Montague Home, School Ass'n Regular Meeting

*Mr. Ralph Beck presided at the regular meeting of the Montague Home and School Association held in the High School Monday evening. A very entertaining feature of the program was a closely contested spelling match between the students of grade seven and grade eight. The match was conducted by Mrs. Janet Baker and Mrs. Elsie Waterworth and was won by the grade seven class.

The secretary-treasurer, Mrs. Ina Hickox, read the minutes of the last meeting and gave the financial report. The correspondence included a letter of appreciation from Miss Mary Flynn for text books which have been given to her class by the Association. A letter regarding the national convention, which will be held in

"DON'T BLAME ME!"

Everyone knows about the burning question of School Division No. 1. The issue is so big, in fact, that almost everyone in the Government is able to hide behind it. The Minister of Health and Welfare, in a humble plea over the radio, has said it isn't his mess so don't blame him. The Minister of Education says it really isn't his mess, because he wasn't there when it all started, so don't blame him. The Premier says it isn't really his mess, because it wasn't his decision to establish the School Division, so don't blame him. In fact, the Government really seems to blame the tax payers of Parkdale, Spring Park and West Royalty. If they'd only keep quiet and pay up then the whole thing would blow over. A Liberal Government established School Division No. 1 without consulting anyone. They built four new schools without regard to need, cost or who would pay for them. Having dug themselves into the hole, they then begged the taxpayers to pull them out. They had a plebiscite. There were the schools - there were the bills unpaid - and there was the Government saying, "Now that we've done it we've decided to ask whether or not you want it done." The plebiscite was held; the Government continued to run and hide. Now they're holding a public hearing. And after the public hearing, no doubt the Government will get the people of Parkdale, Spring Park and West Royalty together and they'll draw straws. No one can take credit quicker than Government Ministers - they credit themselves for good weather, windfalls, miracle drugs and the invention of the wheel. But they won't take responsibility. They can award contracts as fast as you can say, "Who's turn is it?" But they hate responsibility. Here is one of the issues we face in this election - here's why we need a change - because here's a Government that cannot face facts, cannot make decisions, and will not face up to its responsibilities. If they stay in power, they will continue to drift and dawdle and put things off.
