SPECIAL DESPATCHES TO THE EXAMINER. DOMINION PARLIAMENT.

Debates and Proceedings.

OTTAWA, April 8. This was fish day in the House and Nova Scotia held the floor most of the afternoon.

After recess the Canadian Pacific Debt Consolidation Bill was again considered in Committee.

In reply to Mr. Laurier Sir John said the agreement touching the building of the Short Line from Harvey to Salisbury has already been made a minute of Council and would probably become an order of Council to-night, as it had gone to the Governor-General for his signature.

Mr. Laurier said that after this explanation he would not oppose the present measure.

After some debate the bill was passed through committee, read a third time and passed.

Two divorce bills were then passed.

When the bill granting divorce to Wm. Henry Middleton came up, Mr. Wilson, of Elgin, opposed it on the ground of lack of evidence.

Mr. Lester replied that the bill was carried.

Mr. Cook's bill to amend the Railway Act received the three months' hoist.

There was a loud discussion on Boyle's bill to punish fraud by tree pedlars and nursery stock men.

Mr. Charlton threatened retaliation on the part of the United States Congress, whereupon Sir John suggested that things had come to a pretty pass if we were to be deterred from punishing frauds by fear of offending our American neighbors.

Replying to Mr. Casey, Dr. Ferguson showed that the American nursery men made Canada a slaughter market for their inferior surplus stock.

All the Opposition speakers espoused the cause of the American dealer as against the Canadian farmers.

The matter was finally on motion of Sir John Thompson, referred to a select committee.

Mr. Wallace's anti-combines bill, after a long debate to-night, was referred to the committee on banking, and Sir John stated that when it came back from the committee it would be put on the Government orders.

Self-Government for Scotland.

LONDON, April 8.

In the House of Commons to-night the Lord Advocate introduced a bill providing for local government in Scotland. The bill creates county councils with members elected by householders. All boroughs with a population of less than 7,000 are merged into counties and the others are self-governed. The powers of the councils extend to private bill legislation. The right of legislating on private bills was hitherto vested in Parliament. The measure is in the direction of Home Rule. The functions of the Councils are otherwise similar to the English Councils.

Parliament Was Right.

MONTREAL, April 8.

The following resolution was carried to-night in St. James Street Methodist Church Debating Society by a vote of 37 to 29: "Resolved, that the Dominion Parliament was right in refusing to disallow the Jesuits' Estates Bill."

To Borrow \$300,000.

HALIFAX, April 8.

The Local Government to-day brought down a bill to borrow \$300,000 to spend on the main post roads of the Province.

Spring Rains.

ST. PAUL, Minn., April 8.

Special from South Dakota report the usual spring rains have set in which will soon extinguish the prairie fires.

Weather Bulletin.

TORONTO, April 9.—10 a. m.

Moderate to fresh easterly winds, partly cloudy or cloudy with slight sleet or rain in some localities.

The following resolution was carried unanimously at the public meeting held at Alberton on the 3rd inst.:

Whereas, The people west of Lot 13, a large half of the County, owing to the great distance which separates them from Summerside have reaped little if any advantage from the large grants made yearly by the Government for the purpose of exhibitions in Prince Co.; and

Whereas, Said grants are admittedly made with a view to the improvement of our farming and stock raising industries by stimulating farmers to greater efforts and bringing backward settlements within the influence of the example of the more progressive parts of the Province; and

Whereas, In no portion of the Island such encouragement is more required than in the far West, where agriculture does not receive anything like the attention it deserves, and when the heavy fares by rail and the long distance to Summerside place us without the influence of these shows are calculated to generate; be it therefore

Resolved, That a humble petition be presented to Parliament praying for the proper consideration of our interests by holding the Prince County Fair at Alberton or some part of the Western end of the County every other year, or every third year; and further

Resolved, That the Commissioner of the Stock Farm be asked to dispose of a portion of Prince County's yearly draught of stock in Alberton, so that the standard of western breeding be thereby elevated and the people receive their just share of the benefits such action would surely bring about.

A PLEASANT EVENING.—The sociable of the Caledonian Club in their rooms, last evening, was in every respect a grand success. The President of the Club presided. The music was under the direction of Prof. Logan, who presided at the organ, and he had an able assistant in the person of Mr. Alexander McKenzie, who played the violin in an excellent manner. A well-drilled choir sang several choruses, etc., in a capital manner, and several interesting addresses and readings were given. The address of ex-President McNeill on the characteristics of Scotland at home and abroad, was well received.

MARRIAGE OF AN ACTOR.—Mr. W. A. Whitecar, an actor, well-known in Charlottetown, and Miss Laura Almonine, were married at Albany, N. Y., recently. The groom is now Maud Banks' leading support, and the bride was, until lately, a member of Hoyt & Thomas' farce-comedy troupe. This is not Mr. Whitecar's first matrimonial ture by any means. A number of years ago he married Sallie Partington, a Topsy of wide fame. They separated, and later he became the husband of Belle Melville, who was so long associated with Joseph Murphy as his leading lady. A divorce from Mr. Whitecar was some time ago granted to her.
