Grain Handlers Strike Date Set For Sept. 18

Additional \$30,600 Contract For RCAF Station At S'side

Mr. J. Watson MacNaught, Parliamentary assistant to the Minister of Fisheries and federal member of parliament for Prince County, announced yesterday that a contract for \$30,600.00 has been awarded to W. E. Emerson and Sons, Limited, St. John, N. B., for the construction of extension No. 2 to steam distribution system at the R. C. A. F. Station, Summerside.

It is expected that work on this contract will begin as soon as possible. It was mentioned that the company to which the contract had been awarded had the lowest bid among the contacts submitted for this work.

Increases To Number Of City Employees Granted

One of the liveliest City Council meetings in some time produced hot arguments and at times brisk language as the members discussed in caucus increases in salaries to city employees. It was a special meeting of the Council called for this purpose for 8 o'clock, but several members felt they should meet in committee first and discuss it among themselves.

This was done and shortly after 1 o'clock opened the special meeting to the press. Mayor Stewart presided.

Coming Events

- *Handy Killer for potato tops in stock. Dillon & Spillett.
- *Dance, Orwell Hall, September 11th.
- *Show, Bonshaw Saturday, Star-rink Robert Taylor.
- *The our Purina Finance Plan for feeding your hogs and poultry. Dillon and Spillett.

Marvellous music and uniforms. Don't miss this show. Come early and get a seat. Admission 50c and 25c. Sponsored by Morell Fire Brigade.

Union Chief Heads West To Negotiate

OTTAWA, Sept. 12 — (CP) — A strike of lakehead elevator employees that could paralyze Canada's record grain movement has been set for Sept. 18, but union-company negotiations are due to resume during the weekend.

Frank Hall of Montreal, Canadian chief of the Brotherhood of Railway and Steamship Clerks, announced the strike date here today. However, he expressed hope the crippling walkout would be averted.

A bare 1,500 grain handlers in Hall's union could tie up the key elevators at the head of the lakes and stall the 656,000,000-bushel wheat crop at the height of its movement to market.

But Hall, conferring with Labor (Continued on Page 5 Col. 3)

P.E. Island Student Sails For England

Miss Lorna Joan McGowan of Kilmuir, P. E. I. (above) and one of Acadia University's most brilliant students, leaves Canada in a few days for England, where she will begin twelve months' study at Cambridge University, in the field of Biology. Miss McGowan was the recipient of this year's I. O. D. E. scholarship for Prince Edward Island, making a year of overseas study possible. She is a daughter of Mr. and Mrs. M. N. McGowan of Kilmuir.

Following her graduation from Prince of Wales College, Charlottetown, Miss McGowan continued her work toward a B.Sc. at Acadia University, which degree she received in 1951, taking honours in Biology. Although very busy in her special field, including an assistantship in biology, and leadership in the Biology Seminar, Miss McGowan also participated in the Celtic Society, Student Union government, and was on the executive of the House Committee, Junior Advisory Committee, Pre-Med Club, the I.S.S., the Students' Judicial Committee; she was holder of her residence, elected head of her residence, and chosen as Class Life Secretary.

Miss McGowan returned to Acadia this past year, and at the Spring Convocation, was awarded her M.Sc. Her special field of research work was determining the effects of x-rays on chromosomes and mitosis.

She is one of eight Canadian I. O. D. E. scholarship winners who will take post-graduate courses this year in Britain.

Shock Treatment In Tagging PEI Trout To Be Demonstrated

A demonstration of the most modern method of recovering trout for examination and marking, and afterwards returning them to their native haunts without injury, will be a feature of the Fishermen's Field Day to be held shortly at Elderstie.

By this method a mild electric current is induced into the water which shocks the fish into immobility and brings them to the surface for a short time. After examination they are returned to the water, unimpaired in vitality as a result of the treatment.

Trout which have been subjected to tagging under these conditions, and afterwards released, have been caught and reported from as great a distance as seventy miles.

A meeting is scheduled to take (Continued on Page 15 Col. 3)

Officer Wins Military Cross

QUEBEC, Sept. 12 — (CP) — Governor-General Vincent Massey today pinned the Military Cross on Lieut. Andre Therrien of the Royal 22nd Regiment for courage and leadership as a platoon leader in Korea.

