Two of those Lots are cleared and in very good condition, having been well manured, and produced good crops for the last two years,—the greater portion of them has been sown down with Clover and Timothy, and may be expected to yield a good crop of Hay in the ensuing summer. There is an excellent spring of water on one of the cleared lots, making it very desirable as a place for pasturing cattle; and the whole property has a good substantial fence around it. There are, besides, two large new Barracks, one on each of the cultivated Lots, which will be sold or let with the land. A considerable portion of the other two lots has been cleared and the whole may be made ready for the plough at little expense and labour. For further particulars apply to

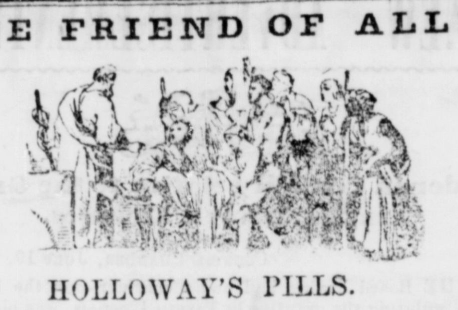
THE FRIEND OF ALL!



HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system. To be excitable or nervous in a small degree is most distressing for where can a remedy be found? There is one; drink but little wine beer or spirits, or far better, none; take no coffee, weak tea being preferable; get all the fresh air you can; take *three or four* Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong *in body, and forget you have any nerves.*

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties *especially* their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy *for female complaints,* they never fail, never weaken the system and always bring about what is required.

Sick Headaches and want of Appetite.

There feelings which so sadden us most *frequently arise from* annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These *organs* must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong.

Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these Pills will immediately correct the liver, and stop every kind of bowel complaint. In warm climates thousands of lives have been saved *by the use of this medicine,* which in all cases gives tone and vigor to the whole organic system, however deranged—health and strength following as a matter of course. The appetite too is wonderfully increased by the use of these Pills, combined with the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid fermented, or other impure humours from the liver, stomach or blood the cause of dysentery, diarrhœa, and other bowel complaints is expelled. *The result is,* that the disturbance is arrested and the action of the bowels becomes *regular.* Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be affected with stone and gravel, or with aches and pains settled in the loins, over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm,—in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Dysentery	Liver complaints	toms
Asthma	Erysipelas	Lumbago	Tic-Doloureux
Bili's Complaints	Female Irregularities	Piles	Tumours
Blotches on Skin		Retention of Urine	Ulcers
Bow'l complaints	Fevers, all kinds		Venereal Affections
Colics	Fits	Scrofula, or King's Evil	
Constipation of the Bowels	Gout		Worms, all kinds
	Headache	Sore Throats	Weakness from whatever cause &c., &c.
Consumption	Indigestion	Stone and Gravel	
Debility	Inflammation	Secondary Symp-	
Dropsy	Jaundice

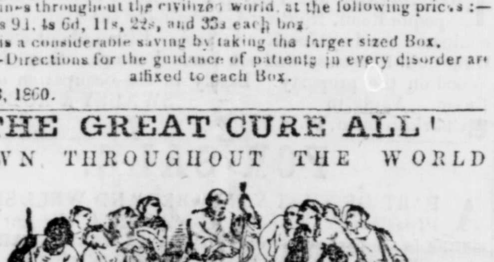
THE GREAT CURE ALL!
KNOWN THROUGHOUT THE WORLD



HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighbouring parts by rubbing in plenty of the Ointment as salt is forced into meat. This will cause the malignant humours to be drained off from the hard, swollen and discoloured parts round about the wound, sore or ulcer, and when these humours are removed the wounds themselves will soon heal; warm bread and water poultices applied over the affected parts, after the Ointment has been well rubbed in, will soothe and soften the same, and greatly assist the cure. There is a description of ulcer, sore, and swelling which need not be named here, attendant upon the follies of youth, and for which this Ointment is urgently recommended as a sovereign remedy. In curing such poisonous sores it never fails to restore the system to a healthy state if the Pills be taken according to the printed instructions.

Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm. *All sufferers from these complaints* should envelope the throat at bed time in a large bread and water poultice after the Ointment has been well rubbed in; and if the soles of the feet are likewise rubbed with the Ointment every night, it will greatly assist the cure of the throat and chest. To allay the fever and lessen inflammation, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fevers, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Piles, Fistulas, Strictures.

The above class of complaints is surely removed by nightly fermenting the parts with warm water, and then by effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Imprudencies of Youth;---Sores and Ulcers.

Blotches, as also swellings, can with certainty be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield, in a comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular Swellings	Scurvy
Bunions	Corns (Soft)	Lumbago	Sore-heads
Bite of Moschetoes and Sand-Flies	Cancers	Piles	Tumours
	Contracted and Stiff Joints	Rheumatism	Ulcers
Coco-bay	Elephantiasis	Scalds	Wounds
		Sore Nipples	Yaws

FRESH AND RELIABLE TESTIMONY.

"*Wistar's Balsam of Wild Cherry.*—We call the attention of our readers to the advertisement of *Wistar's Balsam of Wild Cherry* in another column, and assure them they can find no better remedy for coughs, colds, asthma, bronchial affections, or any disease of the throat or lungs.

"In August, 1858, an estimable friend of ours returned from a visit in the country much emaciated, and laboring under a severe cough, which had made such rapid inroads upon her constitution, that we felt something must be done at once, or she would become a victim of consumption. Having known the beneficial results which have occurred from the use of *Wistar's Balsam,* we made purchase of some for her, and we are happy to say, that before she had taken the contents of one bottle, her cough had entirely left her, and she is now in the enjoyment of excellent health."—*Olive Branch, June 25, 1859.*

Letter from Elder H. L. Gilman, a Minister of the Gospel in Vermont.

GLOVER, VT., June 29, 1859.

Messrs. S. W. FOWLE & CO.:—

Gents,—I hereby certify that I have been troubled for several years with a difficulty of the heart and lungs, and have applied to several physicians for help, and have tried almost every remedy of the numerous ones which have been recommended, without receiving any assistance, but had been growing weaker and weaker, until, hearing of *Wistar's Balsam of Wild Cherry* about a year since, I commenced using it with immediate relief. It has not only restored my lungs to a sound state, but I am entirely relieved of the difficulty or disease of the heart. I have no hesitation in saying that it is the best lung medicine before the public, and I most cheerfully and conscientiously recommend it to all persons suffering with pulmonary complaints.

NASH'S SUPERIOR HORSE AND CATTLE LINIMENT.

One of the most valuable articles ever offered to the public for Sprains, Windgalls, Ringbones, Spavins, Stiffness of the Joints, Fresh Wounds, Galls, &c., &c.

THIS truly valuable Liniment has been extensively used for upwards of seven years, and in no instance has it failed to give satisfaction. The Proprietors cheerfully recommend the above remedy to the public, under the full conviction of its efficacy in the above-mentioned diseases where an external application is required.

It reduces inflammation or swelling, or where the flesh has become callous, it softens and reduces it, and produces a full and free circulation to the parts previously affected.

Numerous certificates from highly respectable individuals might be offered, "testifying to its efficacy," but the proprietors deem it unnecessary. All that is solicited is a fair trial of this Liniment, to convince the public of its value.

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
