

### National Park Ready For Summer Season

Nearly everything is in readiness at the National Park for the summer season, it was stated last night by Mr. G. B. McGillivray, new Superintendent of the National Park in the Province.

The finishing touches are being put to a number of cabins in the cabin unit at Cavendish, he recalled. Construction of this unit ported. Construction of this unit ported. Construction of this unit ported. Construction of this unit ported.

The finishing touches are being put to a number of cabins in the cabin unit at Cavendish is in good shape and already quite a number of players have been over the course. Green Gables will open in a week or so and Dalway House according to custom usually opens around the middle of June.

### Receive B. C. Degree At McGill University

Among the Island students to receive degrees at McGill University this year is Mr. Francis MacAuley, (above), son of Mr. and Mrs. Frank MacAuley, Souris. Mr. MacAuley received his Bachelor of Commerce Degree.

He received his early education at Souris Line Road after which he entered St. Dunstan's and studied for four years. His studies were interrupted when he volunteered for the R. C. A. F. in 1940.

After cessation of hostilities he returned to St. Dunstan's where he received his B.Sc. Degree in 1947. He then entered McGill University to study in the field of Commerce.

Mr. MacAuley has been home for the past three weeks where he attended his brother's ordination to the Holy Priesthood on Sunday, May 20th. He will be employed with Campbell, Glendening and Denver, a firm of Chartered Accountants in Montreal, where he and his wife will reside. His many friends wish him much success.

### Trinity Junior W. A. Meeting

The regular monthly meeting of the Junior Woman's Association of Trinity United Church was held on May 30, in the West parlor. Mrs. Fred B. Gamble, president, presided, and Mrs. Ewen Anderson, read and took the minutes. Mrs. J. C. Montgomery reported that the new study for the associate minister, Rev. J. T. Irwin, was furnished with the exception of drapes, and these were left for the time being.

Mrs. J. W. McKenzie reported on the "Dime Parade" cards which have been distributed to all members, and explained how they were to be used. Mrs. McKenzie offered to collect the cards in May, 1952. Mrs. E. M. Found kindly offered to call at the Stamper Residence each Sunday morning and drive any ladies to Trinity Church who desired to attend. This offer was gratefully received.

Two generous donations were acknowledged. One from the Hungabee group, presided over by Mrs. S. E. Green, and one from the Ingleside Group, presided over by Mrs. H. H. Pierce. After some discussion it was decided to hold a tea and bazaar during the first week in October, and Mrs. R. Earl Taylor, Mrs. J. C. Montgomery, Mrs. LeBaron Tait and Mrs. J. W. McKenzie were appointed conveners, with other members to be called on as assistants.

The next meeting of the J. W. will be held early in September.

### P.E.I. Archaeologist Will Do Research Work In Athens

A Cincinnati paper, The Times-Star states that Dr. Cedric G. Boulter, a native of P.E. Island, will leave soon for Athens, Greece where he will do research work on ancient pottery for a year.

Dr. Boulter is the son of Mrs. Boulter and her late husband, J. Wilfred Boulter of this province. Mr. Boulter resides in Charlottetown.

The Cincinnati story is as follows: Dr. Cedric G. Boulter, assistant professor of classics in the University of Cincinnati College of Liberal Arts, was elected to the managing committee of the American School of Classical Studies, Athens, Greece, at the annual business meeting of the committee recently in New York City.

Dr. Boulter will replace Dr. William T. Sempke, U.C. professor emeritus of classics, who was granted inactive membership on the committee.

Headquarters for American archaeologists in Greece, the American School of Classical Studies is supported by more than 65 American colleges and universities. Each institution is represented on the managing committee.

Dr. Boulter has been granted a one-year leave of absence from UC to work at the Athens institution during the coming academic year. He will do research on fifth century B.C. Athenian pottery taken from the Agora, an ancient Athenian school centre.

At the Athens school, Dr. Boulter will work with a former UC associate, Dr. John D. Caskey, now director of the school.

### Early Visitors Are Numerous This Year

Even though the weather indicates the Island is still several weeks away from summer tourist trade there have been a surprising number of people visiting the Confederation Chamber and the local Tourist Bureau.

