"Covers Prince Edward Island Like The Dew"

CHARLOTTETOWN, CANADA MONDAY, NOVEMBER 12, 1956

WEATHER

Cloudy, snow beginning during morning, changing to rain in afternoon; milder. Low-high at Charlottetown 32 and 40.

AT THE MONUMENT IN CHARLOTTETOWN

Province-Wide Services Mark Remembrance Day

A cloudless sky and crisp Autumn weather throughout the Province marked the observance of Remembrance Day outstanding in attendance and interest yesterday. "The war dead sons, husbands, sweethearts whom we honour here today are heroes-who died that we might live in Peace and Harmony", Very Rev. C. Moreau, C.S.S.R., Canadian Legion Chaplain said in addressing the gathering at the Cenotaph at Charlottetown. "We fail to keep faith with them when we fail to cherish the principles for which they died," he said. The parade formed up in front of the Canadian Legion Home and marched to the Cenotaph where shortly after Lieutenant-Governor, Prowse, accompanied by his Naval Aide, Capt. J.J. Connolly, V.R.D.; Army, Lieutenant-Col. A.W. Rogers, R.D., and Airforce Wing Commander Alan MacMillan had arrived. Premier Matheson was represented by Hon. B. Earle MacDonald, Provincial Secretary and Treasurer. His Worship the Mayor, Lieutenant-Col. J.D. Stewart, D.S.O., was accompanied by members of the City Council and J.A. Fullerton, City Clerk. At 2:55 p.m. the fire bell commenced to toll and the band of the P.E.I. Regiment under Bandmaster C.E. MacGregor, W.O. 1, played O'Canada, at 2:58 p.m. last post was sounded by trumpeter Ben Dolron. At 3:00 p.m. the P.E.I. Regiment fired the 1st round. Silence prevailed for two minutes after which round two was fired. "They Shall Not Grow Old" was recited by Comrade Victor J. Bowland. Rev. E.C. Evans, followed by a short address by Very Rev. C. Moreau, C.S.S.R. PLACING OF WREATHS Wreaths were placed by His Honour Lieutenant-Governor T.W. Prowse, Mrs. Stephen Treloar, representing Motherhood, Hon. B. Earle MacDonald, Mayor

or J.D. Stewart, Victor Bowland, President Charlottetown Branch Canadian Legion, Mrs. Lillian Corrigan, President Ladies Auxiliary, James Currie, President Air Force Assn., George Barter, Main Branch Naval Veterans Association, H.M.C.S. Queen Charlotte, L-S Robinson and C.P.O., W.R. Morton, R.C.M.P., Staff Sgt. A.M. Johnston, Nursing Sisters (Overseas) Association, Mrs. Richard Brown, R.N., P.E.I. Island Branch War Amputations Canada J.C. Caswell. Veterans on parade and the general public also placed wreaths. The service concluded with "O God our Help in Ages Past" by the band and "God Save The Queen", after which the parade returned to the Legion Home and dismissed. Parade Marshal was Arthur Hale. AT MT. STEWART At Mt. Stewart the largest turnout in many years gathered in Memorial Hall yesterday under the auspices of the Canadian Legion to do honour to fallen comrades in Remembrance Day. Guest speakers were Rev. George McCormack, Rev. T. Butler, Rev. T.H.B. Somers and Major Norman W. Lowther. Service at the cemetery was conducted by Rev. Mr. Somers and a wreath was placed in memory of fallen Comrades was placed by Comrade Coffin Douglas, representing the Canadian Legion Comrade Hammond Douglas presided at the meeting. AT MORELL A five-piece Highland Band directed by Pipe Major MacLeod led the Remembrance Day parade held in Morell on Sunday afternoon. Veterans from all sections of the district were in attendance and many wreaths were placed by Legion members and the general public. The Morell Legion Branch wreath was placed by Comrade Reg. MacAdam, President, and the parade was marshalled by Comrade James Blaxland. The speaker

