

## Aberton Donors Facing Challenge

ALBERTON — The 15th Red Cross blood donor clinic to be held in Alberton during peacetime is scheduled for Wednesday evening, June 4th, at 8 p.m. concluding at 10 p.m.

The number of donors has varied from year to year with 1957 being the peak year. On this occasion there was presented to the community a certificate, the wording of which speaks for itself: "Awarded to citizens of Alberton and vicinity under leadership of the blood donor service and for exceeding the quota set for the clinic held June 4, 1957."

This record of seven years ago stands as a challenge to the citizens of Alberton and surrounding districts. This year's objective is 125 donors.

Again the clinic is under sponsorship of Alberton branch of the Royal Canadian Legion with Fred Hastings as chairman. Mr. Hastings is making an effort to canvass the rural districts while Leo and Larry McDonald will canvass in town. Whether or not those who can donate blood are canvassed it is hoped that each one will make a serious and determined effort to attend the clinic. Anyone desiring transportation is asked to contact the chairman or any other member of the Legion.

## REGISTRATION BEGINS FOR CANADIAN CLUBS

Registration for the annual meeting of the Association of Canadian Clubs being held three days this week at the

Charlottetown Hotel began early last night and preparations for the many more who are expected to arrive today.

Shown above from the left, Daphne Armstrong and July Garthum look after the needs of Mrs. E.B. Johnstone, Hud-

son, Quebec, as she registers. She is a member of the Hudson's Women's Canadian Club.

## 170 Ont. Dairy Heifers Bought For Island Use

Livestock Director L. W. Roper has purchased 170 dairy heifers in Ontario and they are expected to reach this province this evening, he told the Guardian late last night on his arrival home.

Of the number 148 are Holsteins, 70 per cent of them pure bred, all of the 10 Ayrshires are pure bred and eight of the 12 Guernseys. The animals are purchased for dairy farmers from O'Leary to Campbell's Cove. The heifers are carrying calves and several of them may have freshened in the car on the way to the island, he said.

Biggest single buyer is J. P. Vos whose address is Breadstone RR. He is taking 100 of the animals. Some 40 animals were purchased in the Woodstock area, another 40 in the Brockton region which is home of Barrie, and others were purchased in scattered localities.

"It was the most interesting buying trip I've ever on," Mr. Roper said last night as "there was terrific competition from the United States and also from Argentina."

"The Americans have not been

## SHEDIAC LIONS ARRIVE WITH BANG

International Lions Multiple District 41. This lioness limousine was piloted over with gaudy salutations and mottoes, proclaiming a favor for George

Cornier, centre, as district governor. Perhaps the main reason for the contraption, as he is for the governorship advertising campaign. In

Adrian Surette, at right, also from Shediac. International Councilor Eric Festome of Kensington is on hand with a hand for the newcomers.

ted had been expected to bring it up to 40 per cent of their milk requirements this year from Nova Scotia, prior to the importation of additional dairy cattle. (Milk from Nova Scotia is brought into the province in huge tank trucks. Their requirements will now be reduced partly by reason of the additional milk production represented in the importations, or at least by the percentage of additional production that will go to their plant.

## Centennial Com. Finalizes Plans For August 8

CARDIGAN — At a Centennial Committee meeting held in the Cardigan School recently a time schedule of events to take place on August 8th was drawn up.

The morning events begin at 9 a.m. with the soap box derby to be run on Sigsworth's Hill to the north end of the causeway. This will be followed by the bicycle races, at 1:30 commencing at the entrance to the sports field and travelling north to Quinn's Corner, then west to St. Peter's Road, south to the Launceston and return to the starting point. From 10:30 to noon the 20, 50, 100 and 200 yard races for boys and girls will take place.

During the afternoon the parade will be held in the parade ground, where the event will be officially opened at 2:30. At this time the event for the smaller children will be run along with several ladies races and the jumping events and novelty races planned.

It was also expected that a tug-of-war team will issue a challenge to a team from a neighboring town, and this event will be held in the evening.

The subject of the Sky Divers was also brought up, and it was decided not to accept their offer to have a contest, where they had already engaged them and it would not prove a big attraction.

## CANADIAN

(Continued from page 1) some sort of action in their own communities, with the choice of either a big parade or a picnic.

The association has a former chairman with the Canadian National Council, the national voluntary organization for promotion of the 1907 birthday celebration.

At St. John's Hospital, Mr. and Mrs. Alfred Egan, 208 Dundas Street, where the funeral will be held Tuesday morning at 8:15. Burial in the Catholic Cemetery.

At the Prince Edward Island Hospital, May 31, 1964, Mrs. Priscilla Gallant, formerly of Glasgow, Scotland, in her 74th year. Funeral notice later.

## Supply Of Blood Types Dangerous Low

An urgent message received last night by P.E.I. Red Cross from Robert A. Whyte, director of donor panels at the Red Cross blood transfusion depot in Halifax, N.S., stated that the supply of O RH Negative blood is in the areas in which clinics are to be held this week had fallen to a dangerously low level.

It is given in emergencies without cross-matching and thus is essential for transfusion to other types of blood. Mr. Whyte stated that serious accidents which occurred recently had contributed to the heavy demand for this type of blood which is also the type required for replacement transfusions of the new born.

Mr. A. S. Jones, provincial chairman of the Red Cross blood donor committee, stated last night that all O RH Negative donors who had given at previous clinics conducted in the area in which clinics are to be held this week had been written special letters asking them to try to attend the clinic nearest them.

## Pressure Is Seen Mounting For National Vote On Flag

By JAMES NELSON OTTAWA (CP) — Pressure is mounting on the government to hold a national referendum or plebiscite on the adoption of a new Canadian flag.

Some observers see the pressure becoming so intense that it may have to be settled by a new general election.

Prime Minister Pearson is expected to announce today or Tuesday a date for opening formal debate in the Commons on a resolution authorizing the government to take whatever steps are needed to adopt the maple leaf flag as Canada's national flag.

Legal authorities draw a subtle distinction between a referendum and a plebiscite. Canada has had experience with both in the last quarter-century.

In 1942, Parliament passed the Dominion Plebiscite Act, which authorized a vote of the people on the question of whether the then government of Mackenzie King should be released from any of its past commitments "restricting the approval of a specific proposal for building and financing local improvements."

In federal jurisdiction, referendums are provided for in the Canada Temperance Act, under which votes are taken in specific areas to determine whether the localities want the federal law to apply by so-called "local option," or whether provincial liquor laws will prevail.

ing a plebiscite or referendum on the flag issue have any said in detail how they want the question put to the people.

A referendum on the issue might be worded "Are you in favor of a distinctive Canadian flag for Canada?" A "Yes" or "No" vote to such a question would not bind the government to act on the outcome—much less to act in any specific way.
