

A Discovery Important to Ladies.

The political battle is over, but the battle with disease must be constantly and unceasingly waged...

Odds and Ends.

Don't argue with a fool, or the listeners will say there are a pair of you.—Rosa's Horn.

You can generally get a point on insect life by making yourself familiar with the bee.—Texas Sitings.

"In this little basket I have preserved all these years the dearest remembrances of my honeymoon. It is the hotel bill—Fiogende Blatter.

An Iowa workman is said to have named her twin daughters Kerosene and Gasoline. If those girls live up to their names they may be expected to be light and volatile.

We cannot prevent our thoughts from coming any more than we can keep birds from flying over our heads, but we can keep them from building nests in our hair.—Lorenzo Low.

Brainless dudes are on the increase alarmingly if the cigarette business is any criterion. The output of the country for March was 250,501,860 cigarettes, as against 154,234,000 for the same month last year.

Kansas has been having hailstones as big as hen's eggs. This is retributive justice to the "farmers" who have been neglecting their hens while they attend the Cincinnati convention.

Will Asiatic Cholera Follow?

Mr. Joe Howard's theory that, one horror of a similar nature follows another to the number of three, has a chance for confirmation this coming summer if certain predictions prove true.

Whether the theory of three will be confirmed in this case or not, remains to be seen. At any rate it behooves every person who is afflicted by any of the complaints due to these climatic changes and epidemics, such as catarrh or bronchial troubles, to look well to themselves and see that every trace of the trouble is removed this present month; before the heat of summer still more debilitates their system.

A Reputation of Five and Twenty Years Standing

THE GREAT INVIGORATING TONIC.

CAMPBELL'S QUININE WINE.

INVALUABLE in cases of Loss of Appetite, Weak or Painful Indigestion, Malaria, Lowness of Spirits, Fevers of all kinds, and as a general Strengthenener of the System when weakened by changes of the season.

It is necessary to remember that there are many so-called Quinine Wines, but that the GREAT ORIGINAL is "Campbell's," and that the genuine bears our name upon the label. The best proof of its value is the fact that its sale at the present time is larger than ever before.

The following certificate shows how CAMPBELL'S QUININE WINE is appreciated. Having submitted two samples of Quinine Wine, imitations of the genuine, along with a sample of our own, to the Public Analyst, we received the following reply:—

"CAMPBELL'S" is the only genuine Quinine Wine of the three samples examined at Messrs. Kenneth Campbell & Co.'s request."
