CITY COUNCIL.—In our report of yesterday's meeting of the City Council the name of Councillor Hooper was inadvertently inserted instead of that of Councillor Hughes, in speaking of the four members of the Board who left without permission.

POLICE COURT.—This forenoon two summonses were dismissed. One summons was for using abusive and profane language, and the other for annoying persons in their dwelling. In the first mentioned case the pro-secu- tor did not appear, and in the second the charge was withdrawn.

FROM MONTREAL.—The steamer Tiber arrived from Montreal about ten o'clock this forenoon with a good cargo of general merchandise. She will leave on her return to-morrow morning with a large cargo of cheese, oats and other produce.

THE COBAN.—The steamer Coban arrived from Montreal about this morning with a full cargo of general merchandise. She left for St. John's direct this afternoon with a cargo which included about 3000 bags of wheat, 250 barrels of vegetables, 30 cattle, 75 sheep, 40 barrels of oysters, and a quantity of butter, leather, and other sundries.

A WORD IN SEASON.—Complaints have been made about boys carrying and using air guns on the streets. The attention of the vendors of the articles is called to the section of the criminal code which provides that any person who sells or gives a pistol or air gun to a minor is liable, on summary conviction, to a penalty not exceeding \$50.

FOR BOSTON.—The Halifax left on its return to Boston yesterday afternoon, about five o'clock, taking the following passengers:—Mr. McEachern, Miss Cahill, Miss Louise Shaw, Mrs. Eliza Stewart, Captain Solomon Baileman, Mrs. Scott, Miss Scott, Miss Ka. McKenzie, Mrs. H. Halsey, Charles Kelly and Andrew Pilgrom.

A CORRECTIVE.—In the reference to Dr. McLeod's excellent paper, yesterday, the word "intellectual" was printed in that portion of the address which referred to the ethical and intellectual insensibility of the community. The inadvertent insertion of a period instead of a comma in the same sentence also marred somewhat the reading of that portion of the paper.

AGAINST THE WHEEL.—A new and odd case against the wheel, yesterday afternoon, about five o'clock, was heard in the Municipal Court in San Francisco and the neighboring city of Oakland. The society for the prevention of cruelty to children allege that atrocious cruelty is practiced helpless children by the cycling fathers strap the poor things in the seat of the bicycle to the handle bar of the bicycle and thus expose them to danger of pneumonia, and also of death, either from accident or pure fright.

DROWNING ACCIDENT.—The Summer-side correspondent of the Guardian says: As the schooner Annie P. McKie was entering the harbor last evening the mainsail, which was being lowered, struck one of the crew, named Paul Carr and knocked him overboard. A boat was sent out from the schooner to look for him, but he could not be seen anywhere. His coat and hat were picked up. He had the coat on when he fell overboard, but evidently managed to take it off. The schooner was on her way from Charlottetown to Miramich with a load of hay.

POISY PAIN BOY.—In reply to the Guardian of this morning, we have to say that the spar buoy at Point Prim was placed yesterday as THE EXAMINER stated, and the buoy proper would have been taken up were it not for the rough weather which prevailed, a fog having gone out for that purpose. The Guardian was in possession of all the facts, but deliberately suppressed a very material fact in order to make a point against THE EXAMINER. The Guardian may continue to misrepresent THE EXAMINER, but it should at least give constructor Foster that measure of justice which is his due.

PERSONAL. Mr. William Boyle was a passenger on the Coban today en route to St. John's Nfld.

Mr. MacLeod, Superintendent of Schools, visited the Belfast high school on Monday. Messrs. P. Blake, J. J. Davies and A. N. Large were passengers on the Coban today on return from Montreal.

We note that Mr. G. I. Foster, of this city, was the preacher at an Anglican Sunday School Convention recently held at Brantford, Ontario. Judging by the report in the local paper, the discourse was an able and forcible one.

Mrs. W. C. McLeod, of Woodstock, Ont., has presented two thousand dollars to the Church of the Holy Trinity, of that place, and one thousand dollars to the Woodstock General Hospital. The example of Mrs. McLeod is to be commended.

Sir William Vernon L'Arcaut recently showed an interview at his New Forest home a miniature colored portrait of Byron. "That," said Sir William, "with evident pleasure, belonged to Lord B. a confidant, whom I knew as a friend, and Byron's portrait was given me at his death by his executors."

THE EVILS OF THE SCOT ACT.

Sir,—It is surprising to see some of the press upholding the Scott Act, and particularly that portion of it which pretends to be religiously inclined. A few days ago all he could drink for nothing, and the other, I believe, paid for giving two parties away, were handed to the skies for their conduct. What is the Act doing? The devil's own work! Informers, blackmailers, thieves, perjurers, gamblers, and even worse! Yet you will see in the press occasionally letters signed "A Parent" in favor of the Act. That very parent is at the same time opening all those dens of infamy for his family to enter. What kind of parents are these? Take some of the clergy. They have helped to open the places, too. With ten years of Scott Act here, before this time, they knew right well that it would be a repetition of the last and yet they found it profitable for them. I would feel uneasy if I depended on such men for my spiritual welfare. It is to be hoped that they will try and have the Act repealed the first time. If they do not, the more the better will not, because the most of them voted for it. The two temperance wards raised where the proper men were that did not want money for their votes and the temperance men claimed they won. But it was not the temperance men that carried the election; it was the men who sell liquor and those that are now blackmailing the people in the business. Just think of it, five of one family voted for the Act and get three dollars apiece. So you see, if this city is ever going to get clear of the Scott Act the party that calls itself the temperance party will have to do it. It might be in their honor as an atonement for the sins that have been committed by the Act since it was introduced in our fair city.