was succeeded by Miss Amy Earle, M.B.E. who likewise did similar fire service until 1944 when she in turn was succeeded by Mrs. Dorothy Goldie, who has since carried on the same high standard of work. The presidents of the W.F. Tidmarsh, Mr. Joseph McCary and Dr. S.B. Jenkins, who was succeeded by Major T.E. MacNutt and he in turn by Dr. MacMillan, who has served on the Executive Committee for 43 years. At the meeting on Friday last expressions of thanks were given to all those who have served in the Society over the years, and to the public who contributed to its work, and the hope was expressed that the two Welfare Bureaus will be greatly blessed in the great work they are undertaking. The security of the Dispensary as directed by the amended by-laws adopted on 30th May 1938, will after some Court procedure be handed to the churches to which the donors belonged for use in aiding the indigent and needy. Any balance remaining in the current account will be divided equally between the two Welfare Bureaus. Thus there will be passing from the community an organization, first known as the Anti-Tuberculosis Society, which has ministered to the ill and needy of the city for forty seven years. CHIEF OBJECTS The chief objects of the Society at first were to give leadership in the fight against Tuberculosis and to aid to the poor, but before long the Society was giving leadership in such matters as milk and meat inspection, the supply of pure ice to the City householders, sanitation in the schools, construction of a bathhouse, a law against exterminating the streets, public incineration, distribution of good health literature, erection of a Sanatorium, appointment of a Health Officer, Medical Inspection of school children, disease free areas for cattle and later a housing scheme for the poor. The Society has for a considerable period lone voice calling for these advances. At first it was the intention to bring in a member of the Victorian Order of Nurses, but this could not be arranged, and shortly Miss DeBlais, now Mrs. R.L. Cotton, accepted the position of visitor. She carried on with great efficiency and thoroughness until 1922, when

RCAF Prepares For Big Airlift

CALGARY (CP) — The RCAF prepared Sunday to airlift to Halifax more than 900 soldiers in the 1st Battalion, Queen's Own Rifles of Canada. The battalion is Canada's contribution to the United Nations police force in the Middle East. It will leave Halifax on the aircraft carrier Magnificent on or before Nov. 21. In an announcement following Remembrance Day services at Calgary, the army's western command said the airlift would begin at 8 p.m. MST (11 p.m. AST) today. There would be 19 flights — one every three hours. An advance party left here by RCAF flight late Saturday night for Halifax. Included in the party was Maj.-Gen. J. L. Hunter of Halifax.

Gov't. Works On Plans For U. N. Force

OTTAWA (CP) — Government officials worked during this Remembrance Day on plans for dispatch of the 1,200 Canadian contingent to the Middle East to serve on a United Nations police force. Defence Minister Campney and External Affairs Minister Pearson conferred again on the matter Sunday. Then Mr. Campney attended the remembrance services at the national war memorial and Mr. Pearson left by air for New York where the UN General Assembly opens today. Officials said nearly all the planning for the contingent's move is complete and they now are awaiting talks with Maj.-Gen. E. L. M. Burns of Ottawa, commander of the UN force, to settle exactly where and when the Canadian group will go. Gen. Burns originally was expected in New York from the Middle East Sunday but now is expected to arrive there today or Tuesday.

Continue Search For Missing Plane

NEW YORK (AP) — Navy planes and ships, searching the Atlantic for a missing seaplane Sunday night on a Spanish freighter which reported sighting a white flare. The frigate, the Astro, reported the flare about 300 miles northwest of Bermuda. No further details were available.

Two Residents Of Amherst Killed

PORT ELGIN, N.B. (CP) — Two Amherst residents were killed Sunday when their car was struck by a diesel freight train at a railway crossing here. Dead are Mrs. Edith Stultz, 62, and Rolo Sears, 64, only occupants of the car.

To Close Free Dispensary After 47 Years Service

The Free Dispensary which was organized on 26th November, 1909, will cease to exist on the 30th of this month, as it is felt that with two Welfare Bureaus in the City, the work of the Dispensary is no longer necessary. Therefore from Friday last no further relief will be given. The decision was made on Friday afternoon, when the President Hon. Dr. W.J.P. MacMillan, O.B.E. was in the chair, and was welcomed to the meeting after his recent illness. The security of the Dispensary as directed by the amended by-laws adopted on 30th May 1938, will after some Court procedure be handed to the churches to which the donors belonged for use in aiding the indigent and needy. Any balance remaining in the current account will be divided equally between the two Welfare Bureaus. Thus there will be passing from the community an organization, first known as the Anti-Tuberculosis Society, which has ministered to the ill and needy of the city for forty seven years. CHIEF OBJECTS The chief objects of the Society at first were to give leadership in the fight against Tuberculosis and to aid to the poor, but before long the Society was giving leadership in such matters as milk and meat inspection, the supply of pure ice to the City householders, sanitation in the schools, construction of a bathhouse, a law against exterminating the streets, public incineration, distribution of good health literature, erection of a Sanatorium, appointment of a Health Officer, Medical Inspection of school children, disease free areas for cattle and later a housing scheme for the poor. The Society has for a considerable period lone voice calling for these advances. SIMILAR ONE MADE IN 1939

