Wounded Veteran Of Korean War Due Home Today

Lance Corporal Charles Rodd Young, recently returned to Canada from the Korean war as a casualty, arrived in Charlottetown last evening and will return to his home in Hopfield, P. E. I., today.

L-Cpl. Young is the son of Mrs. Catherine Young, and was included on the first Canadian casualty list from Korea, published by Ottawa on March 2.

In the magazine section of this week's Standard, interviews and pictures are given of five of the wounded members of the Princess Patricia's Canadian Light Infantry as they lay in their beds in the Canadian ward of Bykof Military Hospital in Tokyo.

L-Cpl. Young was among the five interviewed and told of his working as a carpenter, remodeling Southport school last August. He stated he had joined up and was soon in uniform.

On February 24, his platoon was given the job of fire platoon, to provide covering fire while another platoon made the assault. Speaking with his platoon sergeant shortly after his post had received a battery of mortar fire and been strafed with rockets by jet planes. Young had been asked for an ammo and casualty check and had crawled out of his dug-in position.

Just when he was thinking he had been lucky to go through the entire day without being hit, he felt a blow on his arm, and his hand doubled up into a tight ball. He tried to turn around to descend the hill but his rifle, which was clasped tightly in his hand, was tangled in his feet. Another soldier crawled up to his assistance and it was then that Young realized the bones in his wrist were shattered.

As he went down the hill the men shouted, "See you in Canada, you lucky..." L-Cpl. Young stated he did not agree with them at the time, but later realized that he was indeed, one of the lucky ones.

Canada Equips Belgian Division

ANTWERP, Belgium, April 17 — (CP)—Sixty-eight days after Canada announced she would equip a complete Belgian infantry division the promise has been fulfilled. The last shipment landed today from the freighter Beverbrae.

Since last Feb. 8 when Defence Minister Claxton announced the decision in the Commons, Canada has delivered 170 artillery pieces, 3,000 rifles, machine-guns and mortars and 2,500 tons of munitions to Belgium.

Communists called on all Belgian workers to refuse to handle the arms but all shipments were unloaded without trouble.

OTTAWA, April 17 — (CP) — "The value of Canadian lobster shipments to the United Kingdom in 1951 will be about \$500,000." J. Watson MacNaught, parliamentary assistant to Fisheries Minister Mayhew, said today in the Commons that the quota value on shipments to the U. K. has been fixed at \$469,138 for this year.

HISTORIC ORDER

Members of the missionary Oblates Order founded in France in 1816 first appeared in Canada in 1841.

Pack of Smokes Jump Four Cents

MONTREAL, April 17 — (CP) — E. C. Wood, president of Imperial Tobacco Company, Ltd., announced a four-cent increase for a pack of cigarettes effective today. The boost applies to new stock being issued to retailers today.

He said the three-cent excise tax boost and the two-per cent increase in the sales tax caused the retail sale price rise of 20 cigarettes from 36 cents to 40 cents. In Quebec Province a 10 per cent provincial tax increases the selling price to 43 cents for 20 cigarettes.

Mr. Wood said his company would "probably increase pipe and cigar tobacco prices within a week."

Newfoundland Trade

(Continued from Page 1)
of either public or private capital. He asked would the improvement in the trade justify that spending.

Mr. Woodrow Wheatley stated that he held a guarantee from several Newfoundlanders of their willingness to invest up to \$30,000 in a plant here provided the Government would take an active and financial interest in it. He suggested that a new produce building to be erected this summer on the railway wharf might easily have a couple of rooms assigned to be used as the proposed holding unit here for perishable products. It was agreed that the present government cold storage plant was not suitable for this purpose because it was more generally used for long term holding and its rates were not scaled to take care of such items as butter needing storage for only one day.

