THREE cases of drunkenness were tried by the Stipendiary Magistrate this forenoon. One was fined $20 and costs, another $12 and costs, and another $10 and costs. In answer to the Magistrate's question one of the trio stated that he obtained the liquor from one of the licensed vendors. The vendor will therefore be summoned for a breach of the Scott Act.

THE weather to-day has been unfavorable for the races at Upton Park, and they have been again postponed. If the track is good and the weather fine to morrow the horses may start; but at present it is impossible to tell how the weather or track may turn out. We should like to see a good track for the meeting, as the "Free for all" and "Stallion Races" will be very interesting.

AQUATIC CHALLENGE ACCEPTED.—Davis and Kennedy, of Portland, have accepted the challenge from Hamm and Conley, of Halifax. The contest is to be a series of three races, two single and one double scull race for $3,000 a side, or $1,000 each race; time, place and distance to be mutually agreed upon The two first named have deposited $1,500 at the office of the Boston *Herald*, the balance to be put up on signing the articles, which are to be signed in three weeks.

THE Ladies are astonished as well as delighted with the beautiful cheap Dress Goods at Young's.

THE DEAD MEAT TRADE.—A large business is now being done in the shipment of dead meat to Boston. About 100 carcasses of beef, and between 400 and 500 carcases of lambs and sheep are sent forward every week. Prices are well maintained, and so far the business has proved fairly lucrative. The killing of so many animals near St. John has also had a very telling effect on the trade in hides and sheep skins. The hides are sent to Boston and the wool is taken from the skins and forwarded to Canadian markets, while some of the skins are tanned here and others sent to the United States.—*St. John Tel.*

BURNED TO DEATH.—A little girl, aged about six years, daughter of Narcisse Marquis, merchant at Little Falls, was standing watching a pile of shaving, burning, when a spark caught in her clothing. She immediately started to run home, and as the wind was blowing hard at the time, the spark was soon fanned into a flame, so that on her arrival at home her clothing was completely burned off her. Her body was burned to a crisp from her waist to the tops of her shoes. Medical attendance was got as soon as possible; but all that could be done was to alleviate her intense sufferings until death put an end to them about six o'clock Sunday morning.—*Fredricton Capital.*

TELEGRAPHIC NEWS.

IRISH NEWS.

LONDON, Oct. 24.

The *Times'* Dublin correspondent says accounts from different parts of the country since the proclamation against the League have been satisfactory. There has been no disturbance of business and people are much relieved.

DUBLIN, Oct. 24.

The subscription list of the Emergency Committee show a total of £13,000 during the past year. The committee received £1,000 from England as the result of recent appeals.

NEW YORK, Oct. 24.

A Dublin special contains an interview with Parnell, in which he says: "Taken alone, my arrest would not necessitate any change in the policy laid down by the National Convention, as I had been able to perfect the machinery for carrying on that policy. But subsequent arrests of leading members of the Executive and leaders in the country practically deprives us of the power of carrying out the resolutions of the Convention, as the details necessarily would have required the greatest care and attention of the central executive."

LONDON, Oct. 24.

Probably Parnell will be removed from Kilmainham to Belfast or Lifford Jail, and Kettle, Monaghan, Dillon, O'Kelly, Brenan and, if his eyesight will permit, Boyton, will be removed to other prisons, but it is impossible to remove Sexton or O'Brien on account of their health. Dr. Kenny, member of the Executive of the Land League, and well known as the medical attendant of several of the imprisoned suspects, was arrested to-day and conveyed to Kilmainham jail.

LONDON, Oct. 24.

The Press Association publishes an extraordinary story showing the activity of the Feniane in Great Britain, Paris and America. It says the residences and names of several conspirators are known, and warrants are already in the hands of the London police for their arrest. Until a few weeks ago what is known as the Fenian mail has been conveyed to London by a storekeeper on the National Line steamers, who forwarded the mail to Liverpool and Dublin. An important mail was received in this way just before the recent attempt to destroy the Liverpool Town Hall. The story concludes with a rumor that the Fenians have plotted the assassination of W. E. Forster, Sir William Harcourt, Mr. Gladstone and some members of the Royal family.

UNITED STATES.

WASHINGTON, Oct. 24.

The Senate has confirmed the nomination of ex-Governor Morgan, of New York, to be Secretary of the Treasury.

NEW YORK, Oct. 24.

The steamer *Malabar* arrived at this port to-day from the Philippine Islands with a cargo of 2,325 tons of sugar valued at $360,000. This is said to be the first steamer which ever came from the Philippine Islands to the United States and she brings what is determined to be the largest cargo of sugar ever imported into the United States from any country. The cargo will pay duty to the Government of about $125,000.

EUROPE AND THE EAST.

LONDON, Oct. 26.

It appears that only between 20 and 30 persons were drowned by the foundering of the steamer "Clan MacDuff." The disaster was caused by a leak in the vessel and the water which came through extinguished the fires in the furnaces.

PARIS, Oct. 24.

M. Faure, Bonapartist Deputy for the Department of Gerse and a military critic, who has been on a visit to Tunis, publishes statistics showing that since the commencement of the Tunisian expedition the French troops, varying in number from 20,000 to 35,000, have had from 12,000 to 15,000 on the sick list. The deaths from disease have been 900, typhoid fever being the cause of 85 per cent. of the mortality.

TUNIS, Oct. 24.

Insurgents under Ali Ben Amar attacked Larogne, but were repulsed with heavy loss. The French have occupied Mehdia. A column from Susa started for Kairivan to-day. Ali Bey reports mutiny of his troops imminent, owing to the French occupation of Tunis. There has been a week's continued fighting in the mountains near Zaghouon. The Bey demands from the French minister the immediate recall of Mustapha Pasha, his late Premier. The Minister of War started for Ali Bey's camp with instructions which will probably recall the mutineers to a sense of their duty.

LONDON, Oct. 24.

The relics of the Franklin expedition, recovered by Lieutenant Schwatka, have been placed in the museum of the Greenwich hospital.

MADRID, Oct. 24.

The financial and commercial condition of the country is decidedly more promising than for many years.

ROME, Oct. 24.

King Humbert will leave Monzo on Wednesday for Vienna, to meet the Emperor of Austria; will reach Vienna, 27th, and will return on the 31st.
