CENTRAL GUARDIAN Churchills Starts Trip On Dec. 29

LONDON, Nov. 22 — (Reuters) — Prime Minister Churchill will leave Dec. 29 on his trip to North America where he will visit Washington and Ottawa, it was announced tonight. Churchill and his advisers including Foreign Secretary Anthony Eden, Paymaster-General Lord Cherwell and Lord Ismay, Secretary of State for Commonwealth relations—will be in the U. S. and Canada about two weeks, the announcement said. There has been wide speculation about probable topics of discussion between Churchill and President Truman. Top item on the agenda is expected to be the question of United States air bases in Britain. Churchill is understood to be seeking undertakings that Britain be given more control over the bases.

Close Contests At Fox Fair

A second full day was necessary to complete the judging at the 21st annual Live Fox Show which saw the champions decided in all classes. Repeating the first day, the placing was very close, with the winners being evenly divided and no one entry dominating. Two all-wool blankets have been donated by the Hudson's Bay Company, and it was decided by the competitors to award one each to the aggregate point winners in the fox and mink classes. The winner of the fox section will be awarded his blanket today, as it was felt that an accurate check of the points should be made overnight. A matter of only a few points separate the leading three or four exhibitors. Late in the afternoon the whole building was a hive of activity, the animals of one section hardly off the table before the next class was in position for judging, as the exhibitors raced against the clock in order to give Judge George A. Callbeck as much time as possible to make his decisions. Artificial light disturbs the coloring of the fur, therefore the judging must be conducted in daylight.

Members Elected In Ontario

By The Canadian Press Following is the Canadian Press list by parties of members elected in Ontario: (X-member of last legislature) Progressive Conservative Elgin—X-F. S. Thomas, unchanged. Would Use Loan To Aid U. K. Immigration

OTTAWA, Nov. 22—(CP)—A C. C. F. member suggested in the Commons today that part of the \$229,800,000 balance on a 1942 Canadian loan to Britain be used to help British immigrants settle in Canada. Percy Wright (CCF-Melfort) urged that advances be made from the fund to enable Britons now tightly restricted on the amount they can take out of the United Kingdom, to get established on farms or in small businesses. Mr. Wright, speaking at the House gave final reading to a bill to allow the loan to go interest-free until Jan. 1, 1954, said the amounts Britons can take out of the country now are not enough to finance small plants or shops. Quite often, he said, a British settler will settle elsewhere, like in Australia, because he can get a better deal on the money he can take with him. James Sinclair, parliamentary assistant to Finance Minister Abbott, told the House the \$229,800,000 is the amount outstanding from a \$700,000,000 loan made by Canada to the U. K. when she was in need of dollars to finance the war. Mr. Sinclair said that as Britain sold holdings of Canadian securities, the funds were applied to reduce the loan. The arrangement for application of funds obtained from such sales will continue, but it already has been agreed that where British firms want to reinvest this money in new capital ventures in Canada, the government will allow this step to be taken instead of the money being applied to the 1942 loan.

Grand Chancellor Visits Local Knights Of Pythias Lodge

Pythians of Charlottetown and vicinity were favored last evening by an official visitation from Grand Chancellor Dan Morrison, Ironside Lodge, Glace Bay. Grand Chancellor Morrison, in addressing members, gave an inspiring message, expressing faith in the principles of Faith, Charity and Benevolence as set forth in the ritualistic work of the Order. Many of the members present spoke in support of the thesis developed by Brother Morrison. A delightful luncheon was served by members of the Pythian Sisters. ROME, Nov. 21—(AP)—Japan and Argentina were admitted to the United Nations Food and Agriculture Organization at its conference here today.

Pupils Stay Away From St. John School

SAINT JOHN, N. B., Nov. 22—(CP)—Only 71 of the 251 grades one to four pupils of Victoria School here were at their desks today. Sparked by the Home and School Association, parents of the others kept them at home to protest the condition of the school. The 74-year-old brick building has been condemned for several years because of fire hazards "which it is not economically feasible to remove." The two top floors have been abandoned and the city building inspector says the school is "just worn out." The association called the strike in an attempt to speed action by the board of school trustees, which has been seeking a site for a new school for several years.