MORALITY.

THE PARK ROADWAY.

Sir,—The Guardian says that the daily press of Charlottetown is a "united press" touching the Park roadway and the necessity of its construction. No one questions the right, as well as the necessity of the Park roadway, but it is certainly news to the writer, who reads the two leading dailies of the city, and has failed to see that, at any rate, the press in the high-handed act of the crowbar committee of the City Council, who went with their crowbars, axes, &c. to break down the fence in front of Government at Home and thus take the matter in hand regardless of any higher authority than their own. Her Majesty's representative very properly resisted the high-handed action of the City Council brigade, and warned them of the consequences should they dare to touch the Government House fence. The step taken by His Honor the Lieutenant Governor on this memorable occasion have been endorsed by Premier Peter, the Attorney-General of this Province, by a full bench of the judges of the Supreme Court, by Mayor Dawson, and by every reasonable citizen who adheres to the enforcement of law and order in all matters affecting the commonwealth. When, in the year 1857, the attorney-General—now Chief Justice of the Supreme Court—introduced the Bill respecting "an avenue to Victoria Park," one of the provisions of which was that the land in question should revert and be inserted as at present for the use of the Government and Legislature of P. E. Island, providing that the construction of said road or highway be not commenced within eighteen months of the passing of said Act. This was a wise provision, knowing as everybody does know, that the reaction of the tide was rapidly breaking up the shore front, hence the neglecting of immediate action. Time rolled on, and the Act referred to became a dead letter. During the winter last past, many a poor laborer, willing to work, could get no employment. The condition of the laboring classes was known to all, but the would-be patriotic City Council refused to act in the matter of making provision for the laboring classes at a time when their wants should be recognized and employment given them. But a Civic Election is now approaching. Hence the shedding of crocodile tears. Aspirants for civic honors are only beginning to pave the way for seats at the City Council Board!

Os Looker.

A Silent Mired Worker.

For while you may be thinking of a pleasant beverage rarely which it undoubtedly is, William's Invalids Port Wine is making its silent way in one of your system, and giving new blood. All may drink it with enjoyment for it is a fine rich wine, but it is especially intended for invalids, for it is to them an invaluable help in restoring lost strength, stimulating flagging energies, and making them feel strong and young and hopeful. This makes it unique. A rare old wine and an incomparable tonic, and not a drop of medicine in it. Sold by all dealers at \$7.50 per case of 12 quart bottles, half case \$4.00 or 75c. per bottle. Address—Bordeaux Claret Co., 30 Hospital Street, Montreal. dy246.

NEWS NOTES.

So far this year no prisoners, one couple, one duchess and the daughter of retaining prizes, were among the 4000 thieves arrested in Paris.

If the Dundas Banner gets its information from reliable resources, and there is every reason to believe that it does, Sir Richard Cartwright's destiny is already settled, for the Banner says: "After he has put the finances of the country on a sound footing it is likely that he will go to the Old Country as Canadian Commissioner in Sir Charles Tupper's place." It will certainly be satisfactory to Sir Richard to know that after he has established free trade he can retire to England and observe its effects from a comfortable distance. At present, however, the electors are satisfied to have him remain finance minister of the Opposition.

Sensible ladies ask for cravenette. It makes up a beautiful costume, or cloak or wrap, while at the same time it has the unique merit of being absolutely rain and dew proof. But, unlike the run of so-called waterproof goods, it is absolutely and thoroughly porous. It is the dress for the street, for the country, for any and nearly all occasions. Chiefly, it makes up in stylish form, and its being waterproof has put which the surface does not disclose. Cravenette comes in Navy, Myrtle, Brown, Grey, Castor and Black. A stylish dress, a comfortable cloak or wrap from Cravenette; but for the walking dress, it is the best ideal.

MARRIED.

On the 5th inst., at Rollo Bay, by Rev. Dr. Walker, Alfred Paquet of Souris, to Maggie Deane, of Rollo Bay.

The modiste has her domain, but Priestley's black dress fabrics have made the modiste's work a pleasure. They drape so gracefully, they fit so easily; they wear so well. And their new "Eudora" bents even Priestley's record. This is the newest black dress fabric about which the ladies are full of praise. It comes in black only, and it is finer, and has a more exquisite glow, a greater width and weight, than the Henriettes. The "Eudora" is now the prime favorite. Wrapped on "The Varinised Band" and the name, Priestley, stamped on every five yards.
