St. Dunstan's Production Pleases Audience

Shakespeare's "Merchant of Venice" one of The Bard's best liked plays came to life last night at St. Dunstan's University when the student players staged the production before an audience of approximately 500. Brilliant new costumes by Sister Lous Marie, CSM, and sets by Claude Maurice, B. Arc., accentuated the production, which was under the direction of Rev. Adrian Arsenault. The cast of 18 included in leading roles such veterans of Richfield production as Patricia Leightizer, playing the part of the clever Portia, and Gordon Harris as the unlovely merchant Antonio. Bassanio, husband of Portia and friend of Antonio, another member of the cast, was portrayed by Kenneth Dolron. Ronald Whelan

Progress Is Indicated By Park Royal

The annual meeting of Park Royal Church revealed a year of progress in every area. The meeting was chaired by the minister, Rev. J. H. Tye, who conducted the opening prayer. George Ayers was appointed secretary.

The reports showed the church balcony was completed during the year, except for all the pews, and was fully paid for including the loan obtained to do the work. New hymn books and choir gowns were added. Eleven memorial pews were received by the congregation and dedicated. The work of redecorating the walls of the classrooms for the church school was well advanced and it was hoped to have these brighter quarters for the children to meet in early in the year.

W. C. Wright, church school superintendent, revealed that the church hall was used at capacity on Sundays. After much discussion a church extension committee was appointed to examine the situation and recommend action at the next annual meeting of the congregation.

The every family church paper plan was shared by the congregation this year and will be continued on a modified scale in 1963. It was with pleasure the meeting noted the support in the Missionary and Maintenance Fund has passed the \$5,000 mark and is the highest yet given by this church.

UCW IS ACTIVE
The United Church Women indicated a very active year highlighted by gifts to the church and church projects by serving at the men's suppers, by the purchase of a piano for the hall, by participating in the Red Cross blood donor clinic and making donations for the Red Cross. Visits were made regularly to the Livingstone and MacArthur Nursing Home and favors were made for the patients of Beach Grove at Christmas time. Clothing was gathered for relief. Financial support was given Augustine Cove camp and the presbytery allocation met in full.

The Men's Club reported the most active year of its history with a good attendance at its meetings and many projects supported.

All Christian education groups showed growing membership and a high interest due to a fine leadership on the part of many volunteer leaders. Reports were received as follows: Minister,

Police Probe Two Breaks On Weekend

Taking advantage of the weekend storm, burglars ransacked the law office of A. Walton Gaudet while others, or possibly the same ones, broke into Tantos's Accessories on a Great George Street. In the latter instance they were more successful in that they obtained approximately \$5.

In the Mayor's law office apparently nothing was taken, but files and drawers were all opened. There were several objects which might have been taken, but which possibly were capable of being traced and for this reason were not touched.

A large plate glass window in the Sally Ship on Granston Street was also smashed, but this was credited to the high winds over the weekend.

FLAME ROUTS WOLF

NORTH BAY, Ont. (CP) - Three fishermen frightened off a rabies-ravaged timber wolf on Lake Nipissing near here Saturday by waving a handful of burning paper. The wolf halted North Bay, Ont. was 22, of North Bay, and two others were for 100 yards as they were walking towards a fishing hole. The men decided to fight it with pieces of paper, a knife and a hatchet. Then one man lit a piece of paper and threw it at the wolf and it was off.

Common Bond

The common bond which unites all of us into this national organization is to study, understand and promote the welfare of Canadian residents who are disabled from any cause whatsoever.

It is expected that the efforts of the council will create a bond of common interest and a father-in-law, said the Flash first must beat off the challenge of Johnny Bizarro of Pasig, on Feb. 16, in a junior lightweight title fight.

Rotary Club Votes \$3,500 To Rehabilitation Council

The Rehabilitation Council for the Disabled was enriched by \$3,500 yesterday when Rotary, at the weekly luncheon meeting in the Charlottetown Hotel voted that amount from the Easter scale fund.

Dr. Tudor Gencheff in addressing the meeting gave a thorough rundown of the aims and objects of the Canadian Council as a nation-wide organization, stressing the worth and value of the same in respect to this province.

Introduced by chairman William Peters, the speaker said, "Your Rotary Club on becoming associated with the Canadian Council for Crippled Children six years ago, was granted the first chance to sponsor Easter scales in this province."

Understanding which will improve the chances of Canada's disabled population to live a creative and satisfying life," he stated.

DR. TODOR GENCHEFF

"Fund raising is important to our club because we are affiliated with the council mainly through our Easter seal campaign, and the national March of Dimes committee which will be established in the near future."

"After commenting in detail about the world picture in respect to rehabilitation, Dr. Gencheff stressed the importance of the World Congress to be held there in Copenhagen in June. "I have soon as possible. All doctors in the province have been alerted in this respect and entire cooperation is assured," Dr. Gencheff said.

In the question period which followed, Brig. W. Reid gave in this province to run the East-

Our exclusive and improved Deep Dip process makes the new 1963 Rambler Classic the world's most completely rustproofed car

That's quite a claim—the world's most completely rustproofed car. But Rambler is perfectly justified in making it. No other automotive manufacturer in the world is so thorough. Our Deep Dip rustproofing process is the most extensive in the industry. And this year, with the introduction of "Uniside", an exclusive new way of building cars, we have increased the amount of galvanized metal on the car by seven times!

Our exclusive Deep Dip method of rustproofing was developed at the Rambler plant in Brampton, Ontario. It is specifically designed to fight the rigors of Canadian weather and driving conditions. This is what we do: the entire car body is immersed completely into six separate baths which clean, scour and seal the surface of the steel.

After that the car is again dipped to the roofline in a rustproofing primer paint which fills every corner of the car body. In this way, there is not one area of surface of the car which has not been protected. There's no casual spraying in this process that might miss vital areas and leave them exposed.

So you see, it's no idle boast when we claim that we have the world's most completely rustproofed car. Why do we go to so much trouble? Because it's part of our firm policy of providing "maximum usefulness to the user". Visit your Rambler Dealer soon, and test drive the new 1963 Rambler Classic and discover how much this policy means to your driving pleasure and convenience.
