Summerside, Feb. 20, 1889.
FOR SALE.

THE FURNITURE AND FIXINGS throughout of that well-known and centrally situated House known as the "GLOBE HOTEL," on Buckingham Street, Halifax, N. S., next door to A. & W. Smith's.

This Hotel is in the most convenient part of the city, being central and on the line of the Horse Cars, which pass the door every seven minutes. Commercial men make this their headquarters; it also has been the stopping place for P. E. Island traders for years.

This is a fine opening for a live man, as the business is paying well. The present owner has to leave on account of ill health.
Part of money may remain on time, but will be sold low to cash buyer.
This Hotel is also headquarters for patrons of Husbandry. Write to or call on
H. L. WALLACE,
Globe Hotel,
Halifax, N. S.

MISS M. HARRIS will receive a few Pupils for instruction in PAINTING and DRAWING.
Residence—Corner of Euston Street and St. Peter's Road.

The Teacher

Who advised her pupils to strengthen their minds by the use of Ayer's Sarsaparilla, appreciated the truth that bodily health is essential to mental vigor. For persons of delicate and feeble constitution, whether young or old, this medicine is remarkably beneficial. Be sure you get Ayer's Sarsaparilla.

"Every spring and fall I take a number of bottles of Ayer's Sarsaparilla, and am greatly benefited."—Mrs. James H. Eastman, Stoneham, Mass.

"I have taken Ayer's Sarsaparilla with great benefit to my general health."—Miss Thirza L. Creer, Palmyra, Md.

"My daughter, twelve years of age, has suffered for the past year from
General Debility.

A few weeks since, we began to give her Ayer's Sarsaparilla. Her health has greatly improved."—Mrs. Harriet H. Battles, South Chelmsford, Mass.

"About a year ago I began using Ayer's Sarsaparilla as a remedy for debility and neuralgia resulting from malarial exposure in the army. I was in a very bad condition, but six bottles of the Sarsaparilla, with occasional doses of Ayer's Pills, have greatly improved my health. I am now able to work, and feel that I cannot say too much for your excellent remedies."—E. A. Pinkham, South Molton, Me.

"My daughter, sixteen years old, is using Ayer's Sarsaparilla with good effect."—Rev. S. J. Graham, United Brethren Church, Buckhannon, W. Va.

"I suffered from Nervous Prostration, with lame back and headache, and have been much benefited by the use of Ayer's Sarsaparilla. I am now 80 years of age, and am satisfied that my present health and prolonged life are due to the use of Ayer's Sarsaparilla."—Lucy Moffitt, Killingly, Conn.

Mrs. Ann H. Farnsworth, a lady 79 years old, So. Woodstock, Vt., writes: "After several weeks' suffering from nervous prostration, I procured a bottle of Ayer's Sarsaparilla, and before I had taken half of it my usual health returned."

Ayer's Sarsaparilla,
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price \$1; six bottles, \$5. Worth \$5 a bottle.

SCIENTIFIC AMERICAN
ESTABLISHED 1845.
Is the oldest and most popular scientific and mechanical paper published and has the largest circulation of any paper in the world. Fully illustrated. Best class of Wood Engravings. STREETS.

The Citizens are hereby notified that there is now kept in the City Clerk's Office a Book wherein they can register for immediate attention by the City Surveyor any dangerous platform crossing, unprotected cellar, or other nuisance or obstruction on or adjacent to the streets of the City.

All such information given will be gladly received and acted on without loss of time.
By order,
A. H. MACPHERSON,
City Clerk.
City Clerk's Office, Feb. 22, 1889, 31.

THIS PAPER may be found on the 31st of Geo. P. ROWELL & CO'S Newspaper Advertising Bureau (10 Spring Street), where all advertising contracts may be made.

DOMINION PARLIAMENT.

VISIT TO THE FISHERIES EXHIBITION

AND THE NATIONAL GALLERY.

(Special Correspondence of the Examiner.)
OTTAWA, Feb. 21.

Since the debate on Commercial Treaties on Monday little interesting has taken place. Numbers of private bills are being advanced. Several important public measures have passed the second reading; but the principle subject of debate has been the estimates. Over these the Opposition are continually haggling—they are either too large or too small. But they are passed all the same, and all that is left is the time and extra printing in Hansard.

