LETTERS TO THE EDITOR.

The Land Office.

SIR,—During the last two months the Patriot has been laboring hard to ally the suspicion that has taken a deep place in the public mind regarding the shortage in the Land Office. But notwithstanding all the writhings and contortions of the several editors of that journal, the fact every day becomes more manifest that the Crown Lands Department has been made under the present administration, a very cesspool of corruption.

It has been clearly proved, by a statement wrung from the reluctant hand of the present Commissioner, that the greatest favoritism and most unwarrantable concessions have been made to the friends of the party now in power, and that besides the amount received for searches, the enormous sum of \$4,414.55 has not been accounted for, notwithstanding the oft-repeated demand for information on this question. If Mr. Peters harbors the idea that the people should not demand the fullest investigation into this matter, he has mistaken the temper of the intelligent electorate of this Province. If he vainly imagines that he can complacently repose amid the indignation which exists on every hand, and deny the most rigid enquiry and the fullest information in this affair, he may receive at the hands of an outraged people such a rude awakening as will form an epoch in his life.

We know that over \$9000 has almost entirely gone into the pockets of the friends of the government by way of discounts of the most unwarrantable and unjustifiable nature. But into whose pockets has this sum of over \$9000 gone? is the important question. This is a matter that concerns the public and should be of vital interest to Mr. McMillan. If he has allowed himself to be made a willing tool in the designing hands of Premier Peters, if he has so forgotten the important duties as the head of his department as to suffer himself to be like the clay in the hands of the potter, the public will hold him responsible. He has accepted a trust. He has become the trustee and custodian of the Public Lands of this Province. It is a duty he owes not only to himself but also to the public that the shortage of over \$4500 in his department be accounted for. Nothing short of a commission to rigidly investigate the present state of affairs in the Land Office will satisfy the people, and no person should be more anxious than Mr. McMillan to have his conduct vindicated while he is in a position to answer for himself before a properly constituted tribunal.

ONE OF THE PEOPLE. June 29, 1892.

A Pointer.

SIR,—I would like to call the attention of the Commissioner of Public Works to a new system of road making that is going on just now in this district. The new plan consists of laying a large tier of stone on each side of a road of about eight feet, then filling in the middle with clay and stone, making it impossible for carriages to pass, and so the axle or do over it it is sure to break the axle or should some other damage. As for the people who contract with the supervisor in giving to special friends, people do not grumble if they make a good job of them as nothing better is expected just now. I would advise the Commissioner, if possible, to get the Minister of Public Works of Canada to come and take one look at this particular piece of engineering in road making, and no doubt it will serve them through after life. This piece of road is situated on the Sturgeon Line Road, east end.

By giving the above space in your paper you will oblige

DIED. At Midgill, St. Peter's Bay, on the 9th inst., in the 34th year of her age, Maria, the second daughter of the late Charles E. Sanderson, and the beloved wife of George Sanderson, of Charlottetown, who died on the 11th inst. with the resignation of a true Christian, and passed away trusting in her Saviour. To her husband and friends who ministered to her in her last hours, she made manifest what faith she had in that solemn hour. Oh! let me see that happy place And be forever blest, Oh! let me see my Father's face And be forever blest.

Peacefully passed away, at Lot 27, on June 3rd, of water on the brain, John Connolly, of Kings Bay, in the 48th year of his age. He suffered intense pain for five weeks, during which time he was daily attended by Rev. J. J. Macdonald. He was a man of good character and beloved by all his neighbors, both Catholics and Protestants. On June 5th his body was laid to rest in the cemetery of St. Joseph's Church, Kelly's Cross. In San Francisco, Cal. June 19th, Christian, widow of the late Jas Purdie, and beloved mother of Jas T. Purdie, of this city, aged 76 years.

ONE of the sights of the city of Hamilton is the factory in which the celebrated "Myrtle Navy" tobacco is made. Some people may suppose that putting up pipes of tobacco must be a very simple matter, but a walk amid the ponderous and complicated machinery of the establishment would speedily undeceive them. Here are hydraulic presses, screw presses, iron frames, all of enormous strength, besides a steam engine and many other pieces of machinery. 1/2 1w

FOR OVER FIFTY YEARS Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. 1yr

B. T. ELWELL. Perfectly Well at 79 Years of Age!

AT SKODA'S COMMAND! "Time Rolls Back in Its Flight!" ENLARGEMENT OF PROSTATE GLAND! EXTREME CONSTIPATION AND CHRONIC INDIGESTION CURED BY THREE BOTTLES!

MR. B. T. ELWELL, FORMERLY OF FAYETTE, ARDROOKE COUNTY, ME., BUT FOR THE LAST THREE YEARS LIVING AT ROCKLAND, ME., NO. 6 SUMNER ST., WILLETTS. (GUESTS—I am now 79 years of age. I have been troubled for twenty years with inflammation of neck of bladder and enlargement of Prostate Gland. For six years, have been afflicted with irregular action of the bowels, alternating between Diarrhoea and extreme Constipation. For two years the Constipation has been so great, that I would have no action of the bowels at all. I have been a great sufferer from indigestion with no appetite. Within fifteen minutes after taking food into the stomach, it would become strongly acid with irregular burning sensation, and no action of the stomach whatever. Previous to taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS, I had taken many remedies, including castor oil, but they did me no good. I had been taking your Discovery for a few days before I felt a decided change. I have now taken one-half course (three bottles), and have a fine appetite, and the least distress or souring after eating. Bowels regular in action every day, and I feel as if I had been born again. I have experienced so much benefit from your Discovery, that I feel it my duty to testify to the wonderful effects of your remedies. Very truly yours, B. T. ELWELL. THE Unparalleled Tea! Cheap Railway Fares.

THE grandest tea of the season will take place at Head St. Peter's Bay on WEDNESDAY, JULY 6th, in aid of the Presbyterian Church at that place.

The large and active committee appointed to take charge is a sufficient guarantee that it will honorably bear the name of "The Unparalleled Tea."

Tourists who have visited St. Peter's Bay bear testimony to the superiority of the scenery, its enchanting and exhilarating air. The beautiful beaches, clothed in the richest green, fringing on the lovely Bay, whose waters are dancing merrily in the sunbeams, make it impossible for man to conceive that nature could be brought to more exquisite degrees of perfection.

On the grounds there will be a large and well stocked saloon, consisting of all kinds of temperance drinks, confectionery and fruit of every description that is procurable.

For the amusement of those who favor us with their presence, we have engaged Bicyclists to give an exhibition of speed and show a system of modern travel.

There shall also be erected a large bower, where sweet music will be discoursed by some of the most distinguished voices from the city. This, along with the best band that can be procured, together with football matches, swings, etc., cannot fail to make the day but one of solid enjoyment.

The trains will run as follows: A special train will leave Summerside at 6:30 a. m. (local time) connecting at Royalty Junction with a special leaving Charlottetown at 8:30 (local) arriving at St. Peter's at 10:40. Returning will leave at 6 o'clock (local).

Following are the fares: St. Peter's to Summerside (incl.) and return 95 cts. Summerside to Charlottetown " " 85 " " " " " " " " 75 " " " " " " " " " " 75 " " " " " " " " " " 65 " " " " " " " " " " 45 " " " " " " " " " " 35 "

Lot 40, 25c; Morel, 20c; Marie, 15c; Midgill, 10c; and single fares from Souris and intermediate stations to St. Peter's.

The committee will keep a look out for peddlers of liquor who will show up at or near the grounds on this occasion.

Should the day prove unfavorable the tea will take place the first fine day following.