During May the visitors came from many parts of the world and from many parts of this country and the United States. From England alone visitors signed the guest books from cities and towns which will bring back nostalgic memories to many of our boys who served overseas in the last war. Among them were Leeds, Gateshead, Manchester and Birmingham, while Scotland was represented through St. Andrews and Inverness. Wales also provided a visitor, as did Belgium and St. Georges in the British West Indies.

From this side of the ocean visitors came from all parts of the four Maritime Provinces, Quebec, Ontario, Manitoba, British Columbia and Alberta. And from the United States they came from Denver, Colorado, Washington, D.C., California, Ohio, Michigan, Maine, Massachusetts, New Jersey and New York.

### Urge Early Start On Saskatchewan Irrigation Project

OTTAWA, May 31 — (CP) — The Federal Government was urged today to start work immediately on a South Saskatchewan River irrigation project and to seek an upward revision of prices paid under the International Wheat Agreement.

Western members of all political affiliations joined in the Commons to ask that there be no delay in starting a proposed \$100,000,000 project which would irrigate 500,000 acres of land in Saskatchewan.

They spoke as the chamber studied the 1951-52 estimates of expenditure for the Agriculture Department.

John Diefenbaker (PC—Lake Centre) urged that Canada take the initiative in seeking higher prices under the international wheat agreement. Several members supported him, but J. H. Harrison (L—Meadow Lake) suggested caution since in any negotiations the price also could be revised downward.

F. H. Larson (L—Kindersley) launched the irrigation discussion. He said Saskatchewan's industrial life is being impeded by the lack of power. The project would provide 375,000,000 kilowatt hours of guaranteed energy and another 100,000,000 of secondary power.

The irrigation phase of the project would provide water for 500,000 acres, of which 431,000 were good irrigable land, increase the population and give assurance of a steady livelihood. It has been estimated that the

**TO ATTEND MEETING.**—Mr. S. C. Wright, Provincial Director of Boys' and Girls' Club work will leave Sunday for Toronto to attend the annual meeting of the Canadian Council of Boys' and Girls' Club Work. Mr. Wright is vice-president of the Canadian Council. The meeting will be held on Tuesday and Wednesday.

**CAR ACCIDENTS IN CITY.**—Two car accidents in the City early last night resulted in considerable damage to the cars involved. An accident involving three cars at the corner of Euston Street and Elm Avenue occurred about 8:15. A car travelling South on Elm Avenue collided with a car proceeding East on Euston. The Elm Avenue car careened into an auto stopped at the Stop sign and pointing north. The front fenders and head lights of the three cars were smashed. The grill of the Euston Street car was also damaged. Fifteen minutes later a car travelling east on Grafton Street, was struck by a hit and run driver travelling west on the same street. The left front door, the left running board and both left fenders of the east-bound car were damaged.

**Present Rates**

(Maximum pension rates are \$125 a month for a married childless 100-per-cent pensioner, \$80 for a single 100-per-cent pensioner. The scales work on a percentage basis with a 40-per-cent pensioner getting 40 per cent of the maximum rates. Officials say roughly 90 per cent of all pensioners are an estimated 6,000 of the 162,000 pensioners would be eligible for the new supplement at once.)

**Col. Brooks' motion** was that consideration of the \$2,000,000 vote to finance the unemployment supplement be delayed until the committee has asked the Government in the Commons for wider powers to make recommendations for increases in both the scales of pensions and war veterans allowances, paid to aged and needy overseas ex-servicemen.

**New Motion**

Once it was defeated Capt. W. J. Henderson (L—Kingston City) came up with a motion that would ask the Government to consider

### Majorettes Big Attraction In Festive Parades

Mr. Gordon Clark, chairman of the Floats Section for the Charlottetown Festive Week Parade, said yesterday that the Majorettes would be quite an attractive feature of the Parades. The girls will be coached by Earl Taylor. More girls are needed and they should get in touch with either Earl Taylor or Fred Gamble at the Y. M. C. A. Already a number of entries are in for the Boys bicycle parade which is in charge of Art Burns at the Bike Shop. Some more entries are needed for the clowns in the fun section who will be coached by Jed Maddigan. There is only one more month to get everything ready and Mr. Clark says the boys and girls should get in touch with the various coaches as soon as possible.