Mr. L. O'Connor said the Newfoundland trade was invaluable to Prince Edward Island and termed that Province "our natural market" in strongly supporting the shippers in their request for aid in solving their problems. He said it is the function of the Federation to press the claims of the shippers regarding conditions. "If they are not right we owe a duty to the farmers to see they are corrected."

The meeting was presided over by Mr. Charles Yeo, St. Eleanors. Federation president, and was well attended in addition to the executive there were several shippers representing various classes of Newfoundland trade from poultry to cattle.

Mr. Wellington MacNeill expressed his opinion that Newfoundland people preferred live cattle to chilled beef, but he was in agreement with other speakers on the need for a better boat. He said the M.V. Eskimo was alright for the coastal trade but of no use in handling shipments to St. John's.

Federation members agreed to meet the shippers again soon as the latter are organized and have the information needed. No date was set for the second meeting.

Grab Valuable

(Continued from Page 1)
last 24 hours, Reuters said. They had destroyed or damaged at least eight when late Tuesday they saw Communist concentrations of armor opposite the U. N. northwest sector.

Two patrol-size thrusts to seize the western end of the power dam at Hwachon reservoir to the east were repulsed by Chinese fire.

North and northwest of the reservoir the Chinese screened their operations in a sector 30 miles wide and 20 miles deep by a pall of smoke rising from hand-set brush fires and smudge pots.

Advised planes dropped jets and gasoline fire bombs on the area through gaps in the overcast.

Nine American correspondents reached Hwachon reservoir dam under the impression it was in Allied hands. They were mistaken. An enemy machine-gunner pinned them down for an hour, then forced them to run for their lives.

An Eighth Army communique estimated 2,280 Reds were killed or wounded by ground action Monday.

Elsewhere on the front Lt.-Gen. Edward M. Almond, commander of the U. S. 10th Corps, told correspondents the North Korean soldier was not as good as those his men fought against earlier in the war.

Senator Warren G. Magnuson (Dem. Wash.) returned to Tokyo from a Korean front visit hopeful that the war could be over "pretty soon."

He said there was a "great possibility the Communists in China have expended themselves more than they realized. China's strength is low."

In the aerial war Tuesday, B-29's hit the South Pyongyang Airfield with 90 tons of bombs. It was the heaviest daylight day worked over the Korean Communist capital.

The Fifth Air Force flew 673 sorties during the day knocking out 270 buildings, 28 vehicles and four supply dumps. Mustang fighters hit two Red tanks.

DEPT YORKSHIREMAN

ESTOCOURT, South Africa — (CP) — George Burns, a Yorkshireman, amazed experienced Natal ranchers recently by skinning and dressing an ox of 84 pounds dressed weight, in the record time of nine minutes, 21 seconds.

William Chapman, Canadian poet who died in 1917, was a French translator in the Senate at Ottawa.

Central Guardian Urges Migration From Britain

SALISBURY, Southern Rhodesia, April 17 — (Reuters) — Air Commodore Sir Frank Whittle, inventor of the jet aircraft, said yesterday that five well-placed atom bombs could destroy the economic life of Britain.

Whittle, chairman of the United Kingdom migration council, also appealed for large-scale migration from Britain to the Commonwealth countries.

He told the Rhodesia national affairs association that strategically the very existence of the Commonwealth might depend on large-scale migration as a matter of policy.

Says Primeau May Retire

MONTREAL, April 17 — (CP) — The Montreal Gazette says today that Joe Primeau, 45-year-old freshman coach of Toronto Maple Leafs of the National Hockey League, will retire at the close of the current Stanley Cup series against Montreal Canadiens.

The Gazette says Toronto camp followers, definitely stated Primeau was stepping out of the picture this spring.

Before game time tonight, coach Primeau said he had "nothing to say."

General-manager Conny Smythe of the Leafs was not immediately available for comment.

Warnings Against Seaway Project

FREDERICTON, April 17 — (CP) — "If the St. Lawrence seaway project goes through it will kill the Maritimes dealer than a door nail," H. C. Atkinson (L-Saint John County) declared in the New Brunswick Legislature today.

