THE DAILY EXAMINER.

JUNE 5, 1895.

DIRECT AND CONTINUOUS.

We shall not stop to make any enquiry regarding the letter of THE EXAMINER'S correspondent "Listener," for we are bound to assume that the officials of the railway, one and all, are working with a single eye to the interests of the railway and the Province. But we have no doubt that there is a good deal of misapprehension abroad concerning the proposed new time table. Supposing that the C. P. R. time table will remain as it is, and giving the Northumberland three hours to cross from Point du Chene to Summerside, the new time table will be, according to standard time, about as follows:

TIGNISH TO CHARLOTTETOWN.

STATIONS.	Exp's to S'side & Accom'n to S'side and Ch'town.	Accom'n to S'side & Exp's to S'side and Ch'town.
Tignish.....dep	5.00 A. M.	11.00 A. M.
Alberton.....	5.40 "	11.55 "
Summerside.....ar	8.15 "	4.05 P.M.
" .....dep	8.30 "	8.20 "
Charlottetown.....ar	11.40 "	10.35 "

CHARLOTTETOWN TO TIGNISH.

STATIONS.	Exp's to S'side and Accom'n to S'side and Tignish.	Accomm'n to S'side and Exp'ss to S'side and Tignish.
Charlottetown.....dep	6.40 A.M.	3.30 P.M.
Summerside.....ar	8.55 "	6.40 "
" .....dep	11.40 "	8.30 "
Alberton.....ar	3.40 P.M.	10.50 "
Tignish.....ar	4.45 "	11.30 "

It will readily be seen that there is no truth in the report that train accommodation will not be provided for persons desiring to come to Charlottetown and do business and return the same day. Passengers all the way from Tignish and from Summerside east will arrive in Charlottetown at 11.40 in the forenoon, be enabled to stay and do business here until 3.30 (4.30 local time) in the afternoon—a period of all but five hours—all business hours.

It is true that the second train will arrive at Tignish late in the night—that cannot be avoided. But to all who appreciate or need close connections and fast travel this will be no great hardship; and and for all those who do not, there are comfortable hotels in Summerside where they can stay all night and still be at their destination a whole day ahead of the time possible under past arrangements.

The same remark holds good in the case of those who do not care to come on to Charlottetown with the mails. They can stay comfortably at Summerside all night and be in town many hours before they could be under the existing arrangement.

So it will be seen that there is little in the principal objections to the new scheme. But, what are the advantages? (1) Under the new arrangement, passengers from all over the Province may be brought from their homes to the steamer in the morning. (2) To all points between Charlottetown and Tignish there will then be direct and continuous communication from all points in the railway system of the mainland; in fact, we shall have, for the first time, under the proposed arrangement, a fulfilment of the terms of Confederation, so far as summer travel is concerned. (3) Business men at the West, leaving home in the morning, can have all day at Summerside, and four hours and fifty minutes in Charlottetown, and return to their homes in the evening or night,—an advantage never before enjoyed. (4) Persons residing west of Summerside will have two chances each day to go to that town and return home the same evening.

Compare the advantages with the disadvantages—a few hours of night travel—and we think that it will be admitted that the former largely over-balance the latter.

Of course, the success of the arrangement will depend largely upon the hearty co-operation of the steamer and railway officials, and we are strong in the belief that this will be given.

NOTES AND COMMENTS.

—Foreign commerce has been made by the Liberals their special test of the country's commercial condition. The Montreal Gazette remarks that in Canada's case it shows not only relative but actual progress during a period of world-wide dullness in foreign commerce.

—Reports from country towns of Newfoundland show general satisfaction at the obtaining of the loan. Business men announce an increase in orders on Saturday, stocks being ordered from abroad, and everything betokens a vigorous rebound towards prosperity. Colonial Secretary Bond's success in negotiating the loan has set on foot a scheme to run him for premier to replace Sir William Whiteway. Mr. Bond leads the radical element of the Whiteway party, which outnumbers the others considerably. The movement is being pushed vigorously. Sir William Whiteway will be given a Supreme Court Judgeship if a vacancy occurs; if not, he will be relegated to a seat in the Legislative Council.

