CAMPAIGN NOTES.

In the United States every enemy of Canada as the Empire is praying for the success of the grip party.

The Toronto Globe says: "There will be no coercion under Laurier..."

Halifax Herald: When the grip papers announced that Sir Oliver's letter had caused a "shrink" in the grip party...

Ottawa Free Press (Opposition): It is much to be regretted that Laurier's success in the campaign...

The prospects of Laurier's success in the campaign are so blue that the wily Sir Oliver sticks close to his snug little nest in Toronto...

The Pioneer does not state correctly the facts upon which it asserts that "The Examiner was badly tripped up by the Maritime leader..."

St. John Sun: Mr. Laurier has been much applauded by his supporters for his determination to resign the Premiership of Ontario...

The Pioneer states to-day that Sir Oliver Mowat has "publicly announced his determination to resign the Premiership of Ontario..."

From 1868 to 1874, under Sir John A. Macdonald's administration, the total trade of Canada increased from \$131,827,632 to \$217,565,510...

Principal Grant, head of Queen's College, Kingston, speaking of Sir Charles Tupper, said: "We owe to Sir Charles Tupper what is good in the National Policy as well as its very name..."

The Montreal Star reports that Sir Adolphe Caron has been informally offered, and has consented to accept, when formally offered, the nomination for Ottawa City...

North Sydney Herald: Our friends of the Grip persuasion have tried tariff for revenue only, commercial union, unrestricted reciprocity, free trade as it is in England...

Hamilton Spectator: Gentlemen of the Conservative party: Go into the campaign with the idea of working hard and faithfully until the last vote is pulled.

St. John Sun: In his Charlottetown address Mr. Davies denounced the Canadian iron duties. A prospective colleague of Mr. Davies (Sir Oliver Mowat) does not share this feeling...

Moncton Times: For an old parliamentary hand Sir Oliver Mowat made a curious blunder in his letter promising to take a cabinet office in the event of Mr. Laurier's success at the polls...

Montreal Gazette: "In a letter to Mr. Laurier Sir Oliver Mowat, among other things, says: 'It is the general opinion of the party, to whose favor and confidence are owing my forty-three years of the membership of Ontario, that the crisis is so grave that every personal sacrifice has to be made, and every incidental risk run.'"

Montreal Gazette: "The Liberal Government offered to withdraw the Remedial Bill and stop all proceedings if the Government of Manitoba would alter the school laws of the Province in such a way as to admit of schools in Manitoba similar to those of the Maritime Provinces..."

What has the Conservative party done for Canada? 1. It has made us a nation. 2. It has built the C. P. R. and opened up the Northwest...

It has protected our industries and given the consumer a good article at a reasonable price. It has developed agriculture, and secured the home market to the farmer.

It has increased the savings of the people from \$8,000,000 in 1878 to \$45,000,000 in 1895.—Montreal Gazette.

THE MEN WHO WANT TO RULE. The Liberals in this part of the country are dogged by a lot of hee-lers who can make a regular Tammany out of their administration if they get their way.

These are strong words, but are, unfortunately, too true. It is much to be regretted that Laurier's success should be jeopardized by the miserable hee-lers who have already worked so much trouble in Montreal.—Ottawa Free Press.

DRAWING THE LINE.

How Aunt Jane Did Not Meddle with Other Folk's Affairs. The most inquisitive persons often affect indifference regarding the affairs of others, and flatter themselves that they are keeping their curiosity well in hand...

She was one day telling about a conversation she had "struck up" with a woman sitting beside her on a street car.

"She was a real nice-looking woman," said Aunt Jane, "and I thought we might as well talk together a little."

"She was trying to break her mother's will, and she wasn't on speaking terms with her own brothers and sisters, and her husband and her didn't get along very well together."

"She had on a beautiful diamond ring that she told me cost \$200, and she'd an elegant black silk that cost three dollars a yard, for I asked her the price of it."

"Why, of course, I didn't! Did you know I'd be that inquisitive?"
