

Spring Park School Closing

The large increase in the number of pupils in Spring Park School was pointed out by Mr. C. W. Wood, principal, in giving his eighth annual report on the occasion of the school closing Saturday afternoon.

Mr. Wood said that next term over 300 pupils were expected, and he called attention to the fact that there would still be only 8 classrooms to take care of them. However, there would be one additional teacher.

He paid tribute to the great work of the teachers during the past year and noted with regret that one of them, Mr. Boyer, would not be back next term as he had been selected to teach at the new high school.

He called attention to the extra-curricular activities and said while he was not opposed to them he believed that the primary purpose of the school was an academic one.

The closing was presided over by Mr. G. P. Rodd, chairman of the school board. He told the group that the teaching standards at Spring Park were high and thanked the teachers that this was so.

He remarked in proof that in the Provincial examinations pupils of Spring Park had an academic record 10 per cent higher than the average for all of the Island.

Several hundred parents and friends crowded the Spring Park Hall for the event and watched sons and daughters receive certificates and prizes.

Many of the grades put on special entertainment for the audience with the little ones of Grade 1, with unison singing, and those of Grade 2, with their champion Rhythm Band.

Farewell Sermon At Baptist Church

Rev. J. L. Davison offered words of highest hope to the congregation of the Charlottetown Baptist Church in giving his farewell message at the morning service yesterday.

Members of the Alpha Y-amen, of which Rev. Mr. Davison is a member and chaplain, honored him by attending in a body.

Two vocal selections very pleasingly rendered, "Under His Wings," a duet by Misses Marilyn and Barbara Rupert, and "Open the Gates of the Temple," a solo by Y-man Jack Haystead, added much to the worship service.

As a title for his message of inspiration the pastor chose as his text, Psalm 112:12—"This is the day which the Lord hath made, we will rejoice and be glad in it."

He will speak the prayerful support for Rev. Harold Milton, the minister who would fill the pulpit in July and for those who would follow.

"Success comes to a church," said Mr. Davison, "only in the measure that the church has been with Jesus."

In closing he spoke of the fine representation of children growing up in the church family and fore-saw a period of great spiritual blessing in days to come.

Music for the service was provided by organist and choir director Royston Muford.

Mrs. Irene Gallant was elected president of the Charlottetown Branch of the St. Thomas Aquinas Society at the annual meeting held Saturday afternoon in the B.I.S. Hall.

Other officers named were: past president, Mrs. Jerome Gallant; vice president, Mrs. Cyril Sheppard; secretary, Mrs. Adolphe Dixon; treasurer, Mrs. J. H. Blanchard.

The two are known to have been irritated by each other's recent speeches. Eden was specially upset by Dulles' suggestion of British "double talk" in discussing arrangements for an Asian pact in London in April.

The Russians are casting ardent come-hither looks at the West Germans. And some of the West Germans—including mighty conservative and important people—are very interested indeed.

This little public flirtation recalls the fact that among leading Kremlin communists there has always been strong support for the idea of a Russian-German axis to dominate Europe.

A few days ago Premier Georgi Malenkov in a talk with East German Communist Premier Otto Grotewohl told him that the Soviet Union is interested in the establishment of economic and cultural ties with West Germany.

Eight Controversial Resolutions Come Up At National Council of Women

By PAULINE KENNEDY
Canadian Press Staff Writer

FREDERICTON (CP) — Eight controversial resolutions came before the National Council of Women annual meeting here Saturday and lively discussion ensued before five were passed, one thrown out and two left for further consideration.

The four resolutions passed were petitions to the federal government to rescind legislation increased by postage and re-establish the former rate; provide legislation for equal pay for men and women doing equal work; establish uniform standards for ages of children's clothing; participate in and support the Inter-governmental Committee for European Migration and continue and increase this support.

The fifth resolution passed was introduced by Mrs. E. J. Barras, local councillor. It asked the council to cut down the number of resolutions passed each year and put its strength behind two good resolutions so that they might be more effective.

SUPPORTS EQUAL PAY
Liberal Senator Muriel McQueen Ferguson of Fredericton spoke in support of the equal pay for equal work resolution. She said the Canadian Federation of Business and Professional Women's Clubs was very anxious and would support the NCW. She also said that there had been equal pay legislation in Ontario, Saskatchewan and British Columbia.

Some German business men and politicians on the other hand also see important gains from agreement with Russia. In the first place they look to the markets and sources of raw materials in the East. More importantly some Germans see hope of reunification of Germany and recovery of the lost German lands in the East through agreement with Russia.

Some Germans are exceedingly eager to play East against West and consider that the eagerness of the United States to fulfill the wishes of the West Germans will be in direct proportion to the amount of interest the West Germans show in the Soviet blandishments.

Chou Suggests "Five Principles" Pact As Key To Solution Of Far Eastern Troubles

By HAROLD K. MILKS
NEW DELHI (AP) — Premier Chou En-lai of Red China Sunday proposed occasional meetings between the Asian heads of state to ease the threat of war.

Chou, on an official visit to India at the invitation of Prime Minister Nehru, also said that all Asia adopt the "five principles" pact of mutual respect between India and China as a key to the solution of Far Eastern troubles.

The Chinese prime minister told a press conference: "It is our view that in order to seek common measures for the maintenance of peace and security in Asia, it is desirable for the appropriate persons of the principal Asian countries to meet occasionally and to consult with one another."

He added that if other nations followed the example set by India and China in their "mutual respect" pact, the possibility of war would recede and the possibility of co-operation among Asian nations would be increased.

FIVE PRINCIPLES
The five principles of the pact between the two Asian nations, he said, are mutual respect for each other's territorial integrity and sovereignty, non-interference in each other's internal affairs, equality and mutual benefit and peaceful co-existence.

The Chinese premier, in a 30-minute meeting with foreign and Indian newspaper men, answered only selected questions from those outside earlier in writing. He banned all questions from the floor.

Answering questions concerning ways to strengthen relations between India and China, Chou spoke of "close co-operation and constant contacts between the governments
