## HEAPS OF LIBERAL MONEY

How Votes Were Bribed in Berlin, Ontario.

BERLIN, Ont., Sept 9.—There was some sensational testimony in the trial yesterday of the protest against the election of Louis J. Breithaupt, who defeated the Conservative candidate, Dr. Lackner, at the by-election. The first charges of corrupt practices taken up were those grouped about the name of Albert Bossard, the Berlin hotel-keeper. It is claimed that he was the main duct through which flowed the greater part of the Government funds that were expended in connection with Mr. Breithaupt's election.

Four witnesses, Wm Pollemski, Charles Wernke, Henry Shaetz, and Charles Boll corroborated each other in saying that in Bossard's hotel on the Saturday night before the election they saw Bossard, in conjunction with Tom Lewis, of London, a noted feeder of the "threshing machine," handling rolls of bills, purporting to amount to \$20,000. They were told by Lewis that there was 30,000 more Government money behind if it were necessary that it should be used. Each of the four swore to getting their appropriate slice of the "boodle" that night, and supplementary moneys after the election. They are Berlin residents, and considered strong politically in their different sections, and their vote and influence was paid for at a comparatively high rate as such payments go.

### THE BOODLE THEY GOT.

They were promised originally that night by Lewis \$25 apiece and \$5 for every Conservative vote they turned over for Breithaupt. What they succeeded in getting was :-

- Charles Wernke, \$30.
- Charles Boll, \$35.
- Henry Shaetz, \$37.
- Wm. Pollemski, \$75.

The letter is a power in the North Ward of Berlin, the German section. He is called Mayor Pollemski up there. This explains the large sum which was paid him.

### ST JOHN EXHIBITION:

The Splendid Attractions That Are Drawing Thousands to the City.

The St. John exhibition is now on, and in the general display as well as special features surpasses all its predecessors. Every inch of space in the industrial and agricultural buildings is taken up. All the space for live stock is taken up, and new quarters for the entire sheep exhibits had to be provided. The poultry show is larger than last year.

A special feature is the C P R exhibit of grains, grasses and other products along its line, occupying 2,000 feet of space. The Nappan experimental farm makes a fine exhibit. C F B Rowe has an exhibit of trout and other fish from lakes and streams, and a complete list of New Brunswick reptiles and amphibians. These are in tanks and cages, all alive, and are publicly fed twice a day. It is a great drawing card.

Everybody in the provinces who possibly can will want to see Sanborn's famous string of fifteen horses including the French coaching stallions that carried off the honors at Madison Square Garden and the Boston horse show. In the group are some half breeds, showing the splendid characteristics imparted by French coaching stallions to stock raised from the ordinary mares of the country. The stallions are shown on the long rein with mounted groom, and the others in various fancy hitches on the green every day before the grand stand. Mr. Sanborn brought a carload of carriages, etc, for parade purposes.

The live stock exhibit includes Senator Cochrane's famous Shortborn herd. R. H. Pope, of Compton, Quebec, has horses, cattle, sheep and swine, and Guy Carr of Compton, Quebec, the same, besides poultry. Nearly all the Maritime breeders have space. There are 31 entries of live stock from Prince Edward Island. C W Holmes, of Amherst, besides Shortborn and other stock, shows a herd of 100 swine. There are more birds than last year in the poultry building, where much better facilities for exhibiting them have been provided.

In agricultural hall there are more entries than ever of grains, fruits and vegetables, for all of which this is a great year. There is a great dairy exhibit. The latest dairy machinery is shown in large variety in the building. There is a fine horticultural display. In every department of interest to farmers, the show is excellent. The carriage building space is all occupied as usual.

In machinery hall seven engines are under steam and agricultural, printing, saw-mill, iron working and other machinery is seen in operation.

In amusement hall the attractions are the best ever seen there. The twin brothers Gloss, on parallel bars; Bernice Nata, who eats, drinks and sleeps under water; the six funny Japs from Japan; Luciano Tateli, on the flying rings; Humberto, in equilibrium par excellence; La Petite Rita, in aerial acts; and Middle Alice, queen of the revolving globe, give a wonderful and varied programme. Some of these artists are seen for the first time in these provinces.

## NOTES AND COMMENTS

—Referring to the general satisfactory state of affairs in Canada, the *Moniteur du Commerce* says: "What amuses us is to see the zeal with which certain persons attribute all these good things exclusively to the government in power. Does not the providence of God count for something in that prosperity? Is the individual initiative of the manufacturers, merchants, exporters, shippers to be held for naught?"

## NOVA SCOTIA LETTER

James Fraser, of Pictou, Nova Scotia, Writes of Dodd's Kidney Pills.

A Letter Which Speaks for itself—A Convincing Proof that Dodd's Kidney Pills will Cure Kidney Disease of Long Standing.

Pictou, N. S., Sept 11.—There is no doubt in the minds of the people of this town that Dodd's Kidney Pills are a most wonderful medicine. When a man who has been in continual torment for thirty years, in spite of all he could do for himself, or have done for him, is cured by six boxes of medicine which costs but fifty cents a box, it leaves no room for question as to the merits of the said medicine. But this was the case with Mr. James Fraser, of this town and the medicine that cured him was Dodd's Kidney Pills. Read his letter:

"I have been troubled with Kidney Disease for 30 years, complicated with Bronchial Trouble and palpitation of the Heart. Last summer it got so bad I was forced to quit work. I was then recommended by a P. E. I. gentleman to use Dodd's Kidney Pills. I did so and felt relief in the first 24 hours. I used to pass blood, but this stopped immediately on using the pills. They also stopped the palpitation of the heart. I am now after using several boxes better than I have been for 20 years. I am able to work every day, whereas a few months ago I could hardly stand alone. I am a well-known citizen of St Andrew St. here, and am delighted to give this testimonial to Dodd's Kidney Pills. I have never tired recommending them, for they work like a charm.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.