—The St. John Sun's Ottawa correspondent remarks that Mr. Davies laboriously strove, in his speech on the budget, to show that while the grit ideal was free trade as it was in England, and while this was the aim and goal of the party, it was a gross slander to charge that the party proposed to adopt the British tariff system. It was not the purpose of his friends to disarrange business by abrupt and revolutionary tariff changes, nor yet did they propose to adopt the British system of direct taxation. Exactly what they do propose he did not make clear. Our friends of the Opposition have made little progress in explaining their position on the tariff. But Mr. Laurier and Mr. Davies have done something towards making a new dictionary. They have defined the verb "to aim at" and the noun "goal." To aim at a target means to prepare, not to hit, the target. A goal is any object which is not intended to be reached. Thus to aim at free trade as in England means in Mr. Laurier's vernacular to work out a policy unlike that of England, while to take free trade as a goal means that you are not to go to free trade.

To have perfect health you must have pure blood, and the best way to have pure blood is to take Hood's Sarsaparilla.

FATHER McELMEEL'S FUNERAL.

At 9 o'clock this morning the altar boys and clergy filed out of the main entrance of the Palace, where the remains of the dead priest were laid out, and walked in procession to the Cathedral to the solemn chant of the Miserere. At the Cathedral the Office for the Dead was recited by the clergy. The congregation was large and included His Honor Lieut.-Governor Howlan, Judge Hodgson and many other prominent citizens, Catholic and Protestant. The solemn Mass of Requiem was celebrated by the Very Rev. Mgr. McDonald, Administrator of the diocese. Rev. Fathers Gallant and Reid were the Deacons. Father Hogan had the ceremonies in hand. The music of the plain chant Requiem, beautifully harmonized, was never better sung by the full choir under Mr. Blanchard's direction. After the Mass, the Libera was chanted and Mgr. McDonald pronounced the absolutions. The massive black coffin, mounted with heavy silver handles and covered with beautiful floral wreaths, was left in the centre aisle of the church surrounded by burning tapers and a number of devout mourners. The funeral to the station will be at four o'clock, when the remains will go by train to Hunter River to be interred in the Parish cemetery at Hope River. Among the priests present we noticed, besides the Cathedral and College clergy, the Revs. R. P. McPhee, D. J. G. McDonald, A. E. Burke, F. X. Gallant, A. J. McDonald, J. J. McDonald, S. T. Phelan, J. C. McMillan, P. Curran, R. B. McDonald, R. A. McDonald, and many others. Every sympathy is being extended to the deceased's parishioners and friends, who feel deeply their great and unexpected loss. A number of flags are at half-mast out of respect for the dead priest.

PERSONAL.

Mr. George F. Owen, of Cardigan, is in the city, on his way back to Ottawa. He is at the Queen.

Rev. W. P. Archibald and Miss Helen Archibald, of Cavendish, are among the guests at the Queen.

Mrs. Moore, of Sackville, is visiting her sister, Mrs. M. J. Macdonald. She crossed by the Capes last evening.

Mr. W. D. McKay, of the Charlottetown Woolen Company, has returned from his business trip to the principal cities of Canada and the United States.

Sir Henry Gustave Joly de Lothbiniere is to be tendered a banquet at the Union Club, Quebec, at which the Governor-General and Lieut.-Governor Chapleau will be present.

Lieut. Mellish, 82nd Batt., returned from the Royal Infantry School, Fredericton, this morning. He left Fredericton at 11 o'clock yesterday, and arrived at Cape Traverse at 11 last night, reaching Charlottetown by this morning's train—a very quick trip.

Mr. E. S. Comstock, of Toronto, representing a New York Corset house, arrived here last evening and registered at the Queen Hotel. Mr. Comstock left Pictou for Summerside yesterday morning in the Miramichi, got to Summerside, finished his business there and came to Charlottetown last evening, as above stated. He finished up here last night and left for Pictou in the steamer this morning. This was Mr. Comstock's first trip to the Province. When he becomes better acquainted what a hustler he will be.

Rev. A. W. Daniel, who leaves in a short time for Rothesay, N. B., to assume the rectorship of the Church of England at that place, preached his farewell sermon to the congregation at Crapaud on Sunday last. The congregation was the largest ever assembled within the church, and many persons were unable to obtain admission. At the conclusion of the service Rev. Mr. Daniel was presented with an address expressive of the esteem in which he is held, to which he replied in fitting terms. During the time that Mr. Daniel has been in charge of the church at Crapaud he has made very many warm friends, and his departure is greatly regretted by persons of all classes and creeds.