The Montreal-born officer, 25, is the son of Mr. and Mrs. Lucien Therrien of Thetford Mines, Que.

The ceremony featured the Governor-General's visit to Valcartier army camp, about 15 miles north of Quebec.

The citation said that "in June and July, patrolling in the Chornan area and across the river Imjin, Lieutenant Therrien led his platoon on some of the most daring raids into enemy territory.

"Coming under fire repeatedly and in close contact with the enemy on at least three occasions, this officer demonstrated determination, personal courage which inspired his men to outstanding accomplishments."

Taft Joins Forces With Eisenhower In Campaign

NEW YORK, Sept. 12 — (AP) — Senator Robert A. Taft of Ohio closed ranks with Republican Presidential nominee Dwight D. Eisenhower today and called on his supporters to join the fight for a Republican victory in the November election.

In a two-hour conference, the Ohioan sealed a bargain with Eisenhower on a statement of future principles which, in effect, was Taft's asking price for his support in the campaign.

Taft made it clear that before he agreed to campaign actively for the man who defeated him for the Republican nomination, he wanted assurance a new administration would fight "creeping socialism" as a top issue and would be "inspired by the philosophy of extending liberty."

After a breakfast talk, Taft told reporters he would back Eisenhower with "no qualifications" and he also promised to campaign "to the extent of my ability" for the Republican ticket.

Thus the once-bitter differences between the two men appeared to be smoothed over and the way cleared toward unifying Republicans split apart by the nomination fight at the Chicago national convention last July.

Taft read a statement in which Eisenhower concurred — setting forth these other points of agreement:

1. If Eisenhower is elected, there will be no reprisals against Taft supporters through discriminations in appointments.
2. Their joint goal is to reduce the national budget from about \$80,000,000,000 to \$70,000,000,000 in 1954 — with another \$10,000,000,000 cut in the following year.
3. This cut in the budget to be accompanied by a cut in taxes, barring another war or other emergency.
4. No repeal of the Taft-Hartley labor law but revisions which would improve the law without changing its "basic principles".

Opening Of V. O. N. Branch In Ch'Town Discussed At Meeting Of City Council

A strong possibility that a local branch of the Victorian Order of Nurses will be established here in the near future was indicated at a meeting of the City Council last night.

The aims and work of the organization were outlined at the special meeting by Miss R. Seaman, who is a V. O. N. Supervisor in the Western Division of Ontario.

She said she was speaking on the method of establishing a branch here at the request of the Red Cross. She had already discussed with the staffs of both hospitals here and members of the Medical Society. All thoroughly endorsed the plan as they agreed there was a real need here for the nursing service provided by the Order.

Miss Seaman stated it was the aim of the organization to bring to a community a skilled nursing service on a part-time basis. The patients aided could pay on a cost basis if they were able, but they would receive treatment regardless of the ability to pay. The only re-

Six Cattle Killed By Lightning

SUSSEX, N. B., Sept. 12 — (CP) — Six Jersey and Guernsey cows valued at \$1,200 were killed by lightning at Sussex Corner early today.

Apparently a single bolt killed the animals owned by William D. Sullivan, who said nine other cows nearby were unharmed.

Another casualty of the previous storm was the United Church parsonage, occupied by Rev. and Mrs. E. E. Fyche. Lightning ripped into one corner of the building, tearing the telephone from the wall and touching off a fire in a box of Christmas tree decorations. The minister and his wife aroused by the storm, smelled smoke and quelled the flames before much damage could be done.

Heavy rain accompanied the storm.

Delegates Told To Oppose Illusion

MONTREAL, Sept. 12 — (CP) — Delegates attending the annual convention of newspaper advertising managers' Association of Eastern Canada were told today to "oppose by every means the illusion that you can get something for nothing."

Stuart Richardson, Public Relations Assistant of the Northern Electric Company, Montreal, said: "We have to work hard at this because the forces of the opposition are strong and organized and because the drug they peddle is pleasant to take."

"We have to face the fact that every gift we get from the government is first taken from someone else so that we may benefit and that every gift, irrespective of the good intention, is an encroachment on our freedom."

The three-day annual convention will end tomorrow following a brief business session conducted by J. E. Robinson of the Telegraph-Journal and Evening Times-Globe, Saint John, N. B. and election of officers.