VATICAN CITY (CP) — Just as he did eight days before the outbreak of the Second World War, the Pope Saturday night broadcast a peace appeal to the world and said that "inequities" in Hungary have been followed by other violence which endangered world peace. In apparent reference to the military action in Egypt, he said the world was shaken by having witnessed the repetition of a policy which placed arbitrary acts and economic interests above human life and moral values. "Too much blood has been unjustly shed," the Roman Catholic leader said. The Pope broke off his autumn visit in the Alban Hills to press his crusade for peace just as he did before the war 17 years ago. He had issued three previous pleas for peace in the last two weeks but Saturday's plea was the

Bodies Of Two S' side Men Found, Third Still Missing

BOAT INVOLVED IN TRAGEDY

Shooting Mars Cease-Fire In Egypt; Reds Threaten

LONDON (CP) — Shooting marred the cease-fire along the Suez Canal Sunday. The commander of the United Nations Middle East police troops said the force is ready to fly to Egypt as soon as President Nasser gives permission. Only provisional approval has been expressed thus far, with details to be worked out. A dispatch from Port Said reported British-French forces respectively suffered three hours of fire from the Egyptian lines this morning, then blasted back with an hour-long barrage which restored quiet. No casualties were reported from the British-French side. In Communist China thousands of "volunteers" registered to help the Egyptians in the vent of Israel, British and French forces do not withdraw. The Peiping move was along the same line adopted by Russia — labelled by Britain a propaganda stunt since the British and French have already agreed to pull out of Egypt once the UN peace troops arrive and Israel has agreed to withdraw from the Sinai Desert. Israeli officials are still claiming rights to the disputed Gaza strip.

Russia Makes New Threats

MOSCOW (AP) — Russia said Saturday night that if Britain, France and Israel do not withdraw from Egypt in compliance with a United Nations resolution it will permit Soviet "volunteers" to go to the Middle East. A Soviet government statement read at a press conference in the foreign ministry contained the implication that if the three powers delay in pulling out their troops Russia will turn the conflict into another Korea. The statement, without fixing a time limit, set these conditions for departure of the Soviet "volunteers": "If Britain, France and

One Killed In Freak Accident

NORTH SYDNEY, N.S. (CP) — One person was killed in a freak accident at nearby Letches Creek Sunday while trying to raise a submerged truck and its dead occupant from the creek bed. Russel Buffett, 53, of North Sydney, was crushed to death between the deck of a diving scow and the floor of a bridge as he tried to raise a North Sydney marine railway company diver who was attaching cables to the submerged truck. R.C.M.P. had received a report earlier in the day that a green panel truck crashed through the bridge rails after knocking down three telephone poles. Police said Sunday night the truck driver was Jack Scott of Halifax, an Otis Elevator Company employee. It is not known if there were any other persons in the truck. R.C.M.P. are continuing dragging operations.

Delay Charges In Strangling Case

NEW WATERFORD, J.S. (CP) — Crown Prosecutor C.M. Rosenblum said here Sunday no charges have been laid in connection with the strangling of 35-year-old Annie MacNeill. The decision to postpone charges until Tuesday was made following a conference between Mr. Rosenblum and R.C.M.P. officials now investigating the case. The woman's body was found in a Scotchtown, N.S., home late Saturday afternoon. Tightly wound around her throat was a stocking, a garter and a wire coat hanger. There has been no report on the findings of an autopsy performed early today by pathologist Dr. Otto Bruckschwaiger of Gace Bay. Acting on a tip delivered to headquarters, New Waterford town police proceeded to a Scotch town address on the outskirts of the town proper where they discovered the body.

10,000 At Remembrance Day Services Sunday In Ottawa

OTTAWA (CP) — They came again to the national war memorial Sunday to remember the sacrifice of 100,000 Canadian lives in wars not of Canada's choosing. The known and the unknown, the mighty and the humble, some 10,000 in all, ringed the granite and bronze memorial in the capital's Confederation Square for the 38th service of remembrance since 1919. The sky was gun-metal grey. A snowflake stirred the lowered flags and bore aloft the sad, haunting bugle notes of the Last Post. The 10-minute service, during which no word was spoken, began with the playing of O Canada by the massed bands. At 2:40 p.m. a signal gun marked the beginning of the two-minute silence. Another signal gun ended the silence, the bugler sounded the Last Post and the bands played one verse of Abide With Me. PLACES FIRST WREATH Governor-General Massey stepped forward to place the first wreath at the foot of the memorial. Then he stood before it, his head bowed, for several seconds. The second wreath was placed