The system of reporting for the Hansard seems very complete. Each stenographer takes twenty minutes, and next morning sheets of the preceding day's debates are handed round.

Some fun was caused the other night by the set-to between Nicholas Flood Davin and Mr. Cook, of Simcoe. Mr. Davin, who is generally dressed very ordinarily, on this occasion was got up in great style. Full dress coat and any amount of white shirt showing, with a white silk handkerchief stuck coquetically in his vest, gave him a very gentlemanly appearance, and his decided lack of hair on his head evidenced his "early piety." Mr. Cook is a large-sized, fine looking gentleman, reputed to be very wealthy—but not considered very refined. The House was in roars of laughter during the wordy duel, and the monotony of the session was thus agreeably broken.

Sir John Thompson and Hon. Mr. Tupper are constant attendants in the House just now, and several bills in their departments are being pushed through. The amendment to the bill respecting Masters and Mates of coasting vessels will likely be highly appreciated by the vessel owners of the Maritime Provinces. Yesterday, ninety-six petitions were brought up and laid on the table.

Mr. Perry gave notice that on Friday next he will make the following enquiry:—Are the repairs to the dredge Prince Edward completed? If so, what is the cost of the same? In which of the harbors of Prince Edward Island is the dredge to commence work? and at what date?

This morning I paid a visit to the Marine and Fisheries Department, and found that this branch of the civil service is pretty hard-worked at present. In company with A. W. Owen, Esq., I took in the fishery exhibit, and was greatly interested in the most interesting exhibits was that of young brook trout that had been grown from eggs hatched in the building. They were about four and a half inches long, and I was told that they were nine months old. A great lake trout caught in Lake Superior, about four feet long, was said to be 100 years old.

In this exhibit are also shown specimens of different fish-eating birds and animals. Upstairs, the National Gallery of Painting contains some very fine oil paintings, prominent among which are K. Harris' two great pictures of the "Fathers of Confederation" and "Capturing the School Trustees." Both of these are noticeable for the manner in which the figures appear to stand out clear of the surroundings. At a little distance the life-like appearance of the persons represented is remarkable.

The Robertson matter is causing considerable talk around the galleries, and different opinions are expressed about it. The facts are that Dr. Robertson put in three separate bills for services rendered the Marine Department, one for \$30, one for \$11, and another for \$3, which amounts were paid him by the Department. These amounts were paid, and, possibly some others.

The Albany Concert last night was a great triumph, and a fearful crush. The first state ball at Government House will be given on the 4th March. G. F. O.

LETTERS TO THE EDITOR.
The Baptist Church.

Sir,—Mr. Stevenson's reply to "Enquire's" question is unsatisfactory. Instead of taking the question and answering it as any person would have expected, he goes back to Peter founding the Apostolic Church. What has that to do with the point in question? It was simply this: Our day is that makes a Baptist Church in this way; not in the day of the Apostles? The word "First Baptist Church" frightened Mr. Stevenson and he has been careful to keep clear of it ever since he knew that it would place him among the Baptists. Now, Sir, I shall have to show Mr. Stevenson what it is that makes a Baptist Church. It is a well known fact that all Baptist Churches agree on this point: to dip, or plunge, their disciples in water at baptism; and they will receive none but adults. This is true of all Baptist Churches wherever they are found. Other denominations differ from them. They receive infants, and baptize them by sprinkling. This appears to be the line that separates the Baptists from all other denominations. I shall ask Mr. Stevenson: which side of the line does he stand on? He must be on one or the other, unless he is a Quaker. Now I will give Mr. Stevenson an advice: Not to be alarmed again if he should hear of the First Baptist Church in this city; for if they should look for the Second, I think they can find it without going far.

Yours truly,
ENQUIRE.

Local and Other Items.

Crossing both ways at the Capes to-day.

THE GEORGETOWN CARNIVAL.—The Carnival at Georgetown, this (Tuesday) evening, will likely be largely attended. Many new features will be introduced. Don't fail to attend.

OMITS.—The names of James Johnston and Harry Kennedy, of Kensington, who represented clowns, were inadvertently omitted from the Victoria Carnival list, published on Friday last.

PICKED UP.—The steamer Worcester, while on the passage from Halifax to Boston last week, picked up a Gloucester fisherman, George Reynolds, who had lost his schooner the previous day and had been drifting for 24 hours.