Increase In Church Salaries

HAMILTON, Sept. 12 — (CP) — The 15th biennial general council of the United Church of Canada today increased the salaries of its executive secretaries of the nine boards and departments, permanent administrative officers, were increased from \$6,000 to \$7,000, including cost-of-living allowance.

Salaries of associate and assistant secretaries were increased more than \$1,000 bringing the new scale of \$6,400 for associate secretaries and \$5,800 for assistant secretaries. Forty-one persons are affected.

Rev. G. G. Villet, Alberta College, Edmonton, moved the amendment when the report of the Finance Board came up for discussion. Mr. Villet said that many ministers with city pastorates are making \$6,000 a year plus free use of a manse and that executives of the church should receive as much compensation for their work.

Record Number Of Polio Cases

CHICAGO, Sept. 12 — (AP) — The Chicago Health Department today called for volunteer nurses to help combat a polio outbreak which has reached a record 729 cases so far this year.

Dr. Herman Bundesen, Health Department President, asked 71 hospitals in Chicago to each lend a nurse to care for some 90 polio patients now in the city's contagious diseases hospital.

The 729 total compares with 231 cases reported up to the same date a year ago. The previous record was 591 in 1943.

Deaths from polio this year total 46 compared with the 1943 total for this date of 43.

First Canadian Appointment

QUEBEC, Sept. 12 — (CP) — The first Canadian ever to be appointed Papal Nuncio — an ambassador for the people — in the Roman Catholic Church today was consecrated Archbishop of Lodi in Quebec Basilica.

Most Rev. Paul Bernier, 44, was consecrated by James Cardinal McGowan of Toronto. Assistant nuncios were Archbishop Maurice Roy of Quebec and Alex. Andre Vachon of Ottawa.

The Pope appointed the prelate to the post of Papal Nuncio of Panama and Costa Rica last month.

Veterans Affairs Minister Lapointe represented Prime Minister St. Laurent while Finance Minister Gagnon of Quebec represented Premier Dupuis.

Breakup Of Socialist Party

HANNOVER, Germany, Sept. 12 — (AP) — The biggest threat of a Nazi political comeback in West Germany exploded today with the breakup of the Socialist Reich Party.

The ultra-nationalist group, whose former Nazi leaders preached many of Hitler's doctrines, dissolved voluntarily without waiting for the outcome of a government suit to outlaw it.

Jail Prisoners Knew Boyd Gang Were Planning Break

TORONTO, Sept. 12 — (CP) — A man who claims to know says prisoners at the Don Jail knew for several days the Boyd Gang planned to break out last Monday. But loyalty to the four desperadoes kept lips sealed.

That's the word from a Toronto business man who served time for fraud and was a prisoner until this week. He said today the gang — Edwin Alonzo Boyd, Leonard Jackson, Steve Suchan and William Jackson — can look to many friends outside the jail for help.

"There is a loyalty among criminals which will keep these men free."

Police, still pressing a hunt that extends to eastern and western Canada, expressed belief the fugitives' funds may be running low and that lack of cash soon may force them into the open.

They warned banks to take extra precautions in handling large amounts of money.

Boyd, Suchan and Leonard Jackson face charges of bank robbery. William Jackson was serving a penitentiary term for robbery.

ing banks when he was brought here to testify against the others, Leonard Jackson and Suchan, when caught, will stand trial for murder in the shooting last spring of Det.-Sgt. Edmund Tong in Toronto's West End.

During the last few days police have built up an arsenal of machine-guns, shotguns, rifles and hand grenades. They have orders to shoot to kill if necessary.

Rewards totalling \$26,000 still stand. So far, police have waited in vain for the offers to prompt a tip from the underworld that would lead them to the elusive quartet.

A former guard said some members of the Don Jail staff tripled their salaries by smuggling the prisoners forbidden food, luxuries and narcotics. But another former guard scoffed at the idea.

"All you have to do is look at their (the guards') homes to see how much any of them made."

Mrs. Boyd's broadcast plea and published letter to her husband to come home went unanswered. Police had little hope her effort would succeed.

Local Firm To Construct Approaches At Dunk River On S'side-Borden Highway

The construction firm of Matheson and MacKinnon of Charlottetown, had the lowest tender and has been given the contract to build the new approaches to the Dunk River along the route of the Summerside-Borden highway. It was announced yesterday by Hon. Douglas MacKinnon, Minister of Highways.

