### BEAUTY OF THE DAWN.

FROM THE GERMAN ARNDT.

I said unto the dawn—"why art thou so bright  
With amber glooms and tints of light?"  
I said unto a maid—"as morning fair—  
"Why wreath with smiles thy lip—with flowers thy hair?  
Beauty and morn' ye quickly must decay—  
Soon fade your tints, and flit your smiles away!  
Therefore adorn not!"

"I deck myself," the Dawn replied "in light,  
In amber glow and rosette splendor bright,  
In those rich hues rejoice to be arrayed,  
Nor ask, nor know, when fate shall bid them fade;  
He who the moon and stars ordained to shine  
Made those rich hues and fading splendour mine—  
Therefore I mourn not!"

"I deck myself" replied the beautiful Maid,  
"Ere yet the spring-time of my youth doth fade,  
Shall that short spring in settled gloom be past,  
Because stern fate must bid it fade at last;  
He who its plumage on the bird bestows,  
Who lives—and takes—the colours of the rose;  
In him I trust—and mourn not!"

### A GEM.

Oh! if the love of mingled souls  
Shall pass the mighty deep,  
And in the army death enralls  
Its ceaseless vigils keep.

If parted hearts again unite,  
Beyond the swelling tide,  
And love relumes its fading light,  
As passing ages glide.

If dual souls one being form,  
One perfect, blessed whole,  
I tremble not, earth's wildest storm  
May not affright my soul.

For this has been my darkest fear,  
And, this my deepest wo,  
Lest I no more thy voice should hear  
In the land to which I go.

But now I joy the love we share  
Need fear no mortal change,  
And only finds perfection where  
Angelic spirits range.

## Varieties.

**A SHORT STORY.**—When Mary and I were married, we were young and foolish, for we had nothing to be married with; but Mary was delicate and I thought I could take care of her best. I knew I had a strong arm and a brave heart to depend upon.

We rented a chamber and went to house keeping. We got together a little furniture—a table, bedstead, dishes, but our money failed us before we bought the chairs. I told Mary she must turn up a tub, for I could not run in debt. No, no. It was not long before our rich neighbour, Mrs. M. found us out, and kindly enough she supplied us half a dozen chairs added to our store. They were old to be sure, but answered just as well for us. I shall never forget the new face those chairs put upon our snug quarters—they never looked just right before. The tables have turned with Mrs. M. and me. Now she has become a poor widow, but she shall never want while I have any thing, never! cried the old man, with a beaming face. "I shall never forget these old chairs."

Ah, now the secret was out! It was the interest of the old chairs which maintained the poor widow. She was living on the interest and compound interest of a little friendly act done years before, and it sufficed for herself and daughter.

How beautiful it is to see how God blesses the operation of his great moral law. "Love thy neighbor" and we should oftener see it, could we look, into the hidden parts of life, and find that it is not self-interest, nor riches, nor fame that binds heart to heart. The simple power of a friendly act can do far more than they. It is these, the friendly acts, the neighborly kindness, and Christian sympathy of one towards another which robs wealth of its power to curse, extracts the bitter from sorrow, and opens wells of gladness in desolate homes. We do not always see the golden links shining in the chain of human events, but they are there, and happy is he who feels their gentle and irresistible influence.

**NO CREDIT GIVEN HERE.**—In the course of his travels with his own horse, Dr. Charles Jewett, the temperance lecturer, once entered a country tavern, where he sat by the bar-room fire to warm his fingers. His keenly roving eye soon discovered prominently, over rows of bottles with colored contents, in large letters, the inscription "No credit given here." Turning to the landlord (to whom he was personally unknown,) he said, "Ah! I see that you bring your people square up to the mark!" "Yes," replied the landlord; "it's no use to trust rum customers now-a-days. We must get it as we go along, or never get it." Jewett warmed his fingers a while, and then turning to the other, said—"I think I could add a word or two to your inscription, that would make it very nice." "What would you add?" inquired the landlord—"Give me a pen and a piece of paper, and I will show you." "Walk into the bar; there's a pen and ink—help yourself." The Doctor walked into the bar, and taking up a pen, he wrote as follows:

"No credit given here,"  
And yet I've cause to fear,  
That there's a Day Book kept in heaven,  
Where charge is made and credit given!