The great majority of so-called cures do little more than impair the digestive functions and create bile. Ayer's Cherry Pectoral, on the contrary, while it cures the cough, does not interfere with the functions of either stomach or liver.

IMPROVEMENT.—The new electric lamp placed at the entrance to Oddfellows Hall, Queen Square, was lighted for the first time last evening, and presented a fine appearance. The globe shows out the emblematical links and the four initials of the Order.

Let quality, not quantity, be the test of a medicine. Ayer's Sarsaparilla is the concentrated extract of the best and purest ingredients. Medical men everywhere recommend it as the surest and most economical blood medicine in the market.

ANOTHER VICTIM.—An unsophisticated man wants to know if the New York Woman's Exchange is a place where a forlorn husband can exchange a woman who translates Greek poetry and paints blue sunsets on red plush for one that can broil a beefsteak and sew on a suspender button.

SPECIAL PRIZES.—The Boston Globe has offered two prizes to the largest family in New England. A gold watch is to go to the mother, and a silver mug to her youngest child. A family of seventeen has been discovered in Holyoke, Mass., and at present stands a fair chance for the prize.

CARNIVAL AT SOURIS.—The management of the Souris Skating Rink intend holding a grand fancy dress Carnival on either the 15th or 14th of March. Choice music will be furnished by the Souris Brass Band. The committee intend making this the most novel of the fancy Carnivals of the season. Full particulars later.

HIGH LICENSE IN PETERBORO.—The voting on the high license by-law to be adopted in case the Scott Act is repealed at the voting in April next, took place in Peterboro, Ont., on Wednesday last, resulting in the adoption of the by-law by a majority of 35. The by-law places tavern licenses at \$100, shops at \$300 and saloons at \$600.

WHY SHE REFUSED.—A man applied at the Campbell County, Va., clerk's office for a marriage certificate, but wanted it for a quarter. The clerk exacted \$1, the usual price. Next day the man returned and asked the clerk to refund, as the girl refused to marry a man that was so stingy as to try to barry down the price of a marriage license.

A VERY SMALL PLACE.—Says the St. John Gazette: A number of immigrants—some German and some English—arrived in the city the other day. Yesterday they were at the I. C. R. station trying to discover where they were. One of the women, when asked where she was going, said she was looking for New Brunswick, but didn't know where it was.

A CURLING RINK COLLAPSES.—What was nearly a serious accident occurred at Campbellton, N. B., on Tuesday afternoon last. The curlers were in their rink playing and a large number of spectators were present, when a crash was heard, and all hands made a rush for the door and got safely out just in time to escape being crushed beneath the roof, which fell under the weight of a heavy mass of snow.

CARNIVAL.—The Carnival in the Crystal Rink, Summerside, to-morrow, (Wednesday) evening promises to be very successful. The managers are doing everything in their power to secure new features and attractions. A special train will leave Charlottetown for Summerside at 4 p. m., on Wednesday, and will leave Summerside on return at 1 a. m. on Thursday. Worth's Band will be in attendance.

SEVERE WEATHER.—An exchange says: The continent of Europe has known no such severity of weather as has prevailed the present week since 1875. The most of the German railways are still blocked by Sunday's storm, and in the Pyrenees country the floods are beginning, which will cause frightful damage within another week. Should a sudden thaw come, all Europe will be taking up collections for the sufferers by inundations in different countries. In London, though the snowfall was heavy, it caused less inconvenience than usual to traffic, but there has been a painful increase of suffering in the slums, and augmented pressure has been put upon the new County Council to hasten forward the work of improving the houses of the poor.

Principal G. M. Grant says that Ottawa opposition journalists misquoted his remarks on commercial union, made during a recent address in that city. What he did say was that free trade between Canada and the United States would be advantageous to both countries, but Congress would not consent to mutual benefit, unless Canada consented to pay fiscal and political absorption as the price. Canada will never pay half or whole of the price. The louder we clamour for it, the less likely we are to get it on fair terms. When we can give an equivalent it may be secured, but that position will only be when Britain, Canada and Australia make up their minds to speak on commercial matters with one voice. The duty of the hour is to secure a commercial understanding among ourselves, and to discriminate in favor of all within the empire.
