EDWARD SIMPSON was to-day fined $50 for a breach of the Scott Act.

THE hay crop in Maine is thought to have been increased thirty-three per cent. in value by the late rains.

A LADY staying at the St. Lawrence Hotel would take a few pupils for "Kensington" Painting, on velvet and plush.

DR. HONEYMAN has been made an honorary foreign corresponding member of the National Fish Culture Association of Great Britain.—*Hx Herald.*

THE market to-day was very well attended and supplied. Green peas, new potatoes, and strawberries were on sale. The last mentioned delicacy sold at 25 cents per quart.

A SQUARE MEAL.—The caterers at the Gathering on Thursday next will give a good meal of victuals at 25 cents, and will also furnish a dinner of meats, plum pudding, etc., at 50 cents. [jly28 4i

THE Acadians of the Maritime Provinces will hold a Convention at Miscouche on the 14th and 15th of August, and the people of that thriving village are preparing a Tea and Bazaar on a large scale for the occasion.

THERE is no article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

IN an editorial, the *Patriot* remarks that the Reformers(?) are "determined to *sweep* the country. This is as it ought to be." We suggest that they remember Queen Street, our principal thoroughfare, as it is very dusty.

MISCHIEVOUS BEARS.—There are several bears in the woods between Bedford and Beaver Bank on the Western side of the old Windsor road, which have done and are still doing considerable destruction to sheep, etc. One was recently shot in the yard of one of the farmers in the neighborhood.—*Halifax Chronicle.*

WE contracted to insert Mack's Magnetic Medicine because we were assured that the firm was composed of reliable and honest gentlemen, and also because the medicine was recommended as being all and more than the advertisement claimed. We are informed by druggists that it is the best selling article they have, and that it gives satisfaction to their customers. Sold in Charlottetown at Apothecaries Hall. See advertisement in another column. [july28 1w wkly

THE Rev. Geo. Roddick, the pioneer of the Brandon district, accompanied by Mrs. Roddick, is in the city, en route to Nova Scotia, their native province. Their visit east will extend over six or eight weeks. Mrs. Ross, wife of contractor I. M. Ross, Mrs. McLeod, wife of P. O. Inspector McLeod, and Mrs. Perley, of Carberry, have left here for the lower provinces, via the lakes. Mrs. McLeod goes to Prince Edward Island, and the others to New Brunswick.—*Winnipeg Times*

BIG TROUT.—Mr. Joseph Noyce, of Boston, caught sixty-four fine sea trout at the spring, Black River, on Saturday. Several of them turned the scale at three pounds and two ounces. He brought some to town that weighed less than fourteen ounces. In the excitement Mr. Noyce slipped from a log he was standing on, and came near going out of sight in the black mud. Had it not been that there was a pole near him, he would have had much difficulty in extracting himself from his perilous position.

DROWNING ACCIDENT.—A sad drowning accident occurred at Pt. aux Car last Thursday. As Fred McDonald, 17 or 18 years of age, son of Mr. John McDonald, was sculling out to his salmon nets, the oar slipped and he fell into the water. He was a good swimmer, but was encumbered with oil clothes and sea boots, and the strong wind blew the canoe away from him so that he could not reach it. He sank before help could reach him from the shore. His body was recovered some hours later.—*Chatham World.*

REASON TO BE PROUD.—On nearing West Hartlepool Cemetery the other day my attention was attracted to a passing funeral procession. The deceased, judging from the long line of "cabs," "private carriages," and the multitude following the hearse, must have been some local gentleman of note, and, being anxious to know on whose account this great parade was being made, I asked of an Irish laborer, standing near, "Who is dead?" "Indade, sir," he replied, "I dunno, but, whoever he be, be jabers he may well be proud of his funeral!"

A MONTREAL despatch of the 25th says: Bishop Ussher, of the Reformed Episcopal Church, will leave in the steamer to-morrow direct for Newfoundland, on ecclesiastical work. He will be away about six weeks and return by Halifax and Charlottetown, Prince Edward Island, there being a branch of the Reformed Episcopal Church in the last named place. Last night, after the usual evening service at St. Bartholomew Church, the congregation presented the bishop with a purse of gold and an accident insurance policy for $1,000.

IN a letter from Sir Charles Tupper to Principal Ross, of Dalhousie College, Sir Charles said: "In consequence of the representations made by your College and by the University of New Brunswick (i.e., the withdrawal of the scholarship) has been reconsidered by the trustees. They do not find themselves able, consistently with other claims made upon them, to reinstitute the scholarship on its old basis, but they have consented to grant a three years' scholarship of £100 per annum once in three years, to be confined to candidates from the provinces of Nova Scotia and New Brunswick."—*Com. to Hx. Herald.*

PACKING DOWN HAM.—First, place the hams in a pickle, let them remain there about three months, then take up the hams and drain them well. Slice as for the table, fry till about half cooked, or well heated through, pack the slices closely in a stone crock and pour the drippings over them. So continue till your crock is full, melt enough lard and pour over the ham to cover it. Then place an inverted plate on top and a weight. After it is cool remove the weight, cover the crock with paper and tie, then put on the cover and set in a cool place. When wanted for cooking, remove a little of the lard, and with a fork remove the number of slices required. Melt the lard that you removed and pour back in the crock. To pack sausages for summer use, after drying them for a few days, separate them as for cooking. Pack closely in a crock, and pour enough boiling lard over them to cover the sausages weight and tie up as in packing ham.—*Cor., Household.*