Federal share of costs would amount to about \$88,000,000, payable during 10 years. The Saskatchewan Government and Saskatchewan farmers would pay an additional \$88,000,000. The project would be completed in seven years.

## Largely Attended Opening Of The Kinsmen Carnival

The spirit of youth was much in evidence last night as the annual Kinsmen Carnival opened at the Forum. There were games designed for youngsters, games of chance for elders and games of bingo for those in between. And on the stage was a young former Islander with a magician's act which left everyone wondering how the tricks were done.

Prior to the official opening there had been a parade of West Kent School Cadets and Sea Cadets from R. C. S. C. Kent led by the band of the West Kent School Corps. They paraded from West Kent through city streets to the Forum.

Mr. Ivan Sinclair, president of the Kinsmen Club, welcomed the crowd and expressed the hope they would all fully enjoy themselves during the three days the carnival will be operating. He was followed by His Worship, Mayor B. Earle MacDonald, who said, "This night is meant for youth. We all know what the Kinsmen have done for the boys and girls of this city in the past; this carnival will help provide the money for their future aid."

His Honor, Lieutenant Governor T. W. L. Prowse, officially opened the carnival and expressed his pleasure at being asked to do so. He told his large audience, "We should all take part in community work. We are all here to help others and by joining with service clubs we can best give that help."

The stage show was provided by 17-year-old John Campbell Sinclair of Halifax. The former Island boy who was born in Valleyfield, P. E. I., held his audience easily as he gave them a splendid exhibition of magical tricks. A student at Queen Elizabeth High School, Halifax, he has been practising magic for eight years and the results last night were excellent. One of his better tricks was called "The House of Parliament." Using a cloth net, he laced in it one silk handkerchief which represented the Liberals,

one representing the Conservatives and a third representing the C. C. F. Announcing he would then produce the usual result of mixing them, he brought from the small net a dozen large links of bologna.

**Pedigreed Pups**

Attracting wide attention are the five beautiful pups which are being offered on chance tickets. They are of the comparatively rare Great Pyrenees breed and are all white in color. The pedigreed pups are from a male and female imported by Mr. Frederic A. Large. The parents of the pups are both registered with the American Kennel Club. One of the pups will go to each of the five lucky ticket holders.

Another booth which brought back memories of last winter and thoughts of the one to come is where the tickets are being sold on the Forum seats for hockey matches next season. The winner will receive four choice front row holding seats with full season tickets — or he can take the equivalent in cash.

Other interesting booths aside from those for entertainment only are that of the full pantry where three prize winners will receive groceries to the value of \$60 for first prize, \$40 for second and \$25 for third. There are also booths for home cooking and home sewing. The latter has a large stock mainly of clothes for children. They range from dresses to play suits, sweaters to sun suits and frock coats to aprons.

The door prize winners last night were Dunstan Griffin, 249 Fitzroy Street, 12 pairs of Nylon hose; Sally McGee, 31 Bayfield Street, sports shirt; Mrs. Hector McNeill, 261 Fitzroy Street, shower and bath curtain set; Mrs. Wally MacDonald, Water Street, lawn chair; Miss Inez Shaw, Charlottetown Hotel, car blanket; Miss Alice Pineau, 9 Dorchester Street, case of motor oil; Mrs. Ed. Dooley, Chestnut Street, car cigarette lighter.

representations made by the Legion and other veterans bodies for at least a one-third increase in pensions rates. Opposition members contended it was out of order.

The chairman was considering the point at adjournment. The motion indicated that at least some Liberal members are ready to back a request for higher pensions.

### CENSUS

Continued from page 1

which Sir Wilfrid Laurier prophetically stated belonged to Canada.

But more than that, Canada's census will become a link with the world, for at the same time the United Nations is trying to get an accurate measure of world population in relation to world resources of food and other commodities.

"In this respect," said Mr. Howe, "your time with the census-taker will be a contribution to world unity and understanding."

The "giant job" of visiting every home in Canada will be kept "completely confidential." Information will be kept secret, and used for no other purpose other than census statistics.

