

MISERY IN A HOSPITAL.

Rheumatism Made Life a Burden—South American Rheumatic Cure Lifted It—A Perfect Cure.
The life of John E. Smith, of Amasa Wood Hospital, St. Thomas, was one long round of misery. He was so afflicted with rheumatism. He tried all manner of cures without much benefit. After having taken half a bottle of South American Rheumatic Cure he found great relief, and four bottles cured him permanently. For sale by Dr. S. W. Dodd and Geo E. Hughes.

FUNERAL NOTICE.—The funeral of the late Elizabeth Essory will leave the house tomorrow afternoon at 2.15 for St. Paul's Church, thence by train to Sherwood Cemetery.

FROM THE CHILDREN.—As the net result of the appeal to the children of the Island for an offering from them to the children's ward in the New Hospital \$204.08 have been obtained and will be expended solely for that ward.

PATRIOTIC MEETING.—Remember the patriotic meeting tonight in the Council Chamber, City Hall. Citizens of this city should remember that they are citizens of the British Empire and ought to show their practical patriotism. Tonight at 8 o'clock.

HOCKEY at the rink tonight. Come everybody and see the hottest games witnessed in the rink this season. First and Second Abbies, First and Second Vics. The fate of both trophies will come very close to being decided tonight, so look out for hot work. Admission 15 cents, reserved seats 25.

CANADIAN RED CROSS.—It is stated that since the outbreak of the war in Africa the Canadian Red Cross Society has received cash subscriptions of \$9,683, and supplies valued at \$674. The Society has sent \$3,651 to the British Red Cross, \$1,068 to Colonel Otter for sick and wounded Canadians and \$2,445 to South Africa with Dr. Ryerson, the Canadian commissioner. The supplies sent out cost \$1,286, and there is a balance of over \$1,031 in the bank. In addition to these sums, some \$8,000 have been sent for the comfort of the troops to the commanding officers of the Canadian regiment by the Women's Branch with thousands of dollars worth of supplies.

The biggest bargain in sheeting ever offered in this city, 3000 yards in from 1 to 10 yd lengths, 72 in wide, at 16 to 18c per yard, you generally pay 28c for the same quality.—Prowse Bros.

P. E. I. HOSPITAL.—The pound and linen party in the Y. M. C. A. hall yesterday afternoon and evening was most successful. Offerings of various kinds, the value of which is thought to be between \$400 and \$500, were received, and will be packed and forwarded to the new hospital. In the evening a choice musical and literary programme was disposed of. A resolution was passed thanking the donors for their generous contributions, a list of which will be published. On behalf of the medical faculty Dr. Taylor (who presided, returned thanks to the Ladies Aid Society for their excellent party, and to Miss Tynan, the matron of the hospital, whose work was highly spoken of. The party, it may be said in conclusion, was in aid of the new Prince Edward Island Hospital.

Scorching in Business.
The bicyclist is not the only man who scorches. There are business-scorchers, professional scorchers, farmer-scorchers, mechanic-scorchers and laborer-scorchers. The man who overworks, who scorches, no matter what his occupation, and at the same time neglects his health, will sooner or later pay a penalty in sickness and possibly premature death.

If a man will always watch his health and correct minor irregularities by a resort to the right remedy, he may do a reasonable amount of scorching without serious results. Nearly all serious maladies are the result of imperfect nutrition. Imperfect nutrition is just another name for starvation. A man may eat voraciously and still starve. He may put on an eighth of a ton of sickly flabby flesh and have a big, corpulent stomach, and still be starving. He may scorch until he goes to the opposite extreme and gets thin as a rail, and he is still starving. The trouble lies in the fact that no matter how much food is taken it is not properly assimilated. The blood does not receive the life-giving elements of the food that build firm, healthy flesh, solid muscle and vibrant nerve fibers. Dr. Pierce's Golden Medical Discovery makes the assimilation perfect. It makes solid, healthy flesh, without raising the weight above Nature's normal. At all medicine stores.

E. M. Seavolt, of No. 427 Sandusky St., Mount Vernon, Knox Co., Ohio, writes: "I can heartily recommend your 'Golden Medical Discovery' to anyone who is troubled with indigestion and torpid liver. I was that bad it was about chronic with me. All the other medicines could give me no relief; but at last, what came to my relief was that wonderful medicine the 'Golden Medical Discovery.' I could scarcely eat anything—it would put me in terrible distress in my stomach; I had a dull aching and grinding pain in my stomach with pain in my right side and back, and headache, bad taste in my mouth; at night I was feverish and the soles of my feet burned. I took four bottles of the 'Discovery' and two vials of the 'Pellets.' I am well and hearty and feel as well as any body can,—thanks to your 'Discovery.'"

NOTICE

MAYOR'S OFFICE,
Charlottetown, Feb'y 2nd, 1900
Public notice is hereby given that a meeting of the ratepayers of this city will be held on Monday the 5th inst., in the Market Hall, at 8 o'clock, p. m., to consider civic matters, previous to holding the City Elections.

Mayor.

Local and Other Items.

L. O. B. A.—Regular meeting of Lady Wallace Lodge, No. 27, will be held this evening at 7.30, sharp. A full attendance is requested.

LADIES AID.—The Ladies Aid of the P. E. I. Hospital desire to thank those who so kindly assisted at the concert in the Y. M. C. A. last evening.

