

Dismantling Of Dwelling Houses Gets Underway

A demolition crew of the County Construction Company began yesterday to dismantle the dwelling houses in the area to be occupied by the new Federal Building fronting on Queen Street and extending through to Pownall Street.

The doors, windows and interior equipment of the houses which are of such a nature as to be used again, are being removed carefully but later when the walls section are to be dealt with, the job will be speeded up by the addition of more men. James O'Rourke is foreman of the job which is expected to be carried out without interruption until completed.

To Visit City

Mr. Richard MacDonald (above), of Ottawa, Director of the Dominion Drama Festival Association, who has recently returned from a tour of theatrical centres in England and France, will arrive in Charlottetown on Monday, October 11.

Mr. MacDonald tours Canada each year, meeting amateur theatrical groups and discussing their aims and objects, and also their problems, with them.

During his visit to Charlottetown, and later to Summerside, it is expected that Mr. MacDonald will have more suggestions than ever to offer because of his recent tour of Europe. While abroad he talked with as many amateur groups as possible seeking methods of organization and play production in Canada.

He also met and talked with many well-known figures in the professional theatre in his search for future adjudicators for the Dominion Drama Festival.

Mr. MacDonald is scheduled to address a public meeting on Wednesday evening, speaking to all those interested in the Regional Festival of the D.D.F., to be held here in January.

At least two entries are anticipated for the festival, one from St. Dunstan's University, and one from the Charlottetown Little Theatre Guild.

A motion that the Benevolent Irish Society hold their annual St. Patrick's Day parade was endorsed by the meeting and the chief marshal, Bro. Potato Shipments Heavy In Sept.

Potato shipments from Prince Edward Island for the period ending September 30 were 294 carloads as compared to 215 for the same period last year. Figures for the month of September only show that 119 cars went by rail; 37 by truck and 7 1/2 by water. The price to the grower at the farm has been ranging between \$1.00 and \$1.05 per 75 lbs.

Turnips have been slow moving this year. Only 121 cars have left the Province up to the end of September. The number shipped at the same time last year was 149. The market for turnips is reported to be poor and the price has dropped from 40c a bushel at the beginning of the year to 28c at the present time.

Tree Trimming And Removal Programme

A tree trimming and removal program now being vigorously pursued by the City authorities has been made easier as a result of the effects of the high winds of several weeks ago, which according to City Clerk J. A. Fullerton, has made citizens "tree conscious."

Two squads of city workmen are daily making incursions on the old tree population which have ceased to be a thing of beauty and constitute a definite risk in the event of stiff gales. Many of the trees in the downtown areas have been deprived of root moisture since concrete pavements and asphalt covered streets have cut off their water supply except through the foliage, and as a result they no longer flourish.

"We are taking this out without reluctance," Mr. Fullerton said, "in view of their potential danger in breaking down electric power circuits when most needed."

Citizens are also viewing the situation from this standpoint and are having dead or dying trees removed from their lawns and other areas in the interest of safety.

"Having this work done now, Mr. Fullerton said, "will make it easier to improve the streets and premises in other respects early next summer, always with a view to having the city looking its best during Centennial Year 1955."

majority of the Lone Scouts are concentrated in King's County. A monthly magazine, "The Prince Edward Island Lone Scout", together with a copy of "The Junior Leader" which is published in Ottawa, is mailed to each Lone Scout, and The Lone Scout Department keeps in touch with the fellows by personal letters.

Girl Guide News

We are glad to welcome our Brownies and Guides with their Leaders back after the summer holidays. The most of the Companies have held their first meetings and are really settling down to business fast.

At Guide stores there is a new book called "Hand Book for Guides." This book is small, just fits into the pocket. It is designed for children and is very easily understood. Every Guide who possibly, can should procure one of these books, the cost is 40 cents.

Several of our Companies are very anxious to begin their Fall meetings but are unable to do so. Why? Because they have no Leaders. The Commissioners would be very grateful for the names of any persons who would be willing to be Leaders.

The regular monthly meeting of the Guide's Club will be held Thursday evening at 6 o'clock at the home of Mrs. W. W. Read, 100 Prince Street.
