CURRENCIES

MONTREAL (CP)—The U.S. dollar closed at a premium of 7-32 per cent in terms of Canadian funds, unchanged from Friday's close.

NEW YORK

NEW YORK (AP)—The stock market fell sharply Monday in the heaviest trading since July as Wall Street reacted nervously to the message of "national urgency" expected from President Kennedy.

An avalanche of selling in the first part of the session put the ticker tape behind transactions as stocks were dumped in sizable blocks from all important sections of the list.

A recovery movement in the afternoon not only cut losses but brought gains to a number of steels, aerospace issues, rocket stocks, and electronics. These gains were selective.

The scattering of stocks which advanced, combined with strength in the commodity market, showed that the atmosphere in the street was that of "war scare." Wall Street was pervaded with all kinds of rumors.

The Dow industrials fell 4.69 to 568.60. The indicator broke through a "floor" of about 571 which had held on July 18 and Oct. 1.

Among Canadian issues, McIntyre Porcupine was off 11 points, and International Nickel 1¼. Off ⅛ were Hudson Bay Mining, Dome Mines and Distillers Seagrams, while Aluminum Ltd. was down ⅝.

Prices also declined in active trading on the American Stock Exchange. Jupiter Corp. was off ⅝. Brazilian Traction and Scurry Rainbow Oil fell ¼. Canadian Marconi closed ⅛ higher.
