**Old Battery At Victoria Park**

A new roof has been put on the old magazine by the gun embrasure at Victoria Park (shown above). The ancient structure, believed older than the Park itself, has badly needed attention for some time. As coming under the heading of Public Property the work is in charge of Councillor George R. Keefe, chairman of the Public Property Committee of the City Council. However, Mr. Keefe has been ill for some time past and the committee has been directed by Councillor D. Eimer MacDonald. The entire area of the old fort at the Park has taken on a completely new look this year with an attractive railing and benches for visitors to sit and admire the view of the harbor.—(Photo by Barber)

*True Case History of Tommy W.*

**Tommy mixed good lemonade with good business at "My Bank"**

During the summer Tommy and his friends operated a successful lemonade stand. And with his \$5-share of the profits he opened his own personal savings account at the B of M.

"I want to buy a hockey outfit this winter," said Tommy, "and I know the best way to save for it is to deposit so much every week at 'MY BANK'."

Tommy's really making the saving habit work for him. Why not guide your child to thrift and self-reliance by opening a savings account for him at the B of M?
