Annual Christmas Seal Campaign

Prince Edward Island Tuberculosis League

Dear Friend:

Your purchase of the enclosed Christmas Seals will help us continue our work of preventing tuberculosis in Prince Edward Island. Please use them on all your Christmas mail.

The core of tuberculosis prevention is finding cases early and having them treated promptly. The unknown case is the most dangerous. Without the germ, tuberculosis does not exist. "No home is safe until all homes are safe."

We send you two sheets of seals, hoping for a contribution of \$2.00. But no gift is too small and certainly none too large to be appreciated.

Sincerely yours,

H. T. Holman
President
