TRICKS IN ALL TRADES BUT OURS.—That is quite a common saying, and the rule holds good even to the newspapers advertising; for how many times have you commenced to read an apparently interesting local, only to find that it is a local advising you to use Everybody's Pills "the best family medicine." *

ABOUT 2 o'clock Sunday morning Watchman Merchant heard a noise in Byrne's liquor store in the Cameron Block. As he approached he noticed a light in the basement. As he came nearer it was suddenly extinguished. Calling assistance to watch the front he went quickly to the back of the store, and as he got there heard a pane of glass break. A minute later and a man's head appeared above the fence. The watchman immediately grasped him by the collar and marched him off to jail. The prisoner was a painter named Crossman. His theft consisted of three bottles and a flask of liquor and a bottle of pickles. He was remanded till Monday.

Loss of the Abraham Sutton.

We regret very much to learn of the wreck of the fine iron steamer Abraham Sutton, which Capt. McMillan bought recently at Glasgow, Scotland, for himself and his brother, Mr. Hugh McMillan, New Haven and brought to this port, arriving here Friday, May 27.

The following telegrams from the captain from Cape Canso on Saturday, and received here by the owners the same evening, are all that has yet come to hand:

"Seven this morning dense fog. Abraham Sutton went on reef off Cape Canso. Will break up. Hold survey and entered protest. Crew all here."

Capt. McMillan then telegraphed for full particulars and received the following:

"Wreck lies decks under water, port bilge stove in. All movables washed away except some saved by boats. Surveyors recommended sell as soon as possible."

The steamer was partly covered by insurance. Capt McMillan left for the scene of the disaster this morning. The owners have the sympathy of all in their heavy loss.—Pat.

BEER BROS.

SOMETHING INTERESTING ABOUT CURTAINS.

Art Muslins are still very popular and we never had such a large and pretty variety to show you, but we want to tell you about a mistake we made in buying Lace Curtains and the consequence.

THE MISTAKE.

Our buyer thought that *twice* the quantity we bought last year would supply the demand this year, and therefore *only* bought that number of pairs. This, however, was a decided miscalculation, as the popularity of this department and the business done, has exceeded our wildest hopes.

THE CONSEQUENCE.

Already we are sold out of all low-priced Curtains and still the demand continues. There is no time to re-order and we have therefore decided to take 100 pairs of our higher priced Curtains and mark them at exceptionally low prices for a few weeks. Now this is your chance if you want Curtains of any kind. It is only the great success of this department enables us to offer such bargains. The reduced prices are all marked in plain figures. See them.
