Local Dog Trained To Disarm Gunman

"Duke" a trained German Shepherd police dog owned by Sgt. Sterns Webster of the City Police Force is seen disarming a "gunman" who has attempted to shoot his way to freedom.

Inset is the highly trained dog and his master.

"Duke" is two years old and is one of a litter of nine. He was trained at the Royal Canadian Mounted Police dog school at Sydney and is one hundred percent obedient to his master's every command. His training was in disarming as seen in the picture, but the "robber" in this case has his arm well padded. He is expert at tracking criminals and has proven himself adept at recovering stolen loot or hidden articles.

Weighing 80 lbs. this animal can be a formidable opponent to any lawbreaker that attracts his attention. It is all that Sgt. Webster can do, to hold him on a leash when he wants to get at a fleeing person. In spite of what would seem ferocious habits of the dog, he is a very well behaved animal. Of course he is a one-man dog and unless commanded would not be noticed for any of these accomplishments.

Chief of Police MacArthur has recently assigned Sargeant Webster to the Investigation Department of the City Police Force. He will work as a team with Sargeant Tony Lund who has carried out this work for a number of years. The team of Lund and Webster will bring to mind the capture of two criminals who were later hanged for their crime. "Duke" will no doubt play his part in the solving of future crimes.

Milk Output In Province Sets Record

"Milk production for the province reached an all time high for year 1954," said Mr. William Rogerson of the Federal Dairy Products Division, in reporting to the eighth annual conference of the P. E. I. Agricultural Council held at Birch Court yesterday. Mr. Rogerson stated that the milk production had a corresponding increase in the production of butter and cheese. "The increase," he said, "was due principally to the increase in the milk cow population and to favorable weather conditions."

Mr. Rogerson's report showed that there were eleven creameries, two combination cheese and butter factories and four cheese factories operating within the province. Butter production amounted to 6,237,000 pounds... an increase of almost 11% over the previous year. The percentage of Canada first grade butter was 95.81. Cheese showed a production of 913,675 pounds which exceeded the 1953 production by 61%.

Death Of Mrs. Osbert Enman

On November 19, 1954 one of the esteemed citizens of Vernon, Mrs. Osbert Enman, passed away in the Prince Edward Island Hospital, age 89. She was the former Miss Edith Vessey of York, and was the last of her family.

Her funeral, which was largely attended, was held on November 22, with a short service at the house and continued at Vernon River United Church. Her minister Rev. John M. Sheen brought the message based on Philippians 1-21: "For me to live is Christ, and to die is gain". This fine Christian lady and true mother leaves a high standard of life to emulate. The hymns sung were "The Lord's My Shepherd" and "Lead Kindly Light". A quartet composed of Mr. and Mrs. Irving Tweedy, Mrs. Norman MacMillan and Malcolm MacLean sang "The Beautiful Garden of Prayer". Mrs. M. S. Lea presided at the organ.

The pall bearers were grandsons Gordon and Ralph Lea, Harold, Herbert and Clifford Enman, and Reginald Masters.

She leaves to mourn her passing, three sons: H. Preston in Alberta, and Warren and Roy, Vernon; and one daughter Maude (Mrs. Frank Lea) Vernon River.

Interment was in the church cemetery.
