To Consider Use Of Mayor's Rink Fund

Mayor Henry Wedge said last night that a meeting will be called within a few days of the original rink committee and those who have made donations to the Mayor's Rink Fund, to decide what use may be made of the funds now standing to the credit of this community rink fund, amounting to approximately \$5,000.

The original idea behind the fund was to have sufficient money raised by community projects to build a rink in the town of Summerside. Now that a rink is under construction as a private enterprise, it remains to be decided what use may be made of the money collected for various service clubs and others, for the erection of the rink.

On motion of Dr. Hillard Clark, chairman of the finance committee, the sum of \$25 was voted for the Canadian Institute of the Blind.

As the result of discussion on the money (\$500.00) contributed conditionally to the Mayor's Rink Fund, the appointment of representatives to attend a forthcoming meeting of donors and rink committee was left in the hands of the executive.

This money had been donated to the fund on condition that it be used in the construction of a rink which at that time was proposed to be constructed as a community effort. Now, however, the rink is being constructed by private interests and the disposal of the money originally donated towards this effort, will be decided at a meeting which is expected will be held within a week.

The suggestion has been put forward that the money presently in the fund be left there towards the construction of a community swimming pool.

On this suggestion there was some difference of opinion at last night's meeting, and the appointment of a committee to represent the Legion will be chosen by the executive to attend the meeting.

A discussion on the cost and possibility of furnishing a room at the hospital was referred to the incoming executive for further study.

Harold Noonan reported on the Summerside High School band which has been organized through the cooperation of the Legion who loaned their band instruments to High School for this purpose. He reported that the band was making good progress and that the instruments were in good condition.

A very favorable report was submitted by the secretary manager, James Hogan, of the Armistice Day program. He also reported for Roy Boates, chairman of the relief committee, that parcels for the needy at Christmas time will be prepared on December 20th at the Legion Home, and delivery of these parcels will be made on December 23rd. It was suggested that the names of members to whom these parcels should be given should be turned in to the secretary-manager or to members of the relief committee.

Bill Lawson reported on the progress being made in preparation for the cribbage tournament.

Correspondence included letters of thanks from patients in the Provincial Sanatorium for gifts sent to them by the Legion branch. Also received was a letter of appreciation from Leonard Savidant who expressed his gratitude to the Legion, ROAF, and Government officials who made it possible for him to be flown to Central Canada on a mercy flight in connection with illness.

Roland Phillipson also reported on receiving a letter of appreciation from Misouche Convent for the Summerside Legion's participation in the Armistice Day program at Misouche.

Court Cancels Most Of Lord Nelson Hotel Stock

OTTAWA, (CP)—The Supreme Court of Canada has ordered the cancellation of a majority of the stock in the Lord Nelson Hotel Company of Halifax.

In a judgment partly reversing a decision of the full bench of the Nova Scotia Supreme Court, the court ruled that directors of the company cannot retain the stock handed over by the Canadian Pacific Railway when the CPR gave up its interest in the hotel in 1947.

The high court also ordered that a \$241,500 mortgage on the property, bought from the CPR by a group of directors for \$120,000 in 1948, must be scaled down to the amount of the purchase price.

The stock in question consisted of 3,300 preference shares with a par value of \$100 and 1,600 common shares of no par value. They were bought originally by the CPR at the time of the hotel's construction in 1926.

Financial Difficulties Later, the company got into financial difficulties and in the process of a reorganization in 1947, the CPR turned over its shares to C. B. Smith, its Halifax solicitor and president of the hotel company. Subsequently, the shares were divided among the directors, who in the meantime had bought \$143,000 worth of bonds in the company.

At the time the CPR gave up the shares, they were regarded as having no market value. In 1951, two of the directors, Col. S. C. Oland and H. Norman Stanbury, board to order the inquiry.

The investigation began Oct. 18, but was recessed pending completion of last week's trial of Hall and Mrs. Heady.

A federal grand jury recommended the death penalty for the couple, now under federal custody at the Missouri state penitentiary at Jefferson City. They are scheduled to die in the state gas chamber there Dec. 18 for the kidnap-murder of six-year-old Bobby Greenlease.

O'Connell also indicated the investigating panel of top police officers will again question former Lieut. Louis Shoulters, who resigned during early stages of the inquiry. It was Shoulters who arrested Hall here Oct. 6.

O'Connell also said Patrolman Elmer Dolan who accompanied Shoulters in arresting Hall, and taxi driver John Hager, the tipster who led Shoulters to Hall, probably will be recalled by the panel.

Hall said in his statement that he had about \$592,000 of the ransom money in his possession when arrested.

In a letter to Robert Greenlease made public today, Hall asked the father for forgiveness and assured Greenlease he does not know the whereabouts of the missing money.
