

P.C. PRESIDENT HERE

The president of the Progressive Conservative Party of Canada believes that his party will form the next government of Canada.

Speaking at a recent Press Conference held in Charlottetown Don Matthews said that the Conservative Party will undoubtedly win the Federal Election to be held probably in the fall.

Asked whether he felt they would win with a majority Mr. Matthews said: "Yes, there is no doubt about it"

"The attitudes of Trudeau against a steady development of a healthy attitude for Canadian industry has greatly hindered the Canadian economy. The White Paper on Governmental Economy was the last hurrah of the Liberal Party in that it was upsetting for business. It was really a bad show!

The purpose of Mr. Matthews cross Canada trip is "to see the people involved with our party organization and to talk with and encourage people to nominate strong

candidates for the election the dates of which should be announced by Mr. Trudeau within two weeks. Our party is ready to win this election. We are the only party which represents all the people of Canada! And we are the only party which has as their leader a man who is capable of managing the affairs of the state with regards to the Constitution."

"The liberals will have representation from Ontario and Quebec and it will be very small! The Liberals in Ontario are not as enthusiastic about Trudeau as they may have at one time been. We will have more representation in Ontario than the Liberals. Just looking at the recent Cabinet Leaks shows that the Party (Lib.) is coming apart at the seams and when a ship starts to leak, well its not long before it sinks!"

With respect to the P.E.I. Development Plan, Mr. Matthews termed it as a farce in that

all the decisions are being made by Ottawa. A sort of "Ottawa knows all" attitude. "Only Prince Edward Islanders know what is best for P.E.I.; not Ottawa! The Federal Government is just not sincere in helping the designated areas in P.E.I. Stanfield is not like this! He believes that there has to be more involvement of the particular region in order for the plan to be of any assistance to the specific area."

Commenting on the proposed causway building Mr. Matthews said that it has been the party's policy for some time to build the causway and not waste twenty million dollars flummowing the people of P.E.I.!

"If you give Bob Stanfield a shot at the Government of Canada, then he will make it a better place to live. He is the leader of the P.C. Party in Canada; A Party that is united for a united Canada."