Laying down the pen and the lines, he walked to the fire and again sat down, expecting an explosion. The landlord, whose curiosity was somewhat moved went behind the counter to see what he had written. A pause of some minutes ensued, when the Doctor, glancing round saw to his great pleasure and somewhat to his surprise—from the intimation of dampness about the eyes, that he had driven a nail in a sure place. "A word fitly spoken, how good is it!"

**BE CONTENTED.**—I have a rich neighbour (say old Isaac Walton) who is always so busy that he has no leisure to laugh: the whole business of his life is to get money, and more money, that he may still get more and more money. He is still drudging on, saying that Solomon says, "The diligent hand maketh rich." And it is true, indeed; but he considers not that it is not in the power of riches that make a man happy; for it was wisely said by a man of great observation, "that there be as many miseries beyond riches as on this side of them." And yet God deliver us from pinching poverty, and grant that, having a competency, we may be content, and thankful. We see that the outside of the rich man's happiness; few consider him to be like the silk worm, that when she seems to play is at the same time spinning her own life away, consuming herself. And this many rich men do, loading themselves with corroding cares to keep what they have already got. Let us, therefore, be thankful for health and competence, and above all for a quiet conscience.

**ADVANTAGE DERIVED FROM ENEMIES.**—As to friends and enemies, I have hitherto, thanks to God, had plenty of the former: they have been my treasure; and it has perhaps, been of no disadvantage to me, that I have had a few of the latter. They serve to put us upon correcting the faults we have, and avoiding those we are in danger of having. They counteract the mischief flattery might do us, and their malicious attacks make our friends more zealous in serving us.—Franklin.

Pleasure, to be relished, must be shared. Let a blind fiddler make his appearance in the street, and the first thing Bill Jones will do will be to listen, but run for the other dirty boys in the neighbourhood to come and take a part in the festivities.

In the month of February, 1852 there will be five Sundays. A like circumstance will not again occur till 1880, twenty eight years hence.

Permanent rest is not to be expected on the road, but at the end of the journey.

Sound policy is never at variance with substantial justice.

### Important Notice to persons purchasing Sarsaparilla.

WHEREAS a quantity of SARSAPARILLA, bearing the name of "S. P. Townsend," but which not having been manufactured by J. R. Chilton, is of inferior quality to that sold under the agency of the latter gentleman. The Public are hereby warned, that the only kind of Sarsaparilla safely to be relied on has two labels, one in green, with the words following:  
"This is to certify, that the Compound Extract of Sarsaparilla, contained in this bottle, is prepared under my direction and supervision, from the Original Recipe of Dr. S. P. Townsend, and that it is composed of ingredients purely vegetable, and without Mercury."  
JAMES R. CHILTON, M. D. Chemist.

The only true kind is on sale at the Medical Warehouse of M. W. SKINNER, where all necessary information may be obtained.  
P. S. In addition to the above safeguard, look carefully for the following:

### SPECIAL NOTICE.

This is to certify, that the within Compound Extract of Sarsaparilla is manufactured by us expressly for the New York Proprietor of the Townsend's Sarsaparilla Depot, 61 Hollis Street, Halifax, N. S., and that he is our Sole Agent for the British Provinces.  
Each bottle of the Genuine Article has this Certificate with our signature, as at foot.

NOSTRAND & BACH,  
Successors to Clapp & Townsend, and Sole Proprietors of Dr. S. P. Townsend's Sarsaparilla Office, 82 Nassau Street, New York.

The original and Genuine Dr. Townsend's Extract of Sarsaparilla is now manufactured under the immediate direction of the well-known Chemist and Physician, JAMES R. CHILTON, of New York, whose Certificate, Printed on Green Paper, will be found on the Outside Wrapper of each Bottle. This will prevent the possibility of any mistake or question as to its Genuine.