"Never was there a time or an issue requiring such a united and concerted effort for immediate opposition to this development," he said, speaking in the budget debate.

Ninety per cent of all ocean traffic would go up the proposed seaway, and he asked members of the legislature to visualize what the effect would be on the ports of Saint John and Halifax.

May Take Early Action Regarding Prov. Sales Tax

OTTAWA, April 17 — (CP) — Parliamentary action to help bring a three-per-cent Provincial turnover tax into being, may be started within a matter of weeks.

Justice Minister Garson said in an interview today that a new draft of a proposed amendment to the British North America Act has been submitted to the Provinces.

This already has received a favorable reception by three of the other 10 Provinces and it is possible that the other Provinces may give it consideration within a week or two, Mr. Garson said.

Approval of the draft has been received from Saskatchewan, New Brunswick and Prince Edward Island.

As soon as all Provinces have signed agreement, Mr. Garson added, the Government will launch a joint resolution in the Commons and Senate, to pass the amendment along to the British Government and the Imperial Privy Council for approval.

The three-per-cent turnover or retail sales tax, bitterly opposed by the retail trade, has been linked with a proposed expansion in Canada's old-age pension scheme.

However, officials indicated the Provinces may use the added revenues expected to be derived from this source for general expenditure and to relieve some of the pressure on Provincial land taxation.

Pope Has Chosen Burial Place

VAICAN CITY, April 17 — (Reuters) — The Pope has chosen the place where he wants to be buried.

Vatican sources said today the 75-year-old pontiff chose the site last June 5 when he opened the Crypts under St. Peter's Basilica and consecrated a new altar over the tomb of St. Peter.

The Pope expressed the desire to be buried in front of the altar in the Crypt chapel, 30 feet above the tomb of Peter. Most popes lie buried in the huge Crypts underneath the Basilica.

BELATED RECOGNITION

EMSWORTH, Hampshire, England — (CP) — A 79-year-old major has just learned officially that he has been awarded officially the meritorious service medal. He was recommended for the honor 40 years ago.

Hennigar and J. Elwood Gottle. The meeting concluded with a lively recreational period conducted by Rev. J. T. Irvin.

INQUEST TONIGHT — The inquest into the death of Mr. Gerald Solomon of Georgetown who was killed on the highway at Southport on Saturday night will be held in the City Hall this evening at 7 o'clock. It was learned yesterday from coroner Dr. J. D. MacGuigan.

FUNERAL YESTERDAY — The funeral of the late Miss Jennie MacQuarrie was held from the MacLean Funeral Home yesterday afternoon. Service was conducted by the Rev. Donald Nicholson. Interment was in Canoe Cove cemetery. Pall-bearers were: Garfield Taylor, William Taylor, Weldon Taylor, Robert MacDonald, Peter Shelton, Forbes Kennedy.

FUNERAL YESTERDAY — The funeral of Gerald J. Solomon was held yesterday morning from the residence of his father, F. J. Solomon, Georgetown, to St. James Roman Catholic Church where Rev. Joseph High Mass was celebrated by Rev. O. Higgins. In the Sanctuary were Rev. B. Croken and Rev. W. J. MacCardie. Interment was in the Church Cemetery. The pall-bearers were: Albert MacPhee, Harold MacLean, Howard Walker, Lloyd Hemphill, Frank Bouchard and James McConnell. Jr. The funeral was largely attended.

GOOD HERRING CATCHES — A plentiful supply of bait for the fall commercial fishing season appears assured. Fisheries Department officials said yesterday that the catch of herring was reported as excellent on both the northwest and eastern shores. Yesterday the catch at Rustico was reported as "very heavy." Mr. J. J. Larabee, supervisor of the Department, expressed the belief that the catch would continue heavy. It is expected that the herring for bait will shortly start moving into the cold storage plant here.

