THE GREAT INVIGORATING TONIC,

CAMPBELL'S QUININE WINE.

INVALUABLE in cases of Loss of Appetite, Weak or Painful Indigestion, Malaria, Lowness of Spirits, Fevers of all kinds, and as a general Strengthener of the System when weakened by changes of the season.

It is necessary to remember that there are many so-called Quinine Wines, but that the GREAT ORIGINAL is "Campbell's," and that the genuine bears our signature upon the label. The best proof of its value is the fact that its sale at the present time is larger than ever before.

The following certificate shows how CAMPBELL'S QUININE WINE is appreciated. Having submitted two samples of Quinine Wine, imitations of the genuine, along with a sample of our own, to the Public Analyst, we received the following reply:

"'CAMPBELL'S' is the only genuine Quinine Wine of the three samples examined at Messrs. Kenneth Campbell & Co's. request."

Beyond a Doubt

THERE IS NOTHING that interests the average man as much as the price he pays for his Clothing—unless it is the price he pays for his Wife's Clothing. We don't deal in the latter. In the former we have an assortment that for General Excellence and Low Prices has absolutely no equal in the city. We do not claim to be the Cheapest Clothier, but we claim to give the Best Value.

Our READY-MADE CLOTHING is manufactured on the premises by competent workmen, and of good material. No shoddy. No moss-back cloths. We can give you a solid ALL-WOOL TWEED SUIT for $7.25. It pays to deal with

LETTERS TO THE EDITOR.

That Chinaman.

SIR,—A few days ago we noticed on the street a Chinaman who, THE EXAMINER said, had come for the purpose of starting a laundry. If this be true, is it not the right time for the citizens of Charlottetown to say, in emphatic terms, whether they need any of these people or not? Will you just listen a moment to what I have to say? I know considerable of this class of people, and in every case their presence in a community is undesirable. We have now a Steam Laundry, run by one of our own citizens, which turns out good work, employs a number of hands, pays good wages, and, we understand, contributes nearly $75 a year for water and taxes into the city treasury. We have scores of honest women and girls who make a livelihood in the business, all of whom spend their money here and live as civilized citizens

Now what are the facts, if this Chinaman is allowed to come among us. Do not be alarmed. Encourage this man, and inside of one month you will have a dozen of them. What will they do? Simply what they do elsewhere, viz., do the work from which many of our girls now derive their living. What else? They will not buy anything from you, except, perhaps, a little rice. They will, as soon as they have gathered up enough money, which should properly go to our own people and be spent among our own people, carry it away home again.

Some will say, perhaps, that the world is wide and free, and we should give him a chance. I admit all this, but do you consider that by giving these people a chance you are depriving some of your own people of a chance, and who has the most claim on your generosity?—a man from a nation of corruption or your own neighbor? Does the society of Charlottetown need any of this element? Will our people gain anything by their presence among us?

Now what is the remedy? A very simple one. If you say you do not want these men, all you have to do is simply to say so—and say so now. And when the washy shop opens up, John will take the hint that he is not wanted when no work comes in, and will soon *walker*.

Fishery Bulletin.

(Fisheries Intelligence Bureau Report.)

HALIFAX, July 4.—The codfishery did fairly to-day at the fishing ports along the southern coast of Quebec, good at Shippegan, N. B., and very well at Miminigash. On the northern shore of P. E. Island, at Malpeque, the catch was fair. On the Cape Breton coast fair hauls were made at Port Hood and Arichat, and at the former place fair hauls of hake and haddock as well. At Canso the catch is reported good. At Port Medway it is very good, and fair at Liverpool and Lockeport. The mackerel fishery is reported fair in the vicinity of Miminigash, and a few are being taken all the way around the coast at Alberton. In Cape Breton it is fair at Port Hood, St. Ann's, Arichat and St. Peter's. In Nova Scotia the only good catch reported was at Lunenburg. There are good indications all along the coast in that locality. Herring are reported fair at Perce and Newport Point, Quebec, and at Port Hood, St Anns and St Peters, C B. Some fat ones are reported in the nets at Canso, and the catch was good at Lunenburg, fair at Lockport and Liverpool. The lobster factories at Fox Bay, Anticosti and Shippegan, N B, are repairing their traps and preparing for work again.

Personal.

The Prince of Wales' life is insured for $800,000.

Premier Mercier will sail from Liverpool on July 16.

Rev. B. F. Keefer, the great temperance lecturer, is again visiting Prince Edward Island.

Mrs. Alexander McKenzie, wife of the ex-Premier, had a valuable gold watch and ear-rings stolen from her rooms in Ottawa a few nights ago.

The daughter of the Duke and Duchess of Fife was christened a few days ago with water brought from the river Jordan. The child is named, by command of the Queen, Lady Alexandra Victoria Duff.

Hon. Joseph Shehyn, of Quepec, has been appointed a Commander of the Order of St Gregory the Great by the Holy Father. This is the same order which was first conferred upon Mercier.

The Queen has conferred a peerage upon Lady Macdonald, who is now Baroness Macdonald of Earnscliffe.

The Montreal Gazette refers to the recent debate on the Northumberland Straits tunnel, and says: Mr. McLean, of King's, Prince Edward Island, one of the two Conservative members from the Island, made his maiden speech. Mr. McLean is a forcible and convincing speaker, contrasting admirably in this respect with the liberal members from the Island province, who do not possess as eloquent powers of speech as they do possess the the faculty of occupying the time of Parliament.

The official London Gazette announces that Sir William Gordon Cumming's name has been struck off the list of deputy lieutenants of Elgin County, Scotland.

An English military journal expresses sympathy with the Duke of Cambridge on account of the strain put upon him caused by his having to attend so many dinners. Verily, the lot of a commander-in-chief of the British army is not an easy one, but it is feared he will receive but scant sympathy in this particular trouble, because some people who keep enquiring into things says that the forces under his control suffer because the privates thereof do not get enough, or enough at, their dinners. A hungry army and an overfed chief is a combination calculated to bring a smile to the face of some continental commanders.

Tennis Tournament.

The tournament (mixed doubles) played on Wednesday afternoon was a very keen contest between seven pairs of players who entered, and resulted in Miss Maude Ball and Mr. H. V. Palmer carrying off the palms of victory. After drawing for partners, play began at 4 o'clock, and was continued with great interest until after 6 We noticed a marked *improvement* in the play of some of the ladies since the last tournament, especially among those who have hitherto doubted their own capabilities.

The Charlottetown Tennis Club is to be congratulated on the beautiful grounds. There is hardly a more beautiful spot in the Dominion, than the site of the tennis courts at Victoria Park. The following is the score list of the tournament:

King's County Rifle Association.

The annual competition of the above Association was held on the Georgetown Rifle Range on Thursday the 2nd inst. This meeting was largely attended, there being representatives from the three King's Co. batteries. The Souris men, who appeared in uniform, and who presented a very soldierly appearance, were received with cheers, this being the first time that they took part in the competitions of the Associations. We are pleased to find their names on the prize list, though they fired under many disadvantages, the chief of them being that of having no previous practice on the range. They day was unfavorable for making high scores—a fishtail wind blowing across the range during the whole day. Following is the prize list:—
