Hall Happenings

by Sean MacIntosh

It has been a rather interesting week here at U.P.E.I. The Marian Hall Pit Bulls have beaten the Engineers AGAIN. This time the game was hockey and not football. The Pit Bulls had an astounding 6 points while the Engineers barely saved their pride with 1. What a game!! This puts Marian's Pit Bulls on top, both game wise and penalty wise. Thus far this season, Marian has not sustained one loss in hockey or football and holds the record for the most penalties in hockey.

The game was well played by the Pit Bulls who unleashed some vicious body checks. When asked to comment on the game, Greg "the Fly" Flynn stated, "The Engineers did not have enough stamina to keep up with our fast paced European style of hockey." It was mentioned by another player that Brady MacVarish skated rings around the Engineers and when asked his opinion, the modest Mr. MacVarish had no comment. John Dalton, Coach of the

Marian Hall Pit Bulls had this impression of the game, "it was dirty, rotten and unfortunately, not enough people got hurt."

The Marian Hall Freshmen were out to the game in full force and one Tony MacKenzie was heard to say, "Perhaps if the Engineers took up a sport more suited to them, such as needlepoint, they might be able to beat us. But then again, they'd likely just end up just beating themselves."

The Hallow'een weekend was a success for Marian Hall as they won all three of their heats in the Red Rock Challenge. This was quite an accomplishment considering most of the other teams cheated. The Engineers more than anyone as they kicked their orange over the finish line in the pantyhose orange shuffle. The fun really started when the three contestants from each team were asked to chug a pitcher of draught using straws and when the Marian team finished in twenty seconds, no one was surprised.

Marian Hall Joke of the Week

Question: What do you call one hundred Engineers at the bottom of the ocean?

Answer: A good start!!

History Society

Congratulations are in order to Paula McGuirk, our new vice-president. We are confident that she will prove a valuable addition to the Executive, and an ardent worker for all History Society Members.

Our trip down brewery lane was a supreme success. All who participated thought the outing "very refreshing". Thanks are due to Mr. Luke Triantafillou, who provided the carriage for the evening; Island Brew-

eries for their awe inspiring tour; Father's Restaurant for the great pizza; and all supporters and fans who made the evening worth remembering.

The inter-Societal Pub established us as a foremost adversary on campus. We only lost the "contest" by ONE point! Needless to say, future contests will see US victorious!

Society Jerseys have been ordered. A deposit of \$10.00 is required when placing your order. The total cost is \$25.00.

Due to the increases in our membership, the Society will now be holding its meetings in the Reading Lab (RL-02). The day and time is unchanged: Thursdays at 3:00 pm.

We are still planning our History Bash on November 6. If you plan to attend, come to our meeting on the fifth.

Questions, ideas, or complaints may be voiced by writing a note to President Kin Straight, at the circulation desk.

See you next meeting!

Education Society

The Education Society showed its true spirit recently by finishing in the top 5 in the "Red Rock and Robin Hood masks, the ED's definitely were the most stylish group but I admit,

very lousy drinkers. Perhaps this was due to the fact that the whole team had consumed a substantial amount of "Kool-aid" before hand and had been really hitting the books hard recently. But the rookie squad made up of Scotty "Rumple" MacDonald, Emmett "Le Dog" Chaisson, Greg "Camp" Campbell, Randy "Eyd" Gallent, Gordon "Fidels" Cox and G. "Elvis" Stewart did show a lot of desire and promise. In closing, a good time was had by

all and it was great to see the barn come alive on a Friday night. Congratulations to the winners CIMN and to the Business Society, Biology and History society, among others, who put on a fine show.

P.S. Thanks to our "Ruler" cheerleaders: Lorna, Treena, and Cheryl who did a great job. We must admit, however, the next day the ole Red Rock presented the groups with a new challenge. Ooohhh!!

Thanks S.U. Barn
Greg Campbell and
Gordie Cox

Co-Captains of the Education Rulers.

Meanwhile, at Saint Mary's, a crime is being committed...

DOES KITTY WANT TO PLAY WITH THIS BALL FOR A WHILE?