NEWS NOTES.

Mrs. Maybrick is again ill, and the agitation for her release is again revived.

Twenty thousand employes in the Carnegie mills are to get a 10 per cent. wage advance, beginning June 17.

In Boston, on Sunday, the thermometer registered 96 at noon—the hottest June 2 recorded for forty years.

Edwin F. Uhl, Assistant Secretary of State, will fill Walter Q. Gresham's place pro tem. His successor, it is said, will not be named by Mr. Cleveland at present.

The London Daily News, commenting upon the attack upon the representatives of Christian powers at Jeddah, says:—"It is not too much to say that there are many signs of a holy war against all Christian communities and all Christian rights in the Turkish Empire."

In the Boston divorce court, last week, Sarah C. Livingstone testified that she was married to Boyd Livingstone at Charlottetown, P. E. I., in 1886, because her father forced her to, but had never lived with her husband, and wanted the marriage annulled. The request was granted.

The foundation of a monument to Bismarck was laid on Saturday at Rudelsberg, Central Germany, in the presence of an immense throng. Among those present were students and delegates from most of the German universities, together with many persons of national prominence.

Sunday was the fiftieth anniversary of the death of Garibaldi. In Rome popular societies marched to the Capitol, where they deposited a wreath on the liberator's monument. As the line was moving to the Capitol, four revolutionary societies quitted the procession on a Crispi society appearing. On the whole, the demonstration was orderly.

To carry out her physician's orders that she should live as much as possible in the open air, Her Majesty the Queen spends the chief working part of the day at Balmoral in a three-roomed structure, half cottage and half tent. One end is entirely open. The place is secluded by shrubberies and there is a pleasant outlook. Here she often takes her breakfast and either writes or dictates.

There is really no limit to modern advance, and this the Priestley's, whose black dress fabrics are known over the whole world, have proved, for in the new "Eurodа" they have improved upon what has been deemed by thousands of ladies absolute perfection, namely, their beautiful Henrietta dress goods. But the "Eudora" has secured the suffrages of the ladies, and for the reason that it has a lovely glow which is all its own, greater width and weight, while it has the quality of absolutely shedding the dust. Wrapped on "The Varnished Board," and the name stamped on every five yards. .....

NEW ORGAN.—St. Luke's Church Halifax, is having a new organ put in, the cost of which is about $6000.

IT PAYS TO BE HONEST.

(Canadian Gazette, London, Eng.)

One would have thought that the success of Canada's persistent efforts to develop her cheese trade with Great Britain would have suggested the necessity of of a like zealous care as to the quality of the consignment of other produce. Our columns—and notably the recent letter from Prof. Sheldon as to the shipments of Canadian apples—suggest otherwise. Neglect always retaliates upon the country of origin sooner or later. On this point the Quebec commissioners report that they attended an English fruit sale by an auctioneer, and noticed that he never sold a lot without first emptying a barrel or case before the purchasers. If it is seen that the inside of the barrel does not contain fruit of uniform quality and size, the fact is bound to have an injurious effect upon the sale. "English importers," they very sensibly add, "are never deceived with impunity. Exporters who sell as good that which is of inferior quality, or who mix bad with good articles, run the risk of having their goods rejected in future on the English market."

Science Triumphant at Last.

Miller's Emulsion of Cod Liver Oil is the outcome of the latest scientific researches. There was always a prejudice against taking Cod Liver Oil on account of its disagreeable taste, but Miller's Emulsion is agreeable to the palate, and that is one reason why it has become so popular with the medical fraternity, the hospitals of the country and the households wherever consumption or lung troubles prevail. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In Big Bottle, 50c. and $1, at all Drug Stores.

AN EPITAPH FOR A HUSBANDMAN.

BY CHARLES G. D. ROBERTS.

He who would start and rise
Before the crowing cocks,—
No more he lifts his eyes,
Whoever knocks.

He who before the stars
Would call the cattle home,—
They wait about the bars
For him to come.

Him, at whose hearty calls
The farmstead woke again,
The horses in their stalls
Expect in vain.

Busy, and blithe, and bold
He labored for the morrow;
The plow his hands would hold
Rusts in the furrow.

His field he had to leave,
His orchards cool and dim;
The clods he used to cleave
Now cover him.

But the green, growing things
Lean kindly to his sleep;
White roots and wandering strings—
Closer they creep.

