Scout News and Notices

4th Charlottetown Troop
The regular weekly meeting of the Baptist Scout Troop last evening featured Const. MacDonald, R. C.M.P., in a talk on The Highway Code as it applies to Scouts. In addition, he showed the films "Maintain the Right" and "Making Mounties". Const. MacDonald was a Scout and Scouter in Windsor, Ontario, and takes a keen interest in all Scouting activities. Guests at the meeting were Gordon Worth and Winston Judson who plan to assist Scoutmaster Don Holden and ASM Lloyd Oakes in this Troop's activities. Rev. J. D. Davison also attended. He is giving a course on The Religion and Life badge for the senior Scouts.

Lieut. Graham Jenkins
Former 1st Class Scout and the holder of many Scout badges obtained here and at Morecombe Bay, Lancs., England, Lieut. Graham Jenkins is still retaining interest in the Scout movement. Although kept extremely busy as 2 I/C. of Signals at Rivers, Manitoba, he found time this summer to organize a Cub Pack for the many youngsters of Navy, Army and Air Force families located at the camp. The Cubs had their first camp which was a great success. Lieut. Jenkins attended the Annual District Council meeting at Brandon, Man., and was appointed to the executive for the coming year. Here is one Scout who is still using his Scout training to advantage. Are you using yours to help leadership on P. E. I.?

Report from your partner in helping Canada grow

EVERY year since the founding of The Bank of Nova Scotia, in 1832, the publication of the Bank's Annual Statement has provided more than a financial picture of the growth of the Bank. It has reflected the growth of Canada. This year again, the facts behind the figures of the balance sheet offer new proof that The Bank of Nova Scotia is your partner in helping Canada grow.

Thousands of Canadians in all walks of life call upon The Bank of Nova Scotia to help with their personal and business affairs. Daily they use the Bank's services to save money, buy money orders, safeguard their valuables, obtain foreign exchange, transfer funds, buy travellers' cheques.

Every day the Bank makes funds available to business... municipalities... farmers and fishermen, lumbermen... manufacturers... for the hundred and one operations that go into making Canada the giant of the North.

The money which hundreds of thousands of Canadians save at The Bank of Nova Scotia goes to work in the form of investments and loans. Much of it goes to help build highways, hospitals, airports, welfare centres and schools; for hydro-electric schemes, scientific research and the development of natural resources. It also helps private industry and commerce to expand—leading to more employment and a higher standard of living.

Then there are the thousands of "little" enterprises that are the backbone of Canada's economy. Loans to all these mean increased production and prosperity. In this way savings become an investment in your own country and work to help Canada grow.
