OTTAWA, April 4.
Hon. Mr. Thompson, Minister of Justice, to-day introduced four of the promised Government measures. These were,—An Act to abolish forfeiture for treason and felony; in explanation of which it was stated that in place of forfeiture the estates of persons incarcerated for the offences were to be administered by persons appointed for the purpose, and out of the proceeds of estate, compensation was to be taken for injuries inflicted by the convict.

CONFEDERATION

The Question in Newfoundland.

ST. JOHN'S, Nfld., April 4.
The question of sending a delegation to Ottawa is now being discussed by the Newfoundland Legislature. The Government are agreed upon sending a delegation, but differ as to the time. Mr. Bond, Leader of the Opposition, has a motion before the House that the delegation leave not later than the 15th inst. The majority of our people are favorable to joining the Canadian confederation, but the merchants, bankers and local manufacturers are working hard to prevent any such union taking place.

A Murder Trial.

HALIFAX, April 4.
Young William Preeper and Mrs. Jane Doyle are being tried in the Supreme Court for the murder of the latter's husband some months ago. Doyle was a farmer living at Musquodoboit and Preeper was a laborer engaged on the farm. Mrs. Doyle was much younger than her husband. One day in the summer Doyle was found dead on an old road, three miles from home, with a gunshot wound in the back. The coroner's jury returned a verdict of accidental death, although strong suspicions were entertained of murder. Immediately after Doyle disappeared from home, Preeper and the murdered man's widow were living in improper relations. Incriminating words, dropped by Preeper during conversations with his paragon, were heard by the latter's sister, and finally led to the arrest of both.

Beycott Raised.

CHICAGO, April 4.
The final result of the meeting of the various roads in this city, which lasted until a late hour last night, is announced this morning in a declaration that the boycott of the "Q" cars has been permanently raised, and henceforth the contest will be confined strictly to the "Q" system. This raising of the boycott means all the strikers now except the "Q" are to stop forthwith, and that all those whose business is to be restored and maintained by the strikers with strict decorum. Other roads are absolved from the requirement of neutrality, and violence is to be discontinued according to the well-known policy of the Brotherhood of Locomotive Engineers.

Manitoba's Delegates.

WINNIPEG, April 4.
Hon. Messrs. Greenway and Martin arrived here last night, and received enthusiastic welcome from an immense crowd assembled at the station.
The Manitoba Legislature will be dissolved as the redistribution bill is passed. The election is expected to take place about the middle of June.
A great boom in railway projects has developed in Manitoba since the announcement of the abandonment of the monopoly.

The purchase by the Canadian Pacific of the Waterloo and Magog Railway running from Waterloo to Sherbrooke, has been completed, and the transfer of the road by the Central Vermont Company will be made immediately. The road will be utilized as far as possible with the Short Line.

Sealing Prospects.

ST. JOHN'S, N. F., April 4.
The sealing prospects are very good. Despatches received here from Willingboro, in Green Bay, report that the people there have taken 16,000 seals ashore. At Partridge Island, in White Bay, the catch is estimated at 15,000. One of the old dealers there believes that the total catch by the people of Green Bay will run up as high as 60,000 seals.

The Labor Commission.

HALIFAX, April 4.
The Royal Labor Commission is in session in this city, and a number of witnesses have been examined, but nothing unusual elicited so far, the relation of employers and employes in Halifax being of a very friendly character.

The Waiting Time.

There are days of deepest sorrow
In the season of our life;
There are wild, despairing moments,
There are hours of mental strife,
There are times of stony anguish,
When the tears refuse to fall;
But the waiting time, my brothers,
Is the hardest time of all.

What it Means.

The following quotation is from speeches of Mr. Wiman:
"Of Canada is the natural market for the manufacturers of the United States. Commercial Union means to create a market for the excess of U. S. production which protection has stimulated."
"The extent and character of the tariff would necessarily have to be left to the Congress of the United States, they being the larger representative body, while the total amount realized from its enforcement of similar internal revenue taxes should be put into one pool and the sum realized divided by per capita proportion according to population."
"Commercial Union means that which would have been accomplished, so far as trade and commerce is concerned, by the extension of the Declaration of Independence over the whole continent instead of over less than one-half of it."