Says Too Much Talk About Communism

MONTREAL, Nov. 22 — (CP) — Msgr. Paul-Emile Leger, Roman Catholic Archbishop of Montreal, thinks people "talk too much about Communism." "Newspapers are full of it, radio is jammed with it to a point where Christian people fear it like the plague," he said in an address last night to a gathering of Knights of Columbus. "Actually, there is nothing to fear. Marxism is only a man's idea of a method which will make men greater than his forefathers and even more perfect than mankind today. There is nothing new about this idea. The Church has had to combat such idealism for centuries." Msgr. Leger said the Church's worst enemy at present is materialism and man's false conception of his inevitable destination.

Rural Beautification

Col. Johnstone stated that despite advances made "we are still a long way from our objective of beautifying every rural home in the Province." He told of how those who entered the Society's contests were having an effect on their neighbors to the extent that many who did not enter were still making efforts to improve their homes, other buildings and lands. The approximately 50 guests present were asked to stand as they were introduced by Mr. Bramwell Chandler, secretary-treasurer of the Society, and they were extended a welcome by Col. Johnstone. Hon. Mr. Baker spoke briefly and said he thought the only possible criticism of the excellent plans of the Society was that too much attention may be given to the outside of the homes and not enough to the inside. He suggested changes which might lighten the work of the women might persuade many girls to stay home and marry a farmer instead of going to the towns to be a stenographer. At the conclusion of the dinner colored slides showing the famous garden of Mrs. Gordon MacMillan, Cornwall, were flashed on the screen by Mr. J. K. Martin of the National Film Board, while Mrs. MacMillan named the flowers and told the audience special features of each.

Business Session

The business session brought out a large number of excellent suggestions from members of the executive as to future programs the Rural Beautification Society should follow. It was noted with regret that of late years there had been a distinct drop in the number of entries for the contest in the school improvement class. It was felt that perhaps the schools might be included in the Community Improvement class. Considerable discussion also centered around the lack of care of cemeteries, especially those holding the graves of pioneers. Mr. Walter Shaw suggested that perhaps it might be well to make a new class to cover improvements in them. There was also a drop in the total number of entries this year, with 121 in all classes competing. However, it was pointed out that in the past six years there had been over 1,000 entries in the homes, schools and halls. Consideration was given at the meeting to Mr. Baker's suggestion relative inside improvements and the new executive will further discuss it. There was a feeling that installation of bathrooms and running water certainly should count for something in considering improvements to homes. There was talk about the adors, visibility of planting trees along the roadsides. Of late years too many, it was said, have been cut down and the countryside is being denuded of one of its most attractive sights from the tourist point of view.

Highway Improvement

What was considered an excellent suggestion was that there might be a special competition entirely independent of other classes to permit the selection each year of one section of tourist travelled roads and offer a prize for the greatest improvement in a home on that section. It would be possible to speed up the beautification of farm places on main tourist routes. The need for improvement in community halls was also thoroughly discussed with the opinion expressed that more attention should be paid to having proper stoves and better stages. It was also discussed that perhaps there was too much attention given now to the awarding of trophies whereas if good cash prizes were awarded there might be a greater incentive for groups such as the Women's Institutes to take a more active part in community projects. Other items briefly mentioned were the lack of really attractive post cards as a tourist attraction. Those on sale now is what was felt are of the stereotyped kind. It was also mentioned as a possibility of restoring interest in school improvement that that competition be placed on a Provincial basis rather than a county one. In this way it was thought better prizes could then be given.

