Vacancies for a limited number of new students.  
 Studio hours, 9 a m to 12; 2 p m to 5 p m.

**THE GROWING TIME.**

Sir,—The growing time is on in King's. Our roads and bridges are growing worse. Notwithstanding the good crops for which we thank Providence, the prices of many farm products are growing beautifully less, whilst prices in cordage, hardware and other articles are going up by leaps and bounds. But more embarrassing still than those combined ills, is the rank and rapid growth of a very troublesome weed commonly known as the political aspirant. (Its scientific name is *vanitas presumptionis ambitionis*). Several pronounced specimens have sprung up here, and are now vying with each other for the doubtful honor of carrying the much soiled Grit banner in the next campaign. Doubtless they imagine, "and rightly," that once at Ottawa where the growth of a \$50,000,000 expenditure is such an easy matter, there would be free dipping. But the "immersion that purifies," not a dipping of hands into the treasury, where now there is not even one to lay down on his arms for its protection. It is said of Rembrandt the great painter and miser, that he took the keenest delight in stirring the gold with his hands. Would to God that the Grits would grow in honor and economy, instead of growing in extravagance and corruption, and would like the miser of old, be pleased with a full rather than an empty treasury.

King's Co., Sept. 23, '99.

**OBITUARY.**

The sudden death of Mrs. John Loughran, at Morell, has thrown a deep gloom over the whole community. Though unwell for some time, the unexpected tidings of her demise at home on Saturday, the 9th inst., was a shock to all who knew her and a cause of sincere grief to her many friends. Married but for five years, within six months she follows a husband and child to an early grave. She bore all with christian patience and heroism. To a necessarily sad end the familiar figure of the tall erect woman walking on the road in front of her own home, and giving the last caresses to her only child, added a deeper and a more lasting tinge to the sorrow. She shall be long mourned and sadly missed by her many friends.

Omnipotent the hand that signed  
 The pardon for thy soul's release:  
 Ah, wherefore, then, should grief be lined  
 On Friendship's brow. With thy decease  
 A hope divinely born re-union speaks

**Clifton Notes.**

The harvest which has been an abundant one in this vicinity is nearly all garnered and the sound of the threshing mill is heard in many places.

We had a very pleasant visit from our old friend and townsman, Dr. J. D. McIntyre. He is at present practising in Montague, much to the regret of many friends in Clifton.

Another of King's County's popular merchants too who has honored our locality this week was Mr. George Macdonald, Annandale. He is accompanied by his wife and three children. They are the guests of Mrs. Macdonald's brother-in-law, Thomas Reid, Esq., Campbellton.

The river is dotted with craft of all sizes and shapes, oyster fishing, and we learn some are making quite a good thing this season of this business.

Our cheese factory at Stanley is doing fine work this season with an excellent cheese maker, and a good salesman. We are very proud and satisfied.

**CARPET RAGS.**

**How to Dye Them So That They Will Never Fade.**

To color cotton or wool carpet rags so they will not fade, one should be sure to get the Fast Diamond Dyes. There are some twelve fast and special colors for cotton, while for wool there are about thirty.

It is impossible to get satisfactory colors on both wool and cotton with the same dye, although the makers of some cheap dyes, that are able to make but a few colors, claim their dyes will color both cotton and wool. A trial soon shows by ruined goods the falsity of such claims. Use nothing but Diamond Dyes that have been used in millions of homes for the last twenty years.

The best way to avoid sickness is to keep yourself healthy by taking Hood's Sarsaparilla, the great blood purifier.

**Ch'town Steam Navigation Co LIMITED.**

**HALIFAX, N. S. EXHIBITION.**

F. W. HALES, Secretary

**You Cannot Afford to Experiment When Health is in danger.**

**Paine's Celery Compound Gives Sure and Honest Results.**

**It Makes You Well and Enables You to Stay so.**

When ill health comes and symptoms of disease cause alarm, many consult a physician, who, with the best intentions, prescribes a certain medicine today and something entirely different the following week. This kind of experimenting is quickly carried on for a long time, and at a cost to the patient that is hard to bear.

How vastly different the position of sick people who make use of Paine's Celery Compound, that marvellous prescription of Prof. Edward E. Phelps, M.D.! The first dose of the world-famed medicine inspires an immediate confidence and faith, because the virtues of the medicine produce feelings and sensations that promise health and new life, and the cost to the sick in every case is one-tenth that of the ordinary medical charges.

There is no home in Canada that can afford to be without Paine's Celery Compound, it is within the reach of every class of our people. It gives an honest promise of health, strength and long years to the rheumatic, neuralgic, dyspeptic, nervous sleepless, and those afflicted with blood diseases and kidney and liver troubles. The testimony of thousands in the past shows that Paine's Celery Compound makes people well and enables them to stay so.

Send one dollar and fifty cents to Joy the Oyster King, and he will send you a box containing 450 choice P. E. I. oysters. Address King Joy, Lock Box 252, Charlottetown, P. E. I.

Joy! Joy! It will do your heart good too see those lovely large oysters at the Oyster King's Palace, Great George Street.

DEAR SIRS,—Within the past year I know of three fatty tumors on the head having been removed by the application of MINARD'S LINIMENT without any surgical operation and there is no indication of a return.

CAPT. W. A. PITTS,  
 Clifton, N. B., Gondola Ferry.

("Let the Searchlight of Practice illuminate the dark places of Theory")

A THOROUGHLY Progressive, Practical Institution, in which young men and women are not only taught Bookkeeping (in all its applications to Commerce) both by single and double entry, but are trained how to do business by actual business transactions. The students act as buyers, sellers, traders, bankers, book-keepers and accountants in actual business operations, and the currency issued by the College Bank, and the mids. Issued from the Emporium are used in bona-fide business transactions, just the same as in mercantile and banking houses. Book-keeping in itself may be learned at home, but a knowledge of how to transact business cannot be thus acquired. That our course and system of training is eminently practical write for testimonials from business men and from students who are now holding lucrative and responsible positions.

**SUBJECTS:**

Book-keeping by single and double entry (theoretical and practical) Actual Business Practice, Business Penmanship, Business Correspondence, Commercial Arithmetic, Commercial Law, Railroad, Steamboating, Banking (actual practice in the College Bank), Typewriting, Shorthand, and Navigation.

**FACULTY:**

L. B. Miller, Principal, Teacher of Book-keeping, Arithmetic, Business Practice, Business Correspondence, Typewriting and Navigation.  
 A. C. McMillan, Vice Principal, Teacher of Railroad, Steamboating, Banking, Accounting and Actual Business Practice.  
 J. Harry Williams, teacher of Business Penmanship.  
 Wm. Moran [licensed] Teacher of Shorthand.  
 George S. Enman, Esq., [Law Firm McDonald & Inman] Lecturer on Commercial Law.  
 For circulars or full information write or apply to  
**L. B. MILLER,**  
 Principal

**P. E. Island Railway**  
**TENDERS FOR GRADING**

Sealed tenders addressed to the undersigned and marked on the outside "Tender for Grading" will be received until Monday September 25th, 1899, for the grading and other work required in changing the main line of the Prince Edward Island Railway between Colville and Loyalist, for a distance of about two miles.

Plans, profiles and specification may be seen at the office of the Superintendent of the P. E. Island Railway, at Charlottetown, at the office of the Chief Engineer, at Moncton, N. B., on and after the 5th September, 1899, at which place also forms of tender may be obtained.

Tenders must be made on printed forms supplied.  
 All the conditions of the specification must be complied with.

The Railway Department will not be bound to accept the lowest or any tender.
