in Andalusia are retiring before the advance of the Royal troops The rumoured risings of the Republicans in Calabria and Sicily is denied.

Mr Johnson, the American Minister to England, in reply to an address presented by the Town Council of Leeds, said that there are but few differences between England and the United States, and these are unimportant, because they can be amicably settled without tarnishing the honor of either country. He hoped for a speedy settlement of these differences, and should devote all his energies to that end. He would regret it if either nation in coming to an agreement should suffer in its own opinion, or in that of the world. The United States would certainly do nothing to detract from its own reputation, and he knew that Great Britain would not tarnish her honor.

London, Sept. 23, evening.

The following additional news has been received from Spain:—The fortified town at Santtona in the Province of Satunder, is pronounced for the Revolutionists. The railroads and telegraph lines in the South-eastern part of Spain have been cut, and rapid communication is destroyed. The excitement at Madrid is increasing. The insurgents have issued a proclamation which says that when they are victorious their future course relative to the government of their country will be decided by universal suffrage. The insurgents are reported to have attacked Madrid which is defended by barricades, but no particulars have been received. The city of Saragossa is actively preparing defences against an anticipated attack of the rebels.

Dublin. Sept. 23rd.

The Aldermen and Councillors of this city have passed a resolution setting forth that as all danger from the Fenian movement has passed away, the time has now come for the release of imprisoned Fenians.

London, Sept 24—Evening.

The following is the latest news which has been received from Spain:

The Government at Madrid has declared all Spain in a state of siege. Gen Guada, who was sent out with a detachment of Royal troops against the province of Santander has joined the insurgents. The reports that Gen. Prim is marching directly on Madrid are reiterated. He is accompanied by Gen. Serrano, the Duke De La Torre, and it is estimated that the force under his command is twenty thousand strong. The Duke De La Torre is said to be acting as provisional president and civil head of the revolution. He has refused the offers of accommodation made by Gen. Concha from Madrid.

The Spanish ships of war in the Port of San Sebastian have declared against the Queen and joined the rebel fleet. The revolutionary leaders have issued a decree declaring that any officer who orders an attack on the people or patriot soldiers shall be adjudged a traitor to his country.

The American minister, Mr. Johnson, visited the Leeds exhibition yesterday. In answer to an adress of the Exhibition Committee, he reiterated his previous assurances of the maintenance of good will between England and America. He also paid an elegant tribute of praise to the British Army and highly eulogized Lord Napier of Magdala, whose name he said was a household word in America for his courage and humanity in the Abyssinian war.

New York, Sept. 25.

The cricket match between the picked 22 of Canada and the All England Eleven was resumed yesterday at Montreal. The Englishmen finished their first innings, and the score stood 210 to 28 in their favor, the Canadians will go to the bat on their second innings to day.

John H. Surratt was discharged from custody at Washington yesterday morning by Judge Wylie, on a plea of limitation of Statute.

Montreal, Sept. 23rd

An attempt was made last night to upset the Grand Trunk train going west, in consequence it is surmised of Mr O'Reilly, Crown Counsel in the Whelan case, being on board Ties were placed on the track but the down freight train struck them first. One or two cars were badly damaged.

New York, Sept. 23.

A cricket match between the English eleven and twenty-two of Canada commenced at Montreal yesterday. The Canadians first took the bat but made only 28 runs. The English closed the playing with a score of 47, with one wicket down.

Bakerville, British Columbia, was destroyed by fire on the 16th September. The loss estimated at a million of dollars. The safes of the Banks of British North America and British Columbia were saved.

Gold closed at 143.

MONUMENT TO THE LATE DR. HOGAN.—A very handsome monument has been erected in the cemetery of the Holy Cross, over the grave of the late Dr. Hogan. The design and workmanship of the sculptor, Mr J. H. Murphy, of Barrington street, are very highly praised by all who have viewed the monument. It bears the following inscription:—"In memory of Richard E. Hogan, Staff. Asst. Surgeon, son of the late eminent Irish Sculptor, John Hogan Esq, born at Rome 1814; killed on the Nova Scotia Railway, Sept. 25, 1867. This monument is erected by Major-Gen. Doyle, His Grace the Archbishop, and many of the Catholic and Protestant Clergy and Laity of Halifax, and Charlottetown P. E. Island. 1868."—*Chronicle.*

STEAMSHIP "MELITA" DESTROYED BY FIRE.—*The passengers and crew probably saved.*—A New York despatch of 17th Sept, contains the following:—

"Arrived, steamship Louisiana, from Liverpool. She reports Sept. 7, lat. 48, lon. 26.50. sighted Barque Moneguash of Prince Edward Island, with signal of distress; supplied her with provisions, she having on board the mate and sixteen of the passengers and crew of Cunard steamship Melita, from Boston, 26th ult., for Liverpool, which was destroyed by fire the day before.

The Moneguash reported also fell in with ship, Jacob A. Stalmer, from Havre for New York, having on board 90 passengers and crew of Melita.

The steamer's supplies of provisions and water not being sufficient, the Moneguash took on board mate and sixteen others."