The information, emphasized Mr. Howe, cannot be used for "income tax, military call up, allocation of manpower, or anything else."

### UNFAIR TREATMENT

Continued from page 1

Whether or not that is correct. Potato growers of the two Provinces sold their potatoes last fall at the ridiculously low price of 60 cents. They were mainly veterans and returned from the war. They took land under the Veterans' Land Act and could not hold their potatoes until spring.

"I should like to know whether they are going to receive an initial payment of \$1.20 a barrel for this year's crop. I should like to see fair treatment clear across Canada for the primary producers of Canada," Mr. Hatfield continued.

"When the minister speaks, I want him to tell the House just where we in New Brunswick and Prince Edward Island stand in regard to the 1950 and 1951 crop potatoes. We are willing to support the West but fair treatment should be given to every primary producer. If you force farmers off their farms by low prices, I do not know what you are going to do for food. I think the potato growers who were forced to sell for low prices last year are entitled to some Federal help."

### GENERAL BOOST

Continued from page 1

(Maximum pension rates are \$125 a month for a married childless 100-per-cent pensioner, \$80 for a single 100-per-cent pensioner. The scales work on a percentage basis with a 40-per-cent pensioner getting 40 per cent of the maximum rates. Officials say roughly 90 per cent of all pensioners are an estimated 6,000 of the 162,000 pensioners would be eligible for the new supplement at once.)

Col. Brooks' motion was that consideration of the \$2,000,000 vote to finance the unemployment supplement be delayed until the committee has asked the Government in the Commons for wider powers to make recommendations for increases in both the scales of pensions and war veterans allowances, paid to aged and needy overseas ex-servicemen.

### French Troops Block Rebels In Indo-China

HANOI, Indo-China, May 31 — (CP) — French troops, numbering 40 to one, have blocked an offensive by 45,000 pro-Communist Vietminh rebels south of Hanoi, French army sources said today.

The front is stabilized, for the moment at least. But the French admitted serious losses, but claimed they recovered all French troops lost in a three-day assault.

The Vietminh struck Monday night from the foothills west of the Duy River against a 20-mile section extending from Minhbinh, 45 miles south of Hanoi, up to Phly, 35 miles south of Hanoi.

Some witnesses said foreigners evidently were in the Vietminh ranks, because they heard orders given in German, English and French. Liberated war prisoners have reported previously the Vietminh tried to recruit them for an international brigade.

### Few Developments In Oil Dispute

TEHRAN, Iran, May 31 — (AP) — A Foreign Office spokesman said tonight the International Court at The Hague had rejected the British request for appointment of an arbitrator in the dispute between Iran and the Anglo-Iranian Oil Company.

The statement by the spokesman was not clear, but he appeared to mean that the court held it could not name an arbitrator until after it had considered both the British complaint and the reply of the Iranian Government.

## Vocational School Closing

Pictured above are the graduates of the four main courses given this year at the Vocational Training School. The graduates are from the classes in bricklaying, carpentry, electricity, plumbing and sheet metal. In the group are: W. H. Blaquiere, North Rustico; J. R. Buote, City; E. Donnelly, City; M. R. Drane, City; R. V. MacDonald, Souris; J. Moore, City; H. Bonness, Alberton; J. Campbell, Whim Road; J. Carmody, City; L. Fall, City; D. Har-

### University Training Is Considered

MONTREAL, May 31 — (CP) — The problems of young Canadians getting a university training in the face of rising costs were discussed in an interview today by St. Rev. P. J. Nicholson, president of St. Francis Xavier University, Antigonish, N. S.

Dr. Nicholson is here attending the annual meeting of the National Conference of Canadian Universities, of which he is president.

There were approximately 69,000 students in Canadian universities during the session just closed, said Dr. Nicholson. On the basis of the number of candidates seeking to enter universities, Dr. Nicholson estimated that by 1960 there will be more than 80,000 registered, or approximately the same number as the universities provided for in the post-war peak, brought about by the influx of war veterans.

The university enterprise in Canada, little more than 100 years old, has so grown that the plant involved is worth well over \$350,000,000 in the aggregate.

Dr. Nicholson said that despite this large plant, Canadian universities are falling behind in the provision of an adequate number of vitally important engineers, doctors, ministers, dentists and teachers.