C. M. B. A.—At the semi-annual meeting of the Grand Council of the Catholic Mutual Benefit Association, held in Montreal a few days ago, it was decided to discontinue the employment of paid organizers and to substitute a bonus of \$3 on the initiation of a new member to the member who induces him to join.

LOOK OUT FOR THIS.—Lots of things going on now-a-days to occupy one's attention. But there is one date which everyone should make a note of, and keep clear of appointments. Thursday, February the 22nd a grand patriotic concert is to be held in the Opera House in aid of the Red Cross Society. Enough said.

HE WAS HONEST.—Frank Harper, of C. Harper & Co., Bayfield, says that the late M. C. Chappell, who recently died in South Africa, was employed in their store before he came to Sackville. Of the young man, Mr. Harper says he was a good fellow and honest to a cent. When he came to Sackville he owed Mr. Harper a small bill and in a letter he mailed from South Africa a few days before his death he enclosed the amount. He wrote that he was in good health, and expected to be in action very soon.—Sackville Post.

CIVIC ELECTION.—The following from a Nova Scotia exchange is, in view of our approaching civic election, particularly applicable to the canvassing now going on in Ward Five:

Canvass to right of us,
Canvass to left of us,
Canvass, all sides of us
Volleys and thunders.
Ours not to reason why,
Ours not to make reply,
Ours just to promise, aye,
And make no blunders.

The important point for electors is to make no blunders.

ASTER THE CITY.—Mrs. Catherine Smith has filed suit against the city of Columbus, Kansas, for \$15,000 for damages sustained by the habitual drunkenness of her husband, which she alleges is due to the fact that the city permitted saloons to be run in violation of the law. The proprietors of all the drinking places in the town and the owners of the buildings in which they are located are made party defendants. Naturally the affair attracts great attention. One opinion is that Mrs. Smith cannot possibly win her suit, but others contend that if the city is not responsible for the condition of Mr. Smith the many laws restricting the sale of liquor are meaningless.

HOCKEY.—Don't fail to attend the rink tonight and witness two of the hottest games of the season. The 1st Victorias will fight hard to recapture their laurels, and the 2nd Abbies are determined to make the hardest efforts to win. A slight reconstruction has taken place in the A. C. A. The Victorias have also undergone change. They will line out as follows:

FIRST TEAM.
Goal—F. Woods.
Point—R. Smith.
Cover Point—H. Sprague.
Forwards—H. Brehaut, W. Brehaut, W. Pickard, W. Worth.

SECOND TEAM.
Goal—J. Gandet.
Point—J. Collings.
Cover Point—E. Davy.
Forwards—W. McLean, H. Weeks, E. Maben, W. F. Collings.

Grant & Co. will be found in Lepage's old stand, Queen street, where they will carry on a general farm implement business, and will offer for sale the celebrated Deering harvesting machinery and binder twine. McLaughlin carriages, farm seeds and produce.

A CANADIAN SOLDIER'S GRAVE.—Wednesday's Halifax Herald contains a cut of the grave of Menrose Chappell who died at Belmont of fever. He belonged to Company "G," New Brunswick section. The inscription shows clear, and was painted by Alfred Biggs, one of the Islanders.

GRACE CHURCH.—There was a large audience in Grace Church last evening to hear Rev. Mr. Goldsmith's lecture on "Chinese Gordon." The lecture was exceedingly interesting, and was followed with the closest attention. It was illustrated by thirty or forty views. Then Dr. Ayers moved a vote of thanks, seconded by Mr. A. Dows.

A STORY OF THE QUEEN.—Queen Victoria learned in a curious way that she was to be Queen of England. Six years before her accession—when she was twelve—her mother inserted in her history book a genealogical table tracing the descent of the rulers of this country from the time of William I., and on reading through this she saw her own name placed as the next occupant of the throne.

SONS OF TEMPERANCE.—The quarterly session of the Grand Lodge was held on Wednesday. The various reports showed a general improvement in the order. A committee was appointed to look into the matter of the establishment of a library for the order. The meeting in the evening was well attended, and an interesting programme was disposed of.

STRATHCONA'S HORSE.—There will not be any chaplains or nurses with the Strathcona Horse. Only one medical officer will be required. The list of officers and the number of men to be taken at each recruiting station have been arranged by the militia department. The only thing necessary before making them public is to get the sanction of Lord Strathcona.

BRIDGING THE HUDSON.—The project of bridging the Hudson River between New York and New Jersey seems about to be actually undertaken. The time when those who have undertaken to raise the \$60,000,000 which the bridge and its approaches will cost can enter into contracts for construction, is said now to depend only upon a satisfactory arrangement being made between the projectors of the bridge and the commissioners of the sinking fund, regarding the location of one of the approaches and the fixing of terms upon which the franchise for this approach is to be granted.

FLASH LIGHT MESSAGE
From KIMBERLEY TO MODDER RIVER
"Send 10 Cases BOVRIL"

In the "MONTREAL STAR" of January fifteenth a letter from Lieut. Charles J. Armstrong, was published in which he wrote: "There were 4 signalers of the Shorpsshire Regiment on duty there, and about eleven o'clock we were able to read some of the signals sent from Kimberley to Modder River by search light, some of the words I could 'make out myself. One sentence was 'Send ten cases Bovril'"
