FAMOUS HANDS

Opening lead—ten of diamonds. It is not an uncommon thing for declarer to find in the course of the play that it is dangerous to allow one particular defender to come into the lead. Wherever it is possible, therefore, declarer shapes his play so that the danger hand is avoided.

One of the finest examples of this principle of dummy play is offered in this hand played by Harold S. Vanderbilt. It occurred many years ago in the final round of play in the annual Vanderbilt Cup tournament.

West opened a diamond and, as can be seen, a diamond finesse would have brought about the early demise of the four heart

C. L. C. Supports Individual Unions In Pay Boost Moves

By JOHN LEBLANC
Canadian Press Staff Writer
WINNIPEG (CP)—The Canadian Labor Congress Monday pledged support to individual unions in demands for substantial wage increases.

The congress on the opening day of its biennial convention also called for a minimum wage of \$1.25 an hour and for progressive reduction in the standard work week.

Another resolution demanded the federal government call a conference with the provinces with a view to establishing the \$1.25-an-hour minimum. Previous congress policy was for a \$1-an-hour minimum.

During Monday's session, it was announced that Prime Minister Diefenbaker will address the big convention Thursday afternoon, Labor Minister Starr speaks today.

The 1,000,000-member congress sought action on wages and hours after CLC president Claude Jodoin in his opening address declared higher wages and reduced taxes are necessary to provide an economic boost for Canada.

Advertising Feels Slump

NEW YORK (AP)—Newspaper advertising felt the impact of the business slump in the first three months of 1958. Media Records Incorporated says.

Linage in 52 cities was 8.1 per cent lower than in the first quarter of 1957. The March total was down 8.7 per cent.

All major classifications were lower in the first quarter, with the largest decline, 18.8 per cent, was in automobile advertising. The smallest was in the financial group, 2.2 per cent.

Total advertising linage for the quarter was 613,245,437 compared with 667,099,797 a year ago.

National advertising in newspapers established a record of \$757,401,000 in 1957, the bureau of advertising of the American Newspaper Publishers Association reported. With production costs of 6.9 per cent added, the total was about \$810,000,000, a gain of 2.6 per cent over the national ad volume in 1956.

Says 100,000 Mentally Ill

WINNIPEG (CP)—There are 100,000 persons in Canada suffering from serious mental illnesses and one Canadian home in five has one member mentally or emotionally sick, a Toronto doctor said Friday.

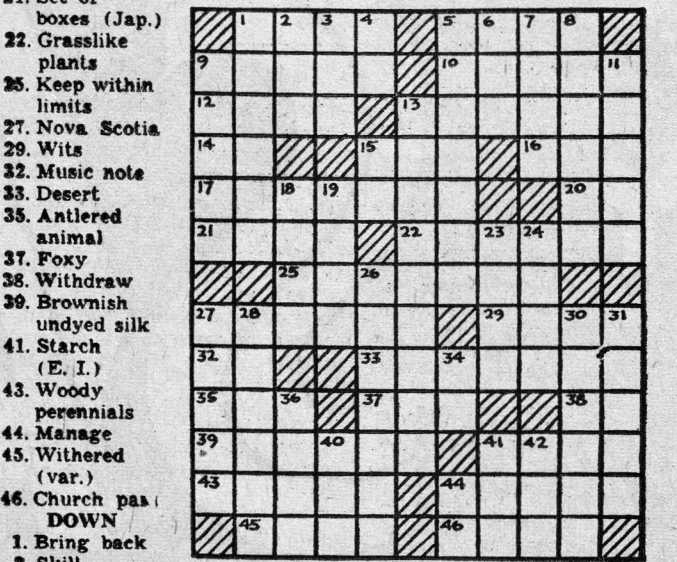

Dr. John D. Griffin, general director of the Canadian Mental Health Association, said in an interview that of the 100,000 persons ill, 70,000 are in hospitals and the other 30,000 should be.

Contrary to general public opinion, people who have been discharged from mental hospitals are less likely to break the law than ordinary citizens, he said.

There is no indication that mental illness is increasing. More cases are coming to light. People are living longer so that many cases are due to mental deterioration because of old age.

DAILY CRYPTOQUOTE—Here's how to work it:

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
