Capital Credit Union Told Of Area Poverty

Speaking at the third annual meeting of the Capital Credit Union Limited held at the Basilica Recreation Centre, Rev. A. F. MacDonald, director of the extension department, SDU, deplored the extent of poverty that exists in this nation and in the Atlantic region in particular.

Stating that 25 to 30 per cent of the Canadian people live in poverty in the midst of plenty, he reminded the 50 representatives present that the problem is growing and that there is an ever increasing spread between the "have and the have not".

Father MacDonald put forth the challenge to the credit union members to develop new ideas and to seek solutions to the problem of credit—a challenge to credit unions which are the institutions of the so-called middle class.

The meeting was chaired by William Shields who in his annual report to the members years the Capital Credit Union stated that in less than two assets had grown to approximately $50,000 and membership now exceeded 300. He also expressed the hope that within the next two months the proceedings for the merger of the CNR employees, the federal employees, the Tracadie and Vernon Credit Unions with Capital would be finalized. The Iona Credit Union merged during the year under review.

COMING PROGRAM

Frank Strain, chairman of the P.E.I. Credit Union League education committee presented an expose of the education and promotional program the league hopes to put into action during the coming year.

Also addressing remarks to the meeting were Rev. V. Murnaghan of St. Dunstan's University and Edmond Gallant, manager of the Morell Credit Union Limited.

The following officers were elected: William Shields, Urbain LeBlanc; Emmett Roach, Mrs. Reid Sangster and Rev. Donald MacLeman to the board of directors: Harry Partridge, Parnell Garland, George Cheverie and Elizabeth MacEwan to the supervisory committee; Leo Callaghan and David Walker to the credit committee.

Isabel MacDonald is the manager of this full-time operated credit union and William Meggison is the treasurer.

Heavy Damage, Injuries Caused In Two Accidents

MONTAGUE — Two accidents Saturday on the Seven Mile Road resulted in several people being rushed to the Kings County Memorial Hospital for treatment and also caused extensive damage to vehicles.

The first accident, which happened shortly after midnight, occurred when a car owned and thought to have been driven by William B. Campbell of Poplar Point left the highway trying to avoid striking a car which had just passed. The Campbell car caught the edge of the pavement, flattened the tire, then swerved across the highway rolled over several times then ended up in the right ditch on all four wheels.

With Mr. Campbell at the time was his two brothers Wilfred and Kenneth. All three received cuts and bruises and apparently Kenneth sustained an injury to his back. Damage to the car was said to be upwards of $2,000.

The second accident happened when a car driven by Gerald Lannigan of Montague was about to turn into a driveway and was involved in a near head-on collision with a car driven by Lloyd MacDonald of Annandale. Mrs. MacDonald and two passengers in the Lannigan car, Helen and Cathy MacGillivray were rushed to the Montague hospital for treatment. Damage to both cars was estimated at approximately $700 each.

The condition of all the passengers involved in the collisions is said not to be serious.

SPEAKER

(Continued from page 1)

These speeches, said the prime minister, were designed to prevent a vote. Then after that, the leader of the Opposition insisted that the matter go to a committee for six weeks. The committee had now reported and Mr. Pearson said he would like to see the report dealt with.

But if the Speaker ruled the amendment in order "we will go along with it and perhaps my right honorable friend (Mr Diefenbaker) will feel unmuzzled."

The prime minister said the committee had already considered a national plebiscite and its report allows the idea was rejected by a vote of 9 to 5.

Mr. Batten brought the flag committee's report before the House in a nine - minute speech during which he said that conies of two other designs considered by the committee would be distributed to members
