RHEUMATIC PAIN Can Be Costly!
"This winter I had to quit work because of rheumatic pain," writes Mr. T. Glofcheskie, Wilno, Ont. "I became fearful of being laid up as on a previous occasion with rheumatic pain. My pain became increasingly severe and spread from hip to ankle. Out of bed, the leg felt cold as though in cold water, so I stayed in bed. A friend persuaded me to take T-R-C's and I'm glad I did. In a short while I was relieved of my pain and was soon on the job again."
Don't suffer from Rheumatic or Arthritic pain. Take Tempton's T-R-C's—Canada's LARGEST-SELLING proprietary medicine to bring quick relief from such pain. Only 65c, \$1.35 at druggists. T-448

WE WERE BROKE...

BUT WE TACKED A COLLEGE DEGREE RIGHT INTO OUR BUDGET-PLAN.

Well, I simply mean that young Doug is going to get what I've always missed. I'd have a better job in my company today if my family had been able to give me a college education.

It happened a year ago. Maisie and I had just about given up the idea as hopeless. Doug had just started high school, which meant a good deal of expense, and then he fell desperately ill with rheumatic fever. Our debts had us crippled.

Then one day, when I was cashing my pay-check at the bank, I happened to get into conversation with the Accountant—chap called Henry Baldwin who goes to our church... and before I knew it I was pouring out my troubles.

He asked me a few questions about my job, my salary... if I had any securities or life insurance. I told him I had no bonds left, but did have a bit of insurance I took out when we got married.

Pretty soon—to my surprise—Baldwin came up with what seemed like a solution to my immediate problem—how to meet my pressing bills. Something I'd never thought of—my 15-year old insurance policy had quite a good cash surrender value, which Baldwin said was first-class security for a personal loan.

"But how am I going to pay off a loan?" I asked. "We seem to need every cent I earn just to make ends meet."

"You can probably do better than that, I think... if you really want to," said Baldwin. "But," he added, "you've got to have a real budget-plan to do it."

Next thing I knew he was telling me how to go about it. Told me some things about money management I'd never thought of before... and he gave me one of the bank's booklets called "Personal Planning" outlining his ideas in detail.

Next day, Maisie and I pulled out of the doldrums for the first time in months. Hopefully, we went to the B of M together and saw Henry Baldwin. Got a \$300 loan fixed up, and right then and there opened a joint account.

Boy, that account's been working overtime ever since... first paying bills with the loan we got, and then getting regular deposits—not just to pay off the loan, but to really save money.

We were mighty relieved to get that bank loan a year ago, but I think we're more thankful for what we learned when we were in a jam—that we really could save enough if we made up our minds to it and got a really practical budget-plan working for us.

Personal Planning has given us that... and let me tell you that boy's going to college—for sure.

Saving is the only way to move ahead of your worries, and stay ahead. And—sometimes—borrowing at the B of M is the best way to save. Find out how to save despite today's high prices. Ask for your copy of "Personal Planning" at your neighborhood B of M branch. It's yours for the asking.