NEW PUBLICATION.—We understand that Mrs. W. Stevenson's new book is now in type, and will appear as soon as possible. We have heard the "comic chapters" most highly spoken of by those who have read the manuscript, and they are said to be written in Mrs. Stevenson's peculiarly vivacious and humorous style. Of the "Campaign," by the late Mr. W. Stevenson, there can be little doubt that it will be very generally prized by his friends even though so long a time has passed since it was written on his return from the Confederate Army. According to the report of persons who have seen the manuscript in Mr. Stevenson's own hand-writing the account he give is a perfectly neutral one, and explains the circumstances which compelled him at the time to enter the Confederate service We cordially wish Mrs. Stevenson success in her undertaking.

WE understand that Mr. H J. Gaffney, assisted by the best musical talent of the city, is about to get up a first-class Concert. From what we have heard of the rehearsals, they are superior to anything in the musical line that has taken place this summer. Full particulars next week.—*Her.*

BOSTONITE. This is the name given to a new material manufactured by Messrs. Perry & Co. of London, into Tablets, Slates, Memorandum Books, Diaries, &c., and is an excellent cheap substitute for Ivory in the above named articles, as writing with a lead or colored pencil is easily erased with moisture. Messrs P. & Co. are also manufacturers and patentees of an almost endless variety of useful articles in the Stationery and Fancy Goods line. A very nice assortment of their Goods is on sale at Mrs. Bremner's Book and Stationery Store in Prince Street.

THE weather for the past few days has been wet and changeable. We fear that the late grain will not be harvested without receiving considerable injury

The English Mail arrived here on Tuesday evening last in the Steamer "Princess of Wales" from Pictou. In another column will be found a summary of the latest news.

WE would direct the attention of our friends to the beautiful Stock of Goods received this season by Robert Young. The selection is A1, and the prices are remarkably low.

OUR esteemed friend, J. H. F's. letter, came too late for insertion in this week's issue. It will appear next week.

Died.

On the morning of September 28th, of Typhoid Fever, Hammond Johnson, M. D., aged 34 years, peacefully and confidently trusting in Jesus.

On the 24th inst., at her father's residence, in this city, Mrs. David Walker, of Shediac, eldest daughter of the Rev. J. Davis, in the 34th year of her age. She "sleeps in Jesus."

SPECTACLES,

Which have been extensively used in Great Britain and the United States, the past eight years and for which they claim the undermentioned advantages over those in ordinary use, the proof of which may be seen in their constantly increasing business during the past eight years.

1st. THAT from the perfect construction of the lenses, they assist and preserve the sight, rendering frequent changes unnecessary.

2nd. THAT they confer a brilliancy and distinctness of vision, with an amount of ease and comfort not hitherto enjoyed by spectacle wearers.

3rd. THAT the material from which the Lenses are ground is manufactured specially for optic purposes, and is pure hard and brilliant, and not liable to become scratched.

4th. THAT the frames in which they are set, whether gold, silver or steel, are of the finest quality and finish, and guaranteed perfect in every respect.

They are the only Spectacles that preserve as well as assist the sight. And are cheapest, because the best, always lasting many years without change being necessary.

☞ One of the Firm will visit Charlottetown, at the Store of their Agent every six months, for the purpose of fitting those having difficult sights, when any spectacles sold by their agent during the interval, will be exchanged free of charge if not properly fitted.

RARE CHANCE FOR Ship Builders or Merchants.

THE SUBSCRIBER OFFERS FOR SALE that well-known FREEHOLD PROPERTY, the

Ureka House and Premises,

situate at the HEAD of ROLLO BAY, with a front of Ten chains on the Main Post Road, leading from East Point to Charlottetown and Georgetown, about four miles from the flourishing village of Souris, comprising about TWELVE ACRES of LAND, with a good convenient DWELLING HOUSE thereon, having a Parlor, Sitting Room, Bed Rooms for Seven beds, Kitchen, Wash House, and a never-failing Pump of Water at the door.

ALSO, a NEW STORE, fitted up for a Shop and Bar Room, with Offices attached; a large Room above with Two convenient Bed Rooms petitioned off. The whole finished complete and in good repair. There are attached to the Shop a Waggon House and Shed, for feeding travelling horses, in a splendid grove of tree sheltered from winds and storms. Stables for horses, Cow Houses, &c., likewise a Grainery capable of containing 10,000 bushels of Oats. Meat and Salt House, with Sail Loft above, and two other Houses for lumber, or can be rented as tenements, all situate on the aforesaid Road side. The Post Office is kept there, and the Charlottetown Mail passes two and fro twice each week. On the Shore, fronting Rollo Bay, is a site for Ship Building, where a number of splendid vessels have been built, with Blacksmith's Forge, a large and convenient building for working in, with a Mould Loft above, Saw Pits, and other requisites for carrying on an extensive building business, with a lot of plank and timber in the yard, well piled and free from decay. A splendid Spring of Water at the bank—in fact the whole premises are surrounded with all the requisites for carrying on an extensive Mercantile trade or Public Hotel, well worthy the notice of persons intending to enter into Trade or Ship Building with a small capital. The whole will be disposed of by Private Sale, with a good and sufficient title.

Any further particulars respecting the above Property and title may be had on application to W. R. WATSON, ESQ., Druggist, Charlottetown, or the Subscriber on the Premises,

JAMES A. DAVIDSON.