ROTARY LADIES NIGHT — Rotarians, Rotary Wives, and their friends celebrated the club's annual ladies night by holding a dinner and dance at the Charlottetown Hotel last evening. President George Walters presided and also acted as master of ceremonies for the enjoyable program. The toast to the ladies was given by Rotarian Gordon Ives and responded to by Rotary Ann Jane Giddings. Those taking part in the entertainment were Mrs. Neil MacLean, the Baptists, Girls' Choir, Messrs. George Wood, R. C. Parent, Wallace Scantlebury, D. M. McGuire, B. C. Rogers, Wallie Sharpe, and Dr. E. S. Giddings.

TRINITY MISSION CIRCLE — The April meeting of Trinity Mission Circle was held in the Social Hall of the church on Monday evening, April 16th. The meeting opened with a worship service conducted by Gladys MacMillan and Jean Kennedy. This was followed by the business period, conducted by the president, William Watts was appointed Vice-President. Ruth Oudmore was appointed Secretary. Frances Cairns was appointed Supply Secretary and Audrey Brehaut was appointed Press Reporter to fill vacancies on the executive. The members continued their study of Japan under the leadership of Frances Cairns, assisted by Audrey Brehaut, Mary MacGregor, Mildred Myers and Ena MacLeod. "School Kit" was packed and refreshments were served by the committee in charge.

AIR CADET WEEK — This week is being observed as "National Air Cadet Week." It marks the tenth anniversary of its founding. The league was formed to provide a pool of pre-trained recruits for the Royal Canadian Air Force in 1941. It served its purpose. An important purpose of Air Cadet Week is to provide a period during which League Committees may appeal to the public for funds to carry on their work. The Provincial Committee here headed by Roy Johnston, Summerside, and Alan MacMillan, vice-chairman, Charlottetown, have received a handsome donation of \$100 from Mr. J. K. Curran of Curran and Briggs. This generous and encouraging contribution has greatly heartened those who are leaders in the cadet league here.

Y. P. U. MEETING — Trinity Y. P. U. held its regular weekly meeting with an enthusiastic group attending. Devotions were capably conducted by Carroll MacRae and Harvey MacKinnon. During the business period Stewart Smith, the president, was in the chair. Plans were finalized for our annual banquet to be held on April 27th and arrangements were made to visit Beach Grove Infirmary, and the Protestant Orphanage. It was announced by the president that Dr. George Fisher would be the guest speaker next Tuesday evening. Discussion groups brought in findings on the topic "Leading A Christian Life". Reports were given by Carolyn Nelson, Charles

Political Forum

DISGRACEFUL ROADS
Sir, — The road from Coleman to the pavement is in a disgraceful condition. There's no car can get through this bog-mire for three Springs.

Our members of the Second District have not been seen since last election, and at present they couldn't get in to Coleman anyway.

The electors must be looking for some votes as they are starting to gravel some of the bog.

Since Mr. Barbour has gone to the Senate there has been nothing done in the Second District.

One thing we have is the airplane which flips the Guardians here, and the train goes through so we are not completely marooned.

I am, Sir, etc.
Coleman, P. E. I.

TORY TORONTO ROADS

Sir, — In The Guardian of Saturday, April 14th there appeared a full page of pictures sponsored by the Liberal Government and describing deplorable road conditions in Scarborough, which is a suburb of Toronto. The inference to be drawn from those pictures is misleading, owing to the fact that it is intended to convey the impression to Islanders, that even in the suburbs of Tory Toronto the highways are as bad, or even worse than we find on P. E. Island at the present time. As a matter of fact, the main highway which runs from Toronto to Ottawa and passing through Scarborough is a four lane highway and bears the distinction of being one of the finest roads in Canada today.

In reality, what these pictures describe is a small community just off Scarborough main highway which is fast building up with comfortable homes and where as yet, no road or street of any description has been constructed, hence the adverse conditions portrayed in the above mentioned pictures.

