
BUILD 25 FISHING BOATS AT ALBERTON SOUTH

The above photo shows six of a total of twenty-five new fishing boats built at Alberton South in the past year for the Island fishing centres of Tignish, Alberton, Conway, Rustico, St. Peters and Naufrage.

Several of the new craft have been shipped out by rail but the majority are launched at Alberton South and sailed to their destination. Nine are presently ready to go and awaiting the re-opening of navigation.

Built by Hutt Bros in a boat shop formerly operated by the late William Aubrey, every effort is made to maintain the high standards of quality and workmanship built into Aubrey boats.

The trend in recent years to larger boats of up to forty-five feet in length and driven by engines of over 200 horsepower, has required a complete change in design and materials. Most fishermen now favour a small cabin fore or aft for a greater degree of fishing comfort. Ten men are employed in the boat shop which is in charge of Phillip Kinch.

N. Y. STOCKS

NEW YORK (AP)—The stock market failed Thursday to run its gains to three in a row. It closed lower.

The market took a downward slant in the industrials early and continued that way to the finish. Rails and utilities showed minor strength during the morning. But the weight of easiness in industrials finally caused the other two major market divisions to fall back.

The Associated Press average of 60 stocks dropped 20 cents to $175.60.

Metals were hit rather hard, particularly Phelps Dodge. It fell 3⅛ to 56⅝ with most of the selling concentrated in the last hour. Kennecott dropped 2⅛ to 115⅝ and American Smelting 1 to 55½.

Most steels registered minor losses but there were two notable exceptions to the pattern—Youngstown and Lukens. Youngstown raced ahead toward the finish to close 1½ higher at 105. Lukens broke 7⅞ to 65⅛ after having hit a 1957 high at the opening.

The motor group was weakest. In general the oils were mixed.

Building material stocks showed minor firmness. Johns-Manville, National Gypsum and Flintkote gained. U.S. Gypsum was unchanged. The rail group was ragged.

Rising Canadian stocks included McIntyre, ahead 2 on sales of 200 shares. Dropping off were Canadian Pacific, down ⅛ on sales of 2,400 shares, Walker-Gooderham ⅜, International Nickel ½, Aluminium Ltd. ¼ and Granby Mining ¼.

Higher Canadian issues on the American exchange included Brazilian Traction, ahead ¼ on sales of 4,600 shares, Preston East Dome 3-16, Sapphire Petroleums 1-16 and Molybdenite of Canada 1-16. Lower were Fargo Oil, off ¼ trading 15,200 shares and Richwell Petroleum 1-16.