It is intended to re-route the road to straighten out the bad curve at the location of the present bridge. The new road will take the road behind the settlement known as Ross Corner. The job is expected to be completed this fall and the new bridge will likely be built next year.

Loses Life In Saving Cattle

DALHOUSIE, N. B., Sept. 12 — (CP) — An 84-year-old man was burned to death at Upper Charlo early today in a desperate attempt to save livestock from a flaming barn.

John Bugold died in the blaze which levelled a barn owned by Paul Allard, farmer and retired C. N. R. employe, as he tried to rescue a horse and three head of cattle.

Allard said he was awakened about 3:30 a. m. by Bugold, who cried out: "The barn is on fire. We must save the cattle and the horse." He then hurried to the blazing barn.

Superforts Hit Power Plant

SEOUL, Sept. 13 — (Saturday) — More than 35 B-29 Superforts roared deep into North Korea Friday night and this morning in a heavy attack on the vital Suhoi Power Plant on the Yalu River. It marked the first time the giant bombers have struck so near the Manchurian border.

On the flaming central front, Allied troops recaptured Finger Ridge and beat off a Communist battalion attack on Capitol Hill.

New Brunswick Election Campaign Warming Up

FREDERICTON, Sept. 12 — (CP) — The New Brunswick election campaign is getting warmer, with candidates preparing to intensify their appeals during next week's all-out home stretch before voting day Monday, Sept. 22.

Aside from the usual local rallies, chief mediums for laying policies before the electorate in the so far quiet campaign have been radio addresses and newspaper advertisements.

The most discussed issues to date are the provincial four per cent sales tax — officially known as a social services and education tax — and the Liberals' record during their stewardship of the last 17 years.

In July, Premier John B. McNair said his government would go to the people on the issue of international unionism in the public service.

Progressive Conservative leader H. J. Flemming promptly termed this misleading and declared the only issue was the government's record.

Comparatively little has been heard about unionism since the campaign opened. The Progressive Conservative manifesto ignored the subject. The G. C. P. platform — only other party in the field — promised speedy certification of trade unions with a 51 per cent or more membership but made no specific reference to the public service.

The matter arose early this summer when New Brunswick Electric Power Commission employes who are members of the International Brotherhood of Electrical Workers (I. T. L. C. - A. F. L.) threatened to strike for union recognition. The strike was called off on the eve of the deadline.

High tide today at Charlottetown at 4:05 A. M. and 7:19 P. M. High tide on the North Shore at 2:41 P. M.

Summerside tide eighteen minutes later than Charlottetown.

Sun rises today at 5:49 A. M. and sets at 6:28 P. M.

Demotion In Justice Dept.

WASHINGTON, Sept. 12 — (AP) — Attorney-General James P. McGranery today demoted Ellis N. Slack, who has been under congressional fire in the investigation of St. Louis tax scandals, and hinted at further shakeups in the Justice Department.

McGranery indicated other heads may roll in talking with newspaper men after the announcement that Slack had been stripped of his assistant attorney-general title and dropped to a lesser post in the department.

McGranery already has accepted the resignations of five top-level Justice Department officials since he took over the United States No. 1 law enforcement job last May 27.

In addition, he has fired a U. S. district attorney and a U. S. marshal in the field.

Slack, who scoffed at reports three days ago that he was going to be fired or demoted, was relieved of his post as chief of the department's tax division and returned to his old assignment as head of the division's appeals section.

HALIFAX, Sept. 12 — (CP) — Official forecasts issued tonight by Dominion Public Weather Office here and valid until midnight Saturday, with an outlook for Sunday.

Synopsis: The Great Lakes District continues to bake in mid summer heat. Afternoon temperatures on Friday topped the 90 degree mark again at most localities, and Cleveland reported a record 98. Meanwhile much cooler air over the Maritimes is keeping daytime temperatures in the 60s and 50s.

The boundary line separating the two types of air is about stationary. However, weak disturbances are moving southeast along it from northern Ontario through Maine to the week-end weather is likely to be very unsettled with more cloudiness than sunshine.

Prince Edward Island — Cloudy. A few showers. Little change in temperature. Light winds. Low and high Saturday at Charlottetown 48 and 65.
