DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
I S L O N G F E L L O W
One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Former Local Girl Bowling In Boston
The following is an interesting item about a Charlottetown girl, the former Miss Gertrude Doyle, taken from a Boston newspaper. Miss Doyle is well known here for her bowling ability and has headed a number of local ladies teams in Maritime bowling competitions. Charlottetown is a city of 18,000—small by local comparison but a metropolis on Prince Edward Island, Canada—and the reason for this statement is that Charlottetown will be represented in the women's singles of the Record-American-Advertiser \$5,000 added Candelpin Championships at the Huntington '55' Alleys this weekend. Mrs. Gertrude Martin from the aforementioned Charlottetown, has forwarded her entry for the women's singles, and thus gives this weekend's competition an international flavor.