Both Dr. Nicholson and Dr. F. Cyril James, principal and vice-chancellor of McGill University, said they are concerned about the rising costs of education from the students' point of view.

## Many Inquiries From Prospective Visitors

A total of 1,696 enquiries from prospective visitors to Prince Edward Island were handled during the month of May by the staff of the Travel Bureau which is an increase of 518 over the previous month. It was disclosed yesterday by Mr. George V. Fraser, director of the Province's Tourist and Information Branch.

Enquiries from the United States again topped the list when letters requesting information on the vacation possibilities of the Island totalled 933 during the month. Canadians writing in for information numbered 702 and there were 61 queries received by the Travel Bureau from other countries, chiefly France and Spain.

In addition to the tourist inquiries received during the month, the Bureau staff also handled the usual number of requests for information from school children across Canada and the United States and the lists of tourists inquired forwarded from the Canadian Government Travel Bureau in Ottawa.

During the last week in May, the Travel Bureau in co-operation with the Prince Edward Island Innkeepers' Association arranged for a window display and other methods of pointing out to the people of the province the value of the tourist industry to the province. The display, which is currently showing in Rogers' Hardware window in Charlottetown in connection with Tourist Service Week, will be sent to Summerside next week and possibly to other centres of the province at a later date.

TORONTO, May 31 — (CP) — A. V. Roe (Canada) Ltd., announced today that an F-86 Sabre aircraft powered with its Orenda turbo-jet engines has flown from Toronto to Montreal at an average speed of 685 miles an hour. The Sabre, piloted by Michael Cooper-Slipper, D. F. C., of Weston, a suburb of Toronto, covered the 316 miles in 28 minutes and 34 seconds, believed to be the fastest Toronto-Montreal flight on record.

school. Mrs. Angeline Blanchard, Mrs. Peter E. Gallant, Mrs. William Gallant, and Mrs. Joseph H. Gallant. Correspondence was then read.

Mrs. Anthony Gallant kindly invited the members to her home for the June meeting when the roll call will be answered by "My Favourite Man's Name". Bingo will be played to raise funds for the next meeting.

The meeting then adjourned.

## HOLMAN STORE NEWS

"EASY DOES IT."... Specially with the clean, speedy COLEMAN GAS STOVES you'll find in the Hardware Departments of both the Charlottetown and the Summerside Stores and you want to have all your cooking and baking made as easy as possible for the Summer months. You get wonderful satisfaction and service with Coleman Products. Coleman Stoves are reasonable in price: The 4K Folding Stove is \$17.50, the 381C Hot Plate is \$19.95 and the 975D Instant-Gas Stove is \$45.50. These are Table Models but Coleman Stoves on legs are also available at slightly higher prices. Come in to the Hardware Departments and get in on the "Easy Does It" for this Summer!

IT'S very scarce — and we're on quota BUT here it is white it lasts — "VIVELLA" — in a soft creamy white color! This exquisite, all-purpose flannel material does not need a "song and dance"; it is 54 inches wide, priced 3.55 a yard, "Vivella" is so soft, so adaptable for all types of sewing and so serviceable that we don't expect to have it on hand for any length of time at all... If you want it come get it right NOW in the Dry Goods Department.

REASONABLE in price — Smart in appearance — In a range of sizes from 12 to 52, are the PRINT STREET DRESSES in the 5 and 10 Department! There are several materials from which to choose — "Shan-Ray", "Faille-Ray" and "French Crepe" made up into attractive tailored styles with gored skirts, pockets, pert buttons and belts, and necker or neat collars. The colors are summery and fresh. Print Street Dresses are priced 4.98 and 5.95 in the economical 5 and 10 Department.

SOMETHING I just wouldn't be without is a NAVY BLUE SHEER for Summer wear... They are always wearable, always cool and always right! Also the price is very reasonable — You can have a stunning Navy Sheer for just 9.95 in the Ladies' Wear Department. You'll love the touches of white in pique, tatted lace or fine button trims — you'll love the swishy full skirts and the neat short sleeves. The sizes are 12 to 18... Come see the 9.95 Navy Sheer Dresses in the Ladies' Wear Department.