Because he loved them long
And with them bore his part,
Tenderly now they throng
About his heart.

SPECIAL DESPATCHES TO THE EXAMINER

PARLIAMENT OF CANADA.

An Unexpected Division in the House.

OTTAWA, June 5.

The second vote of the session came somewhat unexpectedly upon the House, within half an hour after the House met yesterday. Upon the time having arrived for taking over Thursdays for Government business, leaving only Mondays as private members' day, Hon. Mr. Foster proposed a motion to that effect.

Mr. Laurier admitted that the course proposed was usual, but said that the Opposition would ask as a condition of consent that the Government announce what was proposed to be done with the Hudson Bay Railway, the Chignecto Ship Railway and other matters.

Hon. Mr. Foster said that he was not prepared to answer all Mr. Laurier's questions, but he would tell him that it was not proposed to introduce legislation respecting the Chignecto Ship Railway.

Mr. Laurier claimed more information, and divided the House. About two-thirds of the members were within reach, and Foster's motion was carried by a vote of 87 to 55—a majority of 32.

Mr. Bennett, of Simcoe, made a brilliant speech, and exposed the treachery of Mr. Clarlton in advising the United States where to strike Canada in a weak point.

"Like Produces Like."

The Reason Why Carter's Haszard's Improved Turnip Seed is the Best:

Our supply of Haszard's Improved Turnip Seed is grown exclusively for our own trade by Messrs. James Carter & Co., the Queen's Seedsmen, London, England. This is the leading seed growing establishment of Great Britain. We supply to this firm yearly a few pounds of the true genuine stock of Haszard's Improved Turnip Seed, contracting for the growth from this stock of a certain specified quantity, and when harvested we take the whole of it. No other firm in Canada can buy a pound of this seed except from us.

OUR HASZARD'S IMPROVED COSTS US MORE THAN ORDINARY STOCKS. A firm of world-wide reputation, such as James Carter & Co., of London, does not need to contract at low prices; their prices are high but they are experts in seed growing, and we can depend on having the best that can be produced.

We cannot risk our business reputation by handling doubtful seed, HOWEVER CHEAP; and no farmer can afford to risk his valuable acres by SOWING DOUBTFUL SEEDS, however cheap. Buy Haszard's Improved Turnip Seed in our sealed packets, and you have the best in Canada. The price is 45 cents per lb.

HOME GROWN HASZARD'S IMPROVED.—We have had grown for the past two years near Charlottetown some choice seed of the true Haszard's Improved, and we believe it is better than even our English stock. We call it "Carter's Home-Grown Haszard's Improved." It is sold only in sealed packages at 50 cents per lb.

The above named strains of Turnip Seed, and also Carter's Prize Winner Swede (40c. per lb), are put up only in sealed cardboard packages, ¼ lb., ½ lb. and 1 lb. sizes, and each package bears our name and address.

For sale by our authorized Agents in all the leading trade centres of P. E. Island, and at our Seed Store, or will be sent by mail, postage paid, on receipt of price.

AS TO BUYING GOODS

No one (in this country at least) does business for pleasure only. The business man must make a living out of his profits, and, if he be honorable and honest, his profits will be neither extortionate nor unduly large.

To know **where** to buy and **how** to buy so as to sell with fair profit, undersell competitors and give good value to customers, is of the utmost importance to the merchant.

Not a little of our success is due to the experience of our senior partner as a buyer. After a thorough training in all departments of the business in one of the leading dry goods houses in Scotland, Mr. Paton came to Charlottetown, twenty-three years ago, and made his first trip to "the old country" as a buyer for one of the leading firms in this city in 1875. Admitted a partner of that firm in 1876 he continued his duties as buyer until eleven years later, when he acquired the business of which he is now the senior partner, and for which he has since made several trips to the old country.

Thus for twenty consecutive years Mr. Paton has crossed the Atlantic in his capacity of buyer, and for a number of years bought goods for five of the leading dry goods houses in Prince Edward Island.

The training received and the experience gained in this long period of careful attention to the duties of this department of business give Mr. Paton indisputable right to the foremost place among buyers in our line of business in P. E. Island.

We have a most satisfactory proof that the public recognize the value of the advantage we possess in this particular, in the large crowds which flock to inspect our every new arrival of the season's goods, and the innumerable expressions we hear of preference for our selections, value, and methods of conducting business.