A fresh Supply of the above SARSAPARILLA, just received from the Manufacturer, New York, via Halifax, for Sale, Wholesale and Retail, at SKINNER'S Medical Warehouse.

### Wonderful cure performed by S. P. Townsend's Sarsaparilla!

To M. W. Skinner, Agent for S. P. Townsend's Sarsaparilla.

This is to certify that I was, for this last 12 months, troubled with Fits; and from their very severe attacks, thought each one would terminate my existence; and, in addition to the Fits, I was reduced to a mere skeleton, and was extremely weak and nervous. I heard a great deal about S. P. Townsend's Sarsaparilla, for which you are Agent. I was advised to try it. And strange and wonderful to relate, before using the contents of one bottle, was greatly benefited. Indeed, so rapid and effectual was the cure, that it appeared to me to be almost miraculous. And I think that, in justice to the public and suffering humanity, I am bound to make the above statement, and say, that a greater blessing, in my opinion, than S. P. Townsend's Sarsaparilla never came to this Island.

(Signed) MARY LOWE,  
Bungay, New Glasgow Road.

Sworn to, before me, this 14th June, 1851.

The public will please bear in mind, that the above cure was made by the Sarsaparilla manufactured by J. R. Chilton, M. D., whose certificate, in green paper, is on the outside wrapper of every bottle, and be cautious not to buy any wanting this.

## PATENT ARTIFICIAL SLATE, And Unchangeable Metallic Paints; PROOF AGAINST FIRE & WATER!

Manufactured by the Patentee, in Colchester, Nova Scotia.

THE ARTIFICIAL SLATE is the product of a mixture of mineral substances known to be the best non-conductors of heat as well as the most indestructible; the Chemical affinity of which converts the surface of materials covered, into a Coating of Actual Slate—Proof against FIRE and WATER. Thus the laws of nature are made to accomplish results as surprising as they are useful, by rendering Wooden fabrics as durable as brick or Stone, and less pervious to moisture, and consequently preventing decay and destruction from corroding influences hitherto supposed unattainable.

The principal ingredients are Alumina, Silica and the Oxides of Iron. The adhesive quality of the latter not only binds and attracts the particles together, but the substance covered also. The longer exposed to the weather the more powerful the attraction, and consequently the harder the Slate. As various shades of colour are obtained, Brick buildings may be made impervious to moisture, and the fashionable colours of either Free Stone or Granite. The Oil must be evaporated by the action of the weather before it is Fire proof, which will take from nine to twelve months.

The METALLIC PAINTS, Purple and Red, are offered as Weather and Water Proof solely. Their base being Iron, secures them from Galvanic action so fatal to lead and other Paints on Iron work—and their chemical combination makes it impossible, that any change should take place from atmospheric influence or the action of Salt Water and Sulphureted hydrogen so prevalent in Sea Ports and Tidal Harbours. They surpass all Paints yet discovered in Cheapness and Durability, which render them pre-eminently adapted to the covering of all kinds of Iron work, such as Shipping, Mills, Bridges, Steam Machinery, Railway Cars, and Iron Railings. The METALLIC PAINTS have been analysed by Professor Hays of Boston. The following is an extract from his Certificate:—"As a permanent pigment, this mineral must rank with the most indestructible and unchangeable bases. For covering Metallic Ware, its composition shows that it is eminently fitted."

(Signed) AUGT. A. HAYS, State Assayer.  
Directions.—Artificial Slate. Mix the powder with pure Boiled Linseed Oil and a little Spirits Turpentine to the consistency of very thick Paint, and apply with a common Brush, being careful to keep the mixture well stirred while putting it on. One pound will cover ten square feet with two Coats.

If Shingles have been on for years, it will be necessary to sweep off the moss and lint with a stiff broom; two or three coats of this material will make a perfect Slate Roof, proof against Fire and Water.

The METALLIC PAINTS are mixed and put on like an ordinary paint.

