In Memoriam

MRS. AUSTEN FRASER

The people of South Lake and surrounding districts were deeply saddened on the morning of May 19th, 1955, when word was received that Mrs. Austen Fraser had passed away in the P. E. I. Hospital. Her illness was of short duration. Everything possible was done for her recovery, the kindness of a devoted husband and attentive neighbors, good medical skill, and hospital care, but God willed otherwise.

She was the daughter of the late Charles and Bessie Fraser Dingwell, and was born at South Lake on August 31st, 1907. Prior to her marriage in 1942, she taught school for a number of years.

Freda, as she was familiarly known, will be much missed in the church, in the Sunday School where she was a teacher, in the Women's Institute where she took a leading part, and in community work in general, but especially she will be missed in the home, where she has left a sorrowing husband, and a six-year-old son, Donald, who is now bereft of a loving mother's care.

Her funeral, which was largely attended by friends from far and near, took place on May 21st. A short service at the home was followed by an impressive service in Kingsboro Church, conducted by Rev. Donald McClare and Rev. H. R. Bell. Interment was in Kingsboro Cemetery.

The pallbearers were: Messrs. Clarence McDonald, Stanley Cameron, Stanley Fisher, Charles McDonald, Percy McDonald and Cecil Rose.

Hearse was in charge of Dingwell Bros., Souris.

Card of Thanks

Mr. Austen Fraser and Donald wish to thank all their friends and neighbors for their many acts of kindness during their recent sad bereavement; also those who sent flowers, cards and messages of sympathy.

Savage Harbour

*The sincere sympathy of the whole community goes out to the popular and genial manager of the Co-Op store at Mount Stewart, Mr. James Doyle, on the death of his brother Mr. Emmet Doyle, who passed away in Ontario. The late Mr. Doyle, a former resident of Mt. Stewart, had been in ill health many months prior to his death.

Mr. Donald MacLeod of Winnipeg is at present visiting on the Island, where he is the guest of his brother Mr. Joseph MacLeod of Mt. Stewart. Joe, better known as Captain, a well liked and respected citizen is spending a few weeks at his cabin at Savage Harbour.

Mr. Winston Birt has returned to his duties at Mt. Stewart, having recovered from his recent illness. Mr. Birt has that happy knach of making a friend out of everybody he meets. All are delighted to see him back at the old post.

Mr. Otto Robbins of Bangor, accompanied by his son and daughter, were weekend visitors to Savage Harbour where they were the guests of Mr. and Mrs. Freddie Mosher and Mr. and Mrs. John Pigott.

Mrs. Douglas MacDonald of Mt. Stewart and her son, Mr. Colin Stewart and her son Mr. Colin MacDonald were recent visitors to Georgetown where they visited their many friends. The MacDonald's were former residents of Georgetown and although it is many years since they moved to Mt. Stewart, they still have a host of friends in the County Capital.

Mr. and Mrs. Ralph Pigott of Savage Harbour were visitors to Charlottetown during the week. Like most of the residents of Savage Harbour Mr. Pigot is keenly interested in the electric power lines coming to this District. If and when the power does come no single individual can be thanked more for its successful completion than the same Ralph Pigott.

A fair sized crowed, everything considered, attended the annual school meeting at Savage Harbour. The financial statement showed that the school is in a sounder financial state than it has been for years. This fact is undoubtedly due to the keenly interested trustee board and their efficient secretary. Improvements under consideration for the coming year will put this school well [illegible] ness when for three years in a row [illegible] the County. Mes[illegible] rison, Douglas Coffin and [illegible]reddie Mosher, with Mr. Ralph Pigot as Secretary are the quartette responsible for the great comeback which this school is making.

Mr. James Mundy of the Federal Department of Agriculture of Charlottetown was a business visitor to Savage Harbour during the week.

Mr. James Handrahan of Peake's was engaged during the week in delivering a carload of coal to the large suction dredge now operating at Savage Harbour.

Mr. Joe MacDougall of Blooming Point has signed on with Mr. Alex McEachern for the balance of the lobster fishing season.

The many friends of Mr. Freddie Clark, manager of Clark's Feed Mill, Mt. Stewart will be sorry to learn of his present illness. It is the sincere wish of all that when Freddie's present treatment is over he will be completely restored to his full measure of health and able once again to take up his business and social roles in the life of the community.

The great game of cribbage dies hard in this community and already plans are afoot for a bigger and better season next year. In the last of the post-season gamss Peter MacLeod scored a sizzling victory over Ernie Devine. In the other foursome Warren McGuirk and Rod Innes severely trounced Francis MacAdam and Athol Ellis.

The many friends of Mr. Eddie Clark, Mt. Stewart will be sorry to learn that he is at present a patient in the P. E. I. Hospital.

Mr. Elwood Donnolly of Charlottetown was a recent visitor to this area. While here he was the guest of his brother-in-law and sister, Mr. and Mrs. Ernie Doyle.

Perhaps Tuesday, June 14, may mark the beginning of a new era in the history of this thriving community. As one listens to the roar of the surf on the shore and views the mist as it soars into the air, one cannot but in a sense be reminded of the mighty Niagara Falls., The allure of the great falls for newly weds is continent wide. Mr. and Mrs. Leland Baker of Morell who were married at St. Andrew's on Tuesday drove to the shore as a part of their marriage celebration. Perhaps some day couples from all over the universe will journey to view our Maid of the Mists as a "Must" in preparation for the journey of life.

Mrs. Baker was the former Marjorie MacMillan of St. Andrew's. The ceremony was performed by the Rev. George MacCormack of St. Andrew's.

Strange But True

By F. H. MacArthur

Many interesting and amusing stories are told about the world's longest porch (880 feet). There's the one about the woman who lost her husband and filed a suit for divorce on grounds of desertion—only to find that her spouse had been at the other end of the porch all the while!

There was one chap who came to join his wife on the porch. He had just shaved and was all set for an evening out. "Honey," he said "before we leave for the evening, I'd like to go to the other end of the porch and see something."

"Not on your life," piped up his better half. "When you get back you'll need another shave."

Although these yarns belong in the Liar's Club the porch is certainly a whopper. It's 880 feet long and 20 feet wide. It would hold all the people of Charlottetown. The idea behind the big porch is to permit as many persons as possible to sit and look at the beautiful blue Mackinac Straits beyond.

The smallest state in the world boasts one of the greatest number of citizens. That's the vatican. It contains 108.7 acres and its ruler, the Pope, is the spiritual leader of 400,000,000 catholics scattered all over the world, including Communist Russia.

The Vatican, completely surrounded by a high wall, lives a life of its own as separate from the city of Rome as though it were on an island in the sea.

The state has its own newspaper, power plant, radio station and observatory. The ittle state came into existence in the early Middle Ages, when Kings recognized the temporal power of the Popes.
