BARGAINS.—The annual meeting of the Western Agricultural Convention takes place in Cavendish Hall at 1 p. m. to-day. BRIDGE.—The bridge over Fuller's Marsh is in a disgraceful condition, and nearly impossible for horses and carriages. FIREMEN AND SEE IT.—The firemen are preparing a pleasant surprise for all who attend the Moonlight Excursion on Wednesday evening next. SALVAGE CORPS.—There will be a special meeting of the Salvage Corps, this (Friday) night, at eight o'clock sharp. A full attendance is required. By order of the Captain. ANNIE.—Numbers of the residents of the western end of Euston Street listened with rapture last night to the dulcet strains of "Annie Rooney" played on an accordion. We congratulate the accomplished performer. BLESSING THE CORNER STONE.—The corner stone of the new Roman Catholic Church at Macdougall will be blessed on Sunday, July 20th. Bishop Macdonald will officiate, and Rev. Ronald B. Macdonald, S. J., will preach. A HINT.—The ornamental tree on the corner of the Market Square, opposite the EXAMINER office is being destroyed by the fact which a neighboring telephone pole has assumed. The pole should be straightened. TO CAPE TRAVERSE.—The cheapness of the fare, the beauty of the scenery, and the care that passengers to the Cape Traverse Excursion will receive to-morrow, are inducements that should result in a large number of people availing themselves of the opportunity presented to them by our popular railway superintendent. The train leaves Charlottetown at half past eight, local time, and leaves Cape Traverse for return at 4 p. m., local, arriving in town about 6.20. The fare is only 40 cents. MEDICAL ASSOCIATION MEETING.—The annual meeting of the Maritime Medical Association will be held in St. John on July 22nd and 23rd. Medical men wishing to attend this meeting can obtain return tickets at one first-class fare from Charlottetown and Summerside to Point du Chene. The same arrangement has been made with the I. C. R. from Point du Chene to St. John. A certificate of attendance from secretary is necessary to secure return trip free. NEW ROUTE TO P. E. ISLAND.—An exchange of views is being made in relation to the steamer Mayflower for the P. E. Island route, to be opened about August 1st. She has undergone government inspection; her new boiler is nearly completed, and everything is being done to make her staunch, speedy and comfortable for passengers. The trip is expected to be made in 24 to 30 hours. She is to use the government wharf, Pugswash, to which the train will run. Doubtless the route will soon become very popular. BOTANICAL.—Yesterday, the Secretary of the Botanical Club received from Mr. J. Herbert Morson, of Dundas, a specimen of the yellow pond lily, (Nuphar Advena.) This is the first recorded instance of the collection of this beautiful species on the Island. We doubt not that there are many other rare plants, "wasting their sweetness" about our retired ponds and streams, which, if collected by some one in the vicinity, and sent to Mr. Bain for determination, would prove of great interest to science. FOR BOSTON.—The steamer Carroll, Captain Brown, sailed for Boston last evening at six o'clock, with a general cargo and the following passengers: Sarah Weatherly, Cassie Weatherly, Mrs. Antell, Thos. Amnedy, E. H. Lutz, Mary McKenzie, J. C. Nelson, Mrs. J. C. Nelson, Jane Ross, Maggie Jackson, J. Dorong, John McComack, Owen McCloskey, James McNeil, M. Weatherly, Mr. Percival, John Nelson, J. T. Norton, Wm. Seins, S. McDonald, James McD. mald, H. Penpoil, Susan Doyle, D. McDonald. THE STEREOPTICON.—From the reports in the press, it is evident that Mr. Struthers' Stereopticon Entertainment, to be given in the Lyceum next Monday afternoon and evening, is one of the most beautiful, refined and impressive exhibitions upon the continent. The views in the "Life of Christ" are selected from the best of the masters, whose works adorn the art galleries of Europe, and are most cleverly presented by the very best appliances. No expense is spared to secure the finest effects, and our readers who may visit the Lyceum next Monday, may rely upon a rich treat. Large and delighted audiences of the best people of Moncton filled the Opera House for two successive evenings, upon the occasion of Mr. Struthers' visit to that city this week; and the Moncton Times declares that "as a work of art, the entertainment surpasses anything of the kind ever given in this city." Remember the matinee for the children at 4 o'clock in the afternoon. Personal D. Egan, Esq., Mount Stewart, is registered at the Osborne to-day. Capt. Unsworth returned yesterday from his inspection of the western section of the Island. Twenty per cent discount.—We are offering a special lot of men's fine shoes at twenty per cent discount. TELEGRAPHIC NEWS.