Entire Cabinet Re-elected

Premier Frost, who campaigned on a promise of continued good government, carried his entire 18-man cabinet back into office with him. He was leading an election battle for the first time, having taken over as party leader when George Drew entered the Federal field. In a broadcast expressing his thanks to the people of Ontario, the Premier said he looked upon his victory with a "feeling of great humility." "We're the Opposition and I'm still leader of the Liberal Party. Sure, I'm still smiling, but there will always be another day." Mr. Joffe could not be reached immediately for comment on the result. Weather Dull For most of the day in most of the province, the weather was dull with a threat of rain or snow. But temperatures generally were moderate—except north of Lake Superior where cold weather was reported. Standing of the 23rd Legislature at dissolution: Progressive Conservatives 53; C.C.F. 21; Liberal 14 (including one Liberal-Labor); Labor-Progressive (Communist) 2—Total 90. A total of 271 candidates was in the running. The Progressive Conservative and Liberal Parties contested every constituency. The C.C.F. had candidates in 77. The Labor-Progressive Party sought six seats and a smattering of minor-party representatives and independents completed the field.

Photos Received Of Platinum Cape

Photographs showing front, back and side views of the pearl platinum fox cape presented by the Prince Edward Island Government to Her Royal Highness, Princess Elizabeth, were received yesterday by John C. Molony of the Hudson's Bay Company, who will be judging the mink classes at the 4th annual Mink Show at the Fox Pavilion today. Mr. Molony said that the pictures will be distributed throughout the United States, and will appear in the leading magazines of that country. The last edition of Foreign Trade, the official organ of the Canadian Department of Trade and Commerce, carried one of the photographs on the front cover, and in addition, Morgan's store in Montreal are showing an indirectly lighted wall panel on which are mounted the three pictures enlarged and colored. Barbara Hutton Divorces Prince

PARIS, Nov. 22 — (AP) — Barbara Hutton has obtained a Paris divorce from Prince Igor Troubetzkoy, her fourth husband. It was learned today. Judge Jean Ausset awarded the divorce Oct. 21 on the grounds the Lithuanian Prince had abandoned the time being, one of the world's richest women. Abandonment is a routine charge for a friendly divorce in France.

Club Meeting

The Centennial Y's Men's Club held their regular weekly meeting at the Y. M. C. A. Wednesday night. Forty-seven members were present with the president, George MacDougall, chairman. A lively sing-song was led by Lorimer Cudmore with Mrs. Goodwin as pianist. After the reading of the minutes by secretary Fred Norton, and regular business disposed of, Mr. Fred Gamble, V-Secretary, delighted the members with the showing of three films. The meeting unanimously adopted the proposal to sponsor the Y. M. C. A. basketball team in the City League this coming winter. Other projects were discussed and held over until the next meeting. The meeting adjourned with the singing of God Save The King.

Attended Welfare Meetings

Mr. T. Roy Cudmore has returned from attending meetings in Saint John, of regional advisory committee members, council members and agency representatives in the Atlantic Provinces of the Canadian Welfare Council. Of chief interest, Mr. Cudmore reports, was the exchange of views with regard to the operations and effectiveness of the Council, the principal functions of which are consultation and technical services to local agencies and communities, national planning with reference to social problems, etc., public education and interpretation of welfare needs and services, also research and statistics. Mr. Cudmore attended meetings as a regional adviser for this Province.

Personal

Mr. Joseph Gallant formerly of St. Charles was an interested visitor to the Fox-Mink show in Charlottetown. Mrs. Bertha Fisher, Peakes and Mrs. Emma Jay, Mt. Stewart, arrived home Monday by plane from Boston where they have been visiting relatives and friends. William S. Hughes of this city left yesterday for Halifax for final documentation at Number 1 Personnel Depot prior to entering the Army.

Keenly Contested Fox Show In N. S.

METHEGAN, N. S., Nov. 22 — (CP) — Douglas Bell of Carleton, P. E. I., judge at the annual Nova Scotia fox show here, today selected the grand championship prize to owner Frank Mayne of Westchester, Cumberland County. It was one of the most keenly contested exhibitions on record.

Tough On Santa

MEDICINE HAT, Alta. — (CP) — Like fire departments in most Canadian communities, firemen here now are busy fixing donated and broken toys for Christmas distribution. But Santa's local helpers complain many of the toys they are getting are "broken beyond repair".

More Cheer

MOOSE JAW, Sask. — (CP) — Recipients of social aid here will receive a special Christmas allowance of \$3 from the city this year, an increase of 50 cents over the amount of Christmas cheer last year.
