Gladiators of the Prize Ring

A MAGNIFICENT WORK FOR SPORTSMEN. 96 Large Half-Tone Portraits of All NOTED PUGILISTS From Hyer to Corbett

Together with their Records in Battle and the Histories of their Lives. BY BILLY EDWARDS The Famous Ex-Champion Light-Weight Pugilist. THE ONLY WORK OF THE KIND ON THE MARKET.

The portraits are produced from copper plates, and a photograph of this size would be worth \$1.50 apiece, making a collection of photos worth \$150.00, to say nothing of the invaluable work of reference accompanying same.

Size 14 x 11½. Nicely cloth binding. Aluminum and gold title stamp. 700 pages.

Of recent years the interest taken in the noble art of self-defense has been almost universal. The cultivation in our colleges of athletic exercises, and the great interest taken by all classes of people in physical culture, would seem to indicate that this is the golden era of muscular development and the establishment of a perfect manhood.

Gladiators of the Prize Ring has been prepared in the most careful manner; every fact has been verified by exhaustive research and careful compilation of official data. Every important event in the fist arena, from the first ring encounter down to the great battles of the present day, both in this country and abroad, is given a place.

The biographical matter is historically correct and the portraits are taken from authentic photographs or sketches from life. The accounts of fistie combats in this book are composite compilations from the personal experiences of those most competent to describe the events—the principals, seconds, timekeepers, backers, referees, etc. The book will be found unexcelled as an accurate work of reference, for not a fact has been distorted nor a line set down in malice.

Special Features 1. This is the only work of the kind ever published. 2. The portraits are the finest in existence—taken at the time the men were in their prime. 3. It has been edited by the greatest authorities now living, and is the only authentic work of reference ever published. 4. The boxing lesson by "Young Griffo" and Walter Campbell is a series of twenty-four plates taken by instantaneous photography and shows every important blow with guard for same, and the positions reversed, while the instructive text, accompanying and explaining them, is thorough and complete. This is the first time such results have been obtained, and the two men represented are the most scientific in their profession. 5. Three years' time has been consumed and \$25,000 have been expended in collecting, compiling and reproducing the portraits for this work. 6. All "tough" phraseology has been carefully avoided in the editing of the work so that there is nothing to offend the most refined.

A MOTHER'S VALUABLE ASSISTANT

Home Occupations for Little Children

By KATHERINE BEEBE.

WHAT Miss Beebe's "First School Year" is to the primary teacher this little volume is intended to be to mothers. Miss Beebe believes that the ceaseless activity of children calls for employment, and "Home Occupations" is full of ways and means for mothers.

Enthusiastically endorsed by the press and leading kindergarteners. FROM THE NEW YORK WORLD. "Home Occupations will be welcomed by weary mothers, for it is very clever and full of hints and suggestions they can carry out."

FROM THE PHILADELPHIA PRESS. "Home Occupations should be read by all mothers, and all other people who have the care and training of infant minds."

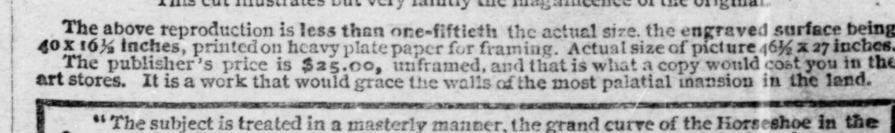

FROM THE BOOKSELLER. "Home Occupations for Little Children, by Katherine Beebe, a well-known kindergarten teacher, of Evanston, Ill., will be welcomed by busy mothers, who will find it full of valuable suggestions to aid in rearing their little ones. Many cross and disagreeable children would be speedily restored to good nature if their mother or nurse knew enough to guide the immature mind to some pleasant occupation without too great interference with its own freedom."

FROM THE KINDERGARTEN MAGAZINE. "Any mother who leads into the paths of happiness and usefulness, can find much assistance in Miss Beebe's little book, and would do well to avail herself of its thoughtful suggestions."

ASTOUNDING BUT TRUE! Engraved on Steel after the Famous Painting by CHARLES GRAHAM, America's Leading Scenic Artist.

There are only a few copies of this magnificent art work left and you will be fortunate indeed if you secure one.

The above reproduction is less than one-fiftieth the actual size. The engraved surface being 40 x 16 1/2 inches, printed on heavy plate paper for framing. Actual size of picture 6 1/2 x 27 inches. The publisher's price is \$25.00, unframed, and that is what a copy would cost you in the art stores. It is a work that would grace the walls of the most palatial mansion in the land.

"The subject is treated in a masterly manner, the grand curve of the Horseshoe in the foreground leading the eye up to the tumbling, raging rapids above, and the broad expanse of river beyond, with the islands in the middle distance and the face of the curve of the Horseshoe, as well as the great white wall of the American Fall, partially obscured by the cloud of rising spray which is handled lightly with fine effect. In the great amphitheatre below the falls are seen the boiling waters, strongly and effectively depicted, and the two staunch little steamers that make their tours under the constant showers of spray. Never before has this subject been handled by any artist with equal force and impressive dignity, combined with deep, thorough feeling and delicacy of touch."—The Railway Age.

We will send a copy postpaid on receipt of \$1.85, or if you will do a little pleasant work and secure a few subscribers for us as follows—The Famous Picture will be Sent Absolutely Free.