Evidently these pictures were designed to lead the people to believe that P. E. Island is not the only place in Canada where bad roads exist. Comparisons are audacious and speak for themselves. To one who has lived in the neighborhood of Scarborough it is absurd to even suggest that the highway there is in such a bad state, and is plainly only a crude attempt by the Liberal Government to fool a supposedly gullible people in a vain effort to minimize the deplorable condition of the main highways in this Province.

Speaking as one who of necessity was compelled to travel daily over the highway between Charlottetown and Summerside, and coming in contact with travellers from outside the Province hopelessly "bogged down" between Kensington and New Annapolis, the most frequent questions asked were: what is wrong with your Government here? and why is such a condition permitted to exist on the main highway between two large commercial centres in a thickly populated area? In this modern day and age there is no excuse for not having at least our main highways in a passable condition, considering our high registration fees on trucks and cars, gasoline tax and the unusually large number of motor vehicles per capita registered in this Province.

I am, Sir, etc.
Kensington, P. E. I.

C. C. F. AND COMMUNISM

Sir, — Communism to a C. C. F. is a term denoting diabolical affinity. It is far too serious a menace to be treated lightly. This our opponents, in the persons of Messrs. McMillan, Wilfred Arsenault and others, have been doing. These are the men who call good evil and evil good. J. Edgar Hoover, head of the F. B. I., not long ago said: "We should be very careful just whom we label a Communist. When we call some-

LIBERAL MEETINGS FIRST QUEENS

The two Liberal candidates, F. C. Dougan and B. Earle MacDonald would like to meet all Liberals from the Royalties and Parkdale, and any others who would like to attend at Parkdale Hall, Friday night at 8 o'clock.

ATTENTION

Legion members of Montague Branch, No. 8, Canadian Legion B.E.S.L., are invited to attend a smoker in the Legion Hall, Thursday, April 19th, at 8 p.m. Film of the Provincial convention parade will be shown.

Mammoth Float Parade To Highlight Festive Week

More than 20 Charlottetown firms have already entered floats in the mammoth float parade scheduled for Festive Week and another two dozen are expected to be in the lineup when the big event takes place. It was disclosed yesterday by G. T. Clarke, chairman of the Week's Float Committee.

Possibility of a helicopter flying above the float procession was foreseen by Mr. Clarke who said arrangements are being made to have a copter brought here for the occasion.

"One of the things the committee would like to stress," said Mr. Clarke, "is that the floats should reflect a Prince Edward Island flavor. Visitors come here to see what the Province has to show and not to see a replica of things back home. The floats should be different but need not be expensive."

There is also a chance for boys and girls in the float parade. It has been decided to have a decorated bicycle contest and a decorated carriage contest. The fifty best entries in each class will tag along with the parade and what is even better the best entries will be awarded prizes.

It is expected that the float parade, which will pass through the streets of Charlottetown, July 3rd, will be one mile long. The following firms have already announced their intention of entering: Moore & McLeod; R. T. Holman; American Can Co.; Federation of Fishermen; Maritime Electric; Island Telephone Co.; DeBlois Bros.; Crockett & Storey; Swift Canadian; Woolworth Co.; Electrolux; F. R. McLaine; Keith MacKinnon; Arnfast Coal Co.; Y. M. C. A.; Red Cross; Boy Scouts; Seaman's Beverage; J. & T. Morris Ltd.; Evangeline Beverages; Perfection

First Joint Political Meeting At Georgetown

The first joint meeting of the present election campaign was held last night in the Town Hall, Georgetown, where both Conservative and Liberal candidates met to place their ideas before the electorate.

The candidates, all of whom spoke briefly, were Liberals William Hughes and George Saville, and Conservatives Reid Underhay and Temple MacDonald. The latter two did not take all their allotted time, giving it instead to Conservative speaker Charles McQuid. Charlottetown barrister who supported them.