TELEGRAPHIC NEWS. SPECIAL DESPATCHES TO THE EXAMINER. NOTES FROM OTTAWA. Amending Election Laws. THE TARTE-McGREGGEEVY CASE Other Matters of Interest. OTTAWA, July 17. Yesterday Sir John Thompson explained the four bills introduced by him, amending the election laws. They provide among other things that the time for revision is extended to 15th August, without extending the time when the list is to be finally revised. All election petitions shall be tried by two judges, instead of one, and petitions against the return of members shall be made not later than thirty days after declaration of return. They also extend exemption as to liability of candidates for acts committed against their will and orders by agents, and provide also that the election shall not be voided if by agents only, and not by candidates, but without candidates' sanction or connivance trivial offences have been committed. The budget debate was continued. In the Tarte-McGreggivy investigation McGreggivy gave testimony to the effect that he had never paid any money, or authorized, or knew of its payment to Sir Hector Langevin or his son, or any official of the Public Works Department. Robert McGreggivy refused to produce his private bank books, diary and memorandum before the Committee. This is very significant, considering that the Connolly's produced everything that was asked of them. In the Public Accounts Investigation Committee the Finance Minister contradicted the statements of Palmer, the dismissed clerk who made revelations regarding the Interior Department. Other clerks contradicted him also. Deputy Minister Burgess read a lengthy explanation to the committee, showing the great accumulation of work which he had referred to, and which had to be performed by experienced men after hours; that it was so performed faithfully, and the Government were at no loss, although an irregularity was committed. Perira, Assistant Secretary of the Department, testified to receiving money for extra work in a fictitious name. He has been suspended. The Ottawa liar has been busy lately if he has informed the Patriot that Senecal, the superintendent of printing bureau, and Hall, secretary of the Interior Department, are both missing. Both reports are false. While irregularities have evidently taken place, there is no proof of fraud upon the Government, and the sensation consequent upon the first revelations has completely passed away. Irish Election. DUBLIN, July 17. Kenny, member for South Cork, has resigned, and Parnell will have to fight that constituency. It is generally believed that he will be beaten. Parnell is now engaged preparing a defence and giving facts of the O'Shea case. In this way he proposes to revenge himself on Gladstone by publishing a large amount of secret correspondence. Spurgeon Worse. LONDON, July 17. Spurgeon is weaker, but not suffering. Weather Bulletin. TORONTO, July 17.—10 a. m. Moderate, south to west winds, partly fair, stationary, and little higher temperature. Fishery Bulletin. (Fisheries Intelligence Bureau Report.) HALIFAX, July 17.—The fisheries are reported dull in all branches. On the shores of Anticosti codfish are reported very plentiful off English Bay, but will not take hooks. The cod and herring fisheries are reported poor at south coast of Quebec, excepting at Grand River, where the cod is good and the herring fair. At Point Escoffrey the cod and salmon fisheries are flourishing and mackerel are taking hooks quite freely. The mackerel fishery is reported good at Mimingash, P. E. Island, some boats with four men each having as many as four thousand per boat and fair catches by hook and nets are being made all along the coast round to Alberton. In Cape Breton the fisheries are exceedingly dull owing to unfavorable weather. Squid are beginning to appear on the north coast in the vicinity of Antigonish. Fishing of all kinds also very poor in Nova Scotia. Fair catches of cod and herring reported at Lockeport, N. S. but no other reports worthy of mention. General Telegraphic News. WHATCOM, Wash., July 14.—Citizen George Francis Train arrived here today, the end of his journey. He is in high spirits over beating his former record and circling the globe in 62 days. JOSHUA, Texas, July 15.—A most fiendish murder was done here yesterday morning. George Newbery had \$500 in his house and went away visiting. Two men at 1 o'clock gained admittance, and failing to get the money, murdered Newbery's old mother, his two little girls and baby boy. Several hours later the neighbors discovered the victims corpses and organized a pursuit. Lynching is probable. SOFIA, July 15.—Constantine Balcheff, Bulgarian minister of finance, was murdered in this city on March 27 last. To-day two students were arrested in this city upon suspicion of being confessed that murderer. The students confessed that they were the actual murderers, and accused Dr. Tzatcheff, Dr. Moloff and Col. Kiasoff of having hired them to commit the deed. The three last named persons were arrested to-day. Prowse Bros. will give some of the best bargains in children's clothing ever offered on P. E. I. in order to make room for their fall stock.