Boat Found Ashore On Sunday

The bodies of two young Summerside men, Ernest Morrison, Jr. 27, and Alex Mollison, 23, were found along the north shore at Darnley and Park Corner yesterday afternoon, and a third man, Jack Small, 23, was missing and presumed to have also drowned. The trio had left Darnley in a small outboard motor boat about 4:30 Saturday afternoon on a duck shooting expedition to an island at the mouth of Malpeque Bay. Equipped with shotguns, food supplies and sleeping bags, the trio had planned to spend the night on the small island and return to Darnley on Sunday. FIND BOAT The first intimation of the tragedy was the discovery of the overturned boat which was found on a sandbar at the entrance to Darnley Harbor early yesterday morning. The capsized boat, measuring about 13 feet in length, contained the guns, food, and sleeping bags which were secured in the boat between the double cockpits of the decked-in top, and the outboard motor was still attached. The body of Ernest "Pinkie" Morrison was found washed ashore at Darnley, about 2 1/2 miles from where the boat was located. The discovery was made about 2:30 p.m. by Waldo Payer of Long River who was visiting in the area and who went for a hike along the shore while unaware that the men were missing. The body of James Alexander Mollison was located at Park Corner, about seven miles from where the boat was located. The discovery was made about 5:15 p.m. by a youth, Walter Stewart, who wandered down to the shore-front to investigate a low flying R.C.A.F. aircraft from Seabrook and Rescue headquarters at Greenwood, N.S., who were called into the search. BEGIN INVESTIGATION The R.C.M.P. from Summerside began investigation into the accident when the boat was reported missing in Queen's County. The search throughout the day. Coronor Dr. W.E. Callaghan of Summerside was called to the scene when the body of Morrison was located. A jury was empaneled with Robert MacLean, Charlottetown, R.B. 3, as foreman, and was composed of Bruce MacLeod, Kensington; Frank Bearstar, Malpeque; Lloyd MacKay, New London; George MacKay, Charlottetown; Bruce MacNutt, Malpeque. The body of Mollison having been found in Queen's County, Coronor Dr. L.E. Prowse of Charlottetown was called, empaneled a jury, and ordered an autopsy. An aircraft from R.C.A.F. search and Rescue headquarters at Greenwood will take up the search again early this morning in an endeavour to locate Small, and R.C.M.P. and civilian volunteers will conduct a search along the coastline in this north shore area. Both men who were washed ashore had been warmly dressed and both were wearing buoyant life-jackets when found. The boat, said to have been owned by Small, was powered by a Mercury Mark "20" Motor. Ernest Morrison was employed with P.E.I. Concrete Products (Continued on page 2, Col. 8)

Dies When Car Goes Into River

DALHOUSIE, N.B. (CP) — Napolson Roy, 42, of nearby Darlington, was drowned early Sunday when his car plunged into five feet of water in Eel River. He was alone when the car failed to round a curve and broke through the guard rails of the Eel River crossing bridge. Several thousand Soviet reserve officers and other "volunteers" already have been permitted by the Soviet government to offer their services to the Egyptian Embassy here, and enrollment of "volunteers" is still going on, the embassy said Sunday. "BLACKMAIL" (In London, a source close to the foreign office called the Soviet announcement a "cheap effort" to pose as protectors to the Arab world. He said the Soviet statements were "threats and blusters — diplomatic blackmail." (But French government circles took the Soviet move with utmost seriousness. It was felt only President Eisenhower could effectively counter any Russian move in the Middle East.)

Freedom To Hungary

The pontiff urged men and women everywhere, to not with intellectual and to the laborer of whatever race or country, "to make known to your rulers what your innermost sentiments and your true aspirations." He referred to the "mournful happenings in Hungary." The world's spontaneous emotion, shows "how necessary and urgent it is to restore freedom to those peoples who have been robbed of it," he said. The Pontiff called upon men to tighten ranks in a public pact of governments and peoples in order to return the world to the path of honor and dignity. (NO PICKUP)

Chinese Volunteers

In the world's other mammoth Communist nation, Peiping radio said a newly formed committee was registering an army of volunteers under the chairmanship of the pro-Russian Kuo Mo-jn. More than 250,000 Chinese — tens of thousands of them former soldiers — were reported to have offered their services to Egypt. In the vast wastes of the Sinai desert Israeli troops raced against the clock to clear out captured Egyptian equipment—much of it identified as Russian and Czechoslovakian. They want to get the

Wait Nasser's Assent

Maj.-Gen. E. L. M. Burns of Canada, commander of the UN police force, said his soldiers would remain at staging camps gives them the green light. Asked at a press conference in Tel Aviv if there had been any snags in the negotiations with Nasser, Gen. Burns replied: "I do not believe anything (any snags) that cannot be cleared up." Cairo radio said talks between Egypt and the UN over the "complication, duties and posts" of the international police force still were going on. Soldiers from the 17 nations who are going to keep peace in the Middle East in the name of the UN began criss-crossing the world on their way to join the
