Shit!

Here comes Astro Boy

The good guys always win

Unless it's episode continued

Or end of the season

Suspect Suspense puts it in the top five

Episode 1: If a failure you'll never see me again

If I am a hit I'll be around 'till the end of season ten

Or maybe 11, the contract ain't set yet

Pass me the remote I'll make you a little bet

If I can watch a dozen chanel's at once

You'll be my Teevee Sexx Pet

All dogs have fleas,
All giraffes have knees,
Together they walk,
Together they talk,
About different types of cheese.