JOHN ROSS, Patentee.

FREDERICTON, N. B., Nov. 13, 1850.

Mr. J. W. IRISH.

DEAR SIR,—Please send us two more barrels of your Artificial Slate. We have seen some of the good effects of it at the last fire. Some of the Roofs covered with it did not catch at all, and when the walls were burnt some of the roofs came down in one piece, and others were the means of saving the building, especially one roof alongside of the Bank B. N. A., which also was one means of saving the Bank.

Please see that it is on board of the first boat, as it might be neglected and stored.

Your obedient Servants,  
STEWART & NEILL.

St. JOHN, N. B., July 20, 1850.

JOHN ROSS, Esq., Patentee of the Purple Metallic Iron Paint.

SIR,—I have just painted a new Ship with your Metallic Iron Paint, and I have much pleasure in stating that I never painted a Ship with so small a quantity of Paint and Oil, and look so well. From its adhesive qualities and the manner it covers the wood, I have no doubt but it will be more durable and much cheaper than any other paint used for such purposes, and would recommend it to the public generally.

Yours, &c.  
ROBERT G. MORAN.

ROSS' METALLIC PAINTS.—We have already called public attention to the high estimation in which the Metallic Paints, manufactured by John Ross, Esq., Truro, are held by those who have had occasion to use them. Certificates of a highly satisfactory character in praise of these articles of Provincial manufacture appear elsewhere, in this issue, and from information afforded by parties who have similarly applied them, we can safely endorse the opinions therein contained.—Halifax Sun.

## HEALTH WHERE 'TIS SOUGHT!

## HOLLOWAY'S PILLS

CURE OF A DISORDERED LIVER AND STOMACH, WHEN IN A MOST HOPELESS STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hill Airdrie, Scotland, dated the 15th January, 1850.  
To Professor HOLLOWAY:

SIR,—Your valuable Pills have been the means, with God's blessing of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knows me.

(Signed) MATTHEW HARVEY.

CURE OF A CASE OF WEAKNESS AND DEBILITY OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated December 12, 1849.

To Professor HOLLOWAY.

SIR,—I beg to inform you that for nearly 5 years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day being unusually ill and in a dejected state, I saw your Pills advertised and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them—and so I went on persevering in their use for six months, when, I am happy to say they effected a perfect cure.

(Signed) WILLIAM SMITH.

(frequently called EDWARD)

CURE OF ASTHMA OF TWENTY YEARS' STANDING.

Extract of a Letter from Mr. J. K. Heydon, 78 King Street, Sydney, dated 10th November, 1849.

To Professor HOLLOWAY.

SIR,—I have the pleasure to inform you that many extraordinary cures of Asthma have been effected here by means of your Pills. One is that of a lady residing near the "Razorback," who after having for Twenty years been unable to make the slightest exertion, suffering very fearfully from shortness of breath, coughing and spitting, but is now, (to use her own expression) able to run up to the top of that mountain. Another case is that of Mr. Caton, Tailor, Hutchinson's buildings, Clarence-street, who was so dreadfully had that he was confined entirely to his bed-room or six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a dying state, yet he, likewise, to my knowledge, has been restored to perfect health by the use of your Pills, and rubbing your Ointment night and morning into his chest.

(Signed) J. K. HEYDON.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Messina Leghorn, 21st February, 1845.

To Professor HOLLOWAY.

SIR,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount and at the same time to add, that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; no, not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient Servant.

(Signed) ALDBOROUGH.

### Bliss's Compound Cod Liver Oil Candy.

A new and effectual remedy for Coughs, Common Colds, Cold in the Head, Hoarseness, Bronchitis, Asthma, Tickling in the Throat, Catarrh, Diseases of the Lungs and Bronchial Affections.

This favorite remedy is composed of Pure Cod Liver Oil, combined with other valuable ingredients, which completely disguise the repulsive taste of the Oil, without detracting from its medicinal virtues, presenting it in a form by which it can be administered to
