# "HOLMAN'S ON THE MOVE"

## Chapter Three... In The Story of Holman's On The Move...

a store for

**TODAY**

with an eye toward

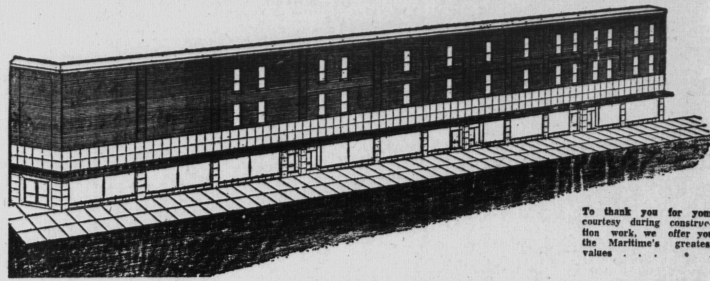

**TOMORROW**

In the rich tradition of

**YESTERDAY!**

Soon—within weeks—a dramatic and obvious improvement will take place at Holman's. The face of our present buildings in Summerside and Charlottetown will be changed—handsomely sheathed—to give our front the "new look", completely co-ordinated with our dramatic expanse of windows and roomy entrances.

Contract for the Summerside store front program was awarded to Robert Rankin Construction; the electrical and heating installations to Inman Plumbing and Heating Limited. Three modern new doors will replace the four now in existence, as the shining new front extends from the Spring Street corner right over to the west end of the Holman building. The grey porcelain on steel finish will extend to the second floor windows, while the marble columns and Swedish black granite will be placed below the show windows. A canopy will also highlight the modern new effects.

To thank you for your courtesy during construction work, we offer you the Maritime's greatest values

In all our planning for "tomorrow", you may be sure that we at Holman's will continually rededicate ourselves to our primary function of providing you with quality merchandise, complete services, courtesy, dependability, and an ever constant desire to make these stores YOUR kind of stores in every possible way.

Special "Holman's On The Move" Values — Both Stores - Wed., Apr. 4th Through Sat., Apr. 14th

## Velox Separators

made in Sweden - stainless steel disc

300 lb. Capacity Regular 99.50 ..... Special 84.95  
650 lb. Capacity Regular 199.50 ..... Special 169.50  
800 lb. Capacity Regular 209.50 ..... Special 179.50  
1000 lb. Capacity Regular 234.50 ..... Special 199.50

HAND OPERATED MODEL.

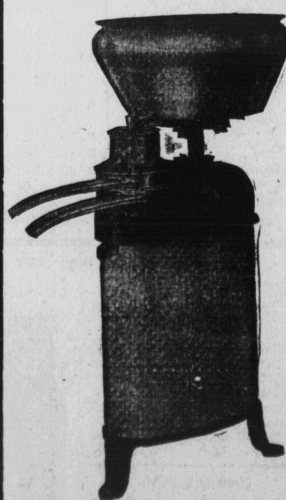

650 lb. Capacity Regular 149.50 ..... Special 124.95

### Main Features:

- Simple — Durable — Efficient.
- Self-Balancing Bowl — Swedish stainless steel discs.
- Turnable Milk Supply Tank — a convenience you will appreciate as a time-saver.
- No Crank to Turn — just plug into the electric supply.
- No Gears to Wear — has direct-to-spindle drive.
- No Lubricating — no oil to change.
- The Neck-Bearing is fixed solidly into frame with screws, assuring dependable service.
- THREE SIZES — all low-type models.

### Remember:

1. That a separator is used every day of the year.
2. That only First-Class Separators have long, efficient lives.
3. That even small daily losses of butter-fat mean a big money loss during each year — the faulty separator is used.
4. That a High-Grade Separator means regular and bigger cream cheques — bigger rewards for your work.

Regular 5.25

### American Alarm Clocks

Metal case with clear bell alarm, 30 hour movement, made by Westclox. Luminous dial. Regular 5.25.