Presided over by Seymour C. Knight, as chairman, the meeting was quiet with no fireworks. All candidates confined themselves to straight discussion of the election issues.

Papers Sign New Agreements

QUEBEC, April 17 — (CP) — Collective agreements between the city's three French language newspaper men's syndicates (C.C.G.L.) have been signed, the syndicate announced today.

The new contracts, identical in each case, provide for a salary wage scale ranging from \$35 weekly for beginners to \$75 weekly after eight years of service as compared with \$30 and \$60 after six years in the previous agreement. The new scale is retroactive to Jan. 1, 1951, and effective for one year.

Wage scale for proof readers ranges from \$30 to \$50 as compared with \$25 to \$60 last year.

100 YEARS OF SCIENCE

EDINBURGH — (CP) — More than 4,000 scientists, students, laymen and amateurs are expected to attend the 113th annual meeting of the British Association here in August. The main theme will be "100 years of British science" and the Duke of Edinburgh will speak.

NOTABLE APETITE

LONDON — (CP) — A frog that weighed more than a pound, could eat two mice at a sitting and which never croaked, died recently at London's Regent Park zoo.

NORTH MARSDEN, SUSSEX

England — (CP) — Wilfrid Hollingdale, who recently retired from his postman's job, estimates he has walked 100,000 miles in the last 30 years.

Holman Store News

In the Springtime when everything outside is fresh and clean, and your home is fresh and clean after the struggle of housecleaning, you'll be well advised to take a good but critical look at your LAMP SHADES! If they appear faded and faded, you'd best come right to the Furniture Department of either the Charlottetown or the Summerside store and choose new fresh Shades . . . Here you'll find Lamp Shades of every type and size, from wee, tiny ones priced 45 cents up to large, luxurious Tri-Lite Shades priced 2.95 up. The new modern Shades are made of a variety of materials and in an array of charming colors . . . You'll be truly amazed in the difference new Lamp Shades will make in the livability of your home. Come shop today for new Lamp Shades in the Furniture Department of either Store.

It's strange but it's true — a very few years ago Plastic was unheard of . . . Now, many of the articles we use every single day are made of this wonderful material! It is really an eye opener to come into the China Department of either the Charlottetown or the Summerside Store and see for yourself the marvelous PLASTIC HOUSEHOLD EQUIPMENT.

I just can't begin to tell you about all of them — so this morning I have chosen the colorful Plastic Hostess set which consists of a red and ivory Cream Jug, Sugar Bowl and Salt and Pepper shakers on a neat little tray — this set is priced just 1.29. Then there is the useful and practical ZIPPO UTILITY CLOTHES LINE . . . This is a smart little Plastic reel which holds a 28 foot cotton clothes line, the complete gadget is priced 75 cents. The Plastics you need for every day living are always in stock in the China Departments of Both Stores.

While you were Housecleaning I'm willing to bet you found a number of things that a spot of Glue would make good as new again! That's why the men in the Hardware Departments of both the Charlottetown and the Summerside Stores have asked me to tell you about the wonderful LePAGE LIQUID GLUE rightly called "Strength" — I say "Rightly called" because they tell me that a square inch of "Strength" will hold some fantastic weight, several tons in fact. LePage's "Strength" is available in 1 ounce tubes priced 15 cents each and a variety of sized tins from 3 ounces to the large 32 ounce tin which is priced 2.29. Besides "Strength" there are a number of other LePage Glues — Aeroplane Glue, Liquid Plastic Glue and Mucilage. Come buy the LePage Glue you need for your minor and major repairs in the Hardware Department of either Store.

PARKDALE MEETING

The two Liberal candidates, F. C. Dougan and B. Earle MacDonald would like to meet all Liberals from the Royalties and Parkdale, and any others who would like to attend at Parkdale Hall, Friday night at 8 o'clock.
