

Will Asiatic Cholera Follow?

Mr. Joe Howard's theory that, one horror of a similar nature follows another to the number of three, has a chance for confirmation this coming summer if certain predictions prove true. First it was La Grippe: "A whim" the French define it. Second came deaths by scores from its after effects, or from the many atmospheric changes of the past few months. Severe cases of pneumonia, bronchitis, intense catarrh and general loss of strength were the results, until death was almost welcomed as a relief to the sufferers. So that this epidemic and its sequence has proven to be the most terribly realistic "whim" that ever infested this country. And now for number three; the theory is said to be advanced that the cholera is very likely to find fertile soil in the generally debilitated constitutions of our people resulting from the effects of such a winter and spring as has just past. Whether the theory of three will be confirmed in this case or not, remains to be seen. At any rate it behooves every person still affected by any of the complaints due to these climatic changes and epidemics, such as catarrh or bronchial troubles, to look well to themselves and see that every trace of the trouble is removed this present month; before the heat of summer still more debilitates their system. For years we have found that simple old remedy Johnson's Anodyne Lincture, used as directed, to be the most certain remedy for all forms of lingering summer colds, catarrh or bronchial affections, as well as a preventive and cure for all kinds of summer complaints. It is absolutely certain that a remedy that has survived for eighty years as Johnson's Anodyne Lincture has done, must have more than average merit. We suppose there is not a family in this country but what has this good old fashioned remedy in the house. If there is, we advise them to get it at once or write the manufacturers I. S. Johnson & Co., Boston, Mass., for a pamphlet describing its various uses for the last eighty years. Now is the time. Delays are dangerous, and an ounce of prevention is worth many pounds of cure.

MANY prominent men are now being carried off by the ravages of la grippe. When we consider that by using Campbell's Quinine Wine as a preventative we can ward off the attacks of la grippe, we would advise you to purchase a bottle from your druggist.

Dyspepticure—is not a palliative, but a cure; it first relieves, then controls, and finally entirely subdues the irritation and inflammation of the stomach that causes indigestion and dyspepsia.

The Dangers of Spring.

Poets and novelists go into ecstasies over what they romantically call "beautiful spring," and "gentle spring," and while, no doubt, every one is glad to see winter release its icy grasp, "beautiful spring" is, after all, one of the most deadly seasons of the year. Sudden transitions from warmth to extreme cold, with piercing, chilling winds; from dry to sloppy, "muggy" weather, all combine to make the season a most trying one, even to the hardiest constitution, while to those with weak constitutions the season is one of positive danger. Undoubtedly the greatest danger at this season of the year is from cold in the head, which very few escape, and which if not promptly and thoroughly treated, develops into catarrh, with all its disagreeable and loathsome effects. Catarrh, neglected, almost certainly develops into consumption, annually destroying thousands of lives. At this trying season no household should be without a bottle of Nasal Balm. In cases of cold in the head it gives almost instant relief and effects a speedy cure, thus preventing the development of catarrh. Where the latter disease has already secured a hold it is equally efficacious, and with persistent use will cure the worst case. From the outset it sweetens the breath, stops the nauseous droppings into the throat and lungs, dispels those dull headaches that afflict the sufferer from catarrh. Nasal Balm is not advertised as a cure-all—it is an honest remedy which never fails to cure cold in the head or catarrh when the directions are faithfully followed, and thousands throughout the country have reason to bless its discovery. Nasal Balm may be had from all dealers or will be sent post-paid on receipt of price (50 cents, small, or \$1, large size bottle) by addressing Fulford & Co., Brockville, Ont.

Canadian Express Co's. MONEY ORDERS.

ARRANGEMENTS have been completed for selling this Company's Money Orders in Charlottetown.

For convenience, this system does not require writing out an application by purchaser of order.

RATES. The rates charged for these Orders are less than by any other means of making remittances when perfect safety is afforded.

For Security

a Receipt, bearing duplicate number, is given with every Order purchased, so that in the event of delay or any other cause or other failure to reach payee, the amount will be refunded either to remitter or payee on presentation of receipt, thereby avoiding the delay and annoyance incident to the duplication of orders when no receipt is given. CAMPBELL'S QUININE WINE.

INVALUABLE in cases of Loss of Appetite, Weak or Painful Indigestion, Malaria, Languor of Spirits, Fevers of all kinds, and as a general Strengthening of the System when weakened by changes of the season. It is necessary to remember that there are many so called Quinine Wines, but that the GREAT ORIGINAL is "Campbell's," and that the genuine bears our signature upon the label. The best proof of its value is the fact that its sale at the present time is larger than ever before. The following certificate shows how CAMPBELL'S QUININE WINE is appreciated. Having submitted two samples of Quinine Wine, imitations of the genuine, along with a sample of our own, to the Public Analyst, we received the following reply: "CAMPBELL'S is the only genuine Quinine Wine of the three samples examined at Messrs. Kenneth Campbell & Co's. request." JOHN BAKER EDWARDS, Ph. D., F. C. S., Public Analyst. ap21
