MEASLES are prevalent in Fredericton, N. B. CLOTHING.—Men and Boys' Clothing at slaughter prices to clear at J. B. Macdonald's. MRS. SPRAGUE, clairvoyant, will be at the Osborne House for a few days.—Room 38, July 17. The new Methodist minister at Sussex, N. B., Rev. J. C. Berrie, seems to be well liked, and is making many friends. BRIDGET HAYES, who lives at Lower Cove, N. B., fell over a water pail Thursday morning, and broke one of her ribs. METHODIST BRICK CHURCH.—To-morrow services will be conducted at 10.30 by Rev. Wm. Harrison, and at 6.30 by Rev. J. Shenton. The electric light is growing so rapidly in public favor in Moncton, N. B., than an additional dynamo and more power are required at once. THE schooner Arzalia, Captain Daniel Walker, sailed for the fishing grounds on a spring voyage. The Arzalia is fitted out by Macdonald, Macdonald & Co. HORSE THIEVES are on the rampage in Nova Scotia. Five horses were stolen from Londonderry Station on Monday night—four bays and a dark brown. They have not yet been found. OVER three thousand attended the Souris Tea. The day was lovely and the grounds beautifully decorated with bushes and flags. The proceeds amounted to over thirteen hundred dollars. THE annual Picnic of the Cornwall Sabbath School will be held on the grounds of William Howard, East Wilshire, on Monday, July 19th. Public cordially invited. July 15—wy sat dy. The foundations of two new churches, viz.: Methodist and Presbyterian, are about completed at Oxford, N. S. The former is to be built by Mr. Teed of Dorchester. Both churches are to be completed within the present year. THE drought and the failure of the wheat crops, which has occurred for several years in succession, and the unprecedented ravages of the chinch bugs have induced the farmers of Centralia, Ill., to form themselves into a colony for the purpose of removing in a body to Oregon. THE play's the thing. Wherein I'll reach the conscience of a king. And equally true is it that Dr. Pierce's "Pleasant Purgative Pills" (the original Little Liver Pills) are the most effectual means that can be used to reach the seat of disease, cleansing the bowels and system, and assisting nature in her recuperative work. By druggists. He had been out for a day's fishing, and as he proudly displayed the contents of his basket to his wife, she exclaimed: "Oh! John, aren't they beauties! But I've been so anxious for the last hour, dear!" "Foolish little one!" said John carelessly. "Why, what could have happened to me?" "Oh, I didn't worry about you, love; but it grew so late I was afraid before you got back to town the fish market would be closed. THE general verdict of the smokers of the Myrtle Navy is that it is the finest tobacco they have ever used. There can be no mistake upon this point for it is proved by this tangible evidence. The large demand for this tobacco shows it to be true, and the character of the demand gives further proof. It has never been of the spasmodic kind, up one month and down the next. It has been a sure and constantly increasing demand. The unsurpassed quality of the tobacco accounts for this. SAYS the Bangor Whip: The steamer Penobscot had a large-sized passenger into Bangor yesterday noon. He was a man named John H. Craig, and known as the "Kentucky Giant." He weighs 792 pounds and is six feet and four inches tall. His age is but twenty-nine years. He came from Portland here and is accompanied by his wife. He is obliged to carry a chair made expressly for him, a common chair being far too small. Craig is a very intelligent appearing man and is said to be worth much property. His parents were of medium size and he claims to be the largest man in the world. It takes 37 yards of cloth to make him a shirt. A CONTEMPORARY who evidently speaks with authority, says that girls of a marriageable age do not like to tell how old they are, but you can find out by following the subjoined instructions, the young lady doing the figuring. Tell her to put down the number of the month in which she was born, then to multiply it by 2, then to add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115, then tell her to tell you the amount she has left. The two figures to the right will denote her age, and the remainder the month of her birth. For example: The amount is 822; she is 22 years old, and was born in the eighth month (August). Try it. THE steamer Miramichi arrived yesterday at one o'clock, with a general cargo and the following passengers: Mr. and Mrs. McEachern, nurse and child, Mrs. McLaughlin, Mr. and Mrs. J. Hughes, D. Gareau and wife, Rev. Derwage, Rev. Dagnaine, Geo. Shaw and wife, R. Gilpin and wife, Mr. McNaughton and wife, Mrs. McKay, Mrs. Harris and daughter, Mr. Blair and wife, Miss Ross, Miss Reddy, Miss S. Reddy, C. Strangman and wife, Mr. and Mrs. Martin, Mr. and Mrs. Roper, Miss Roper, Miss Hargraff, Mr. Hargraff, Mr. and Mrs. Marlock, Mr. and Mrs. Lawrence and two children, R. Jenkins and wife, R. Jenkins, jr. and wife, Miss Irving, Mr. McArthur, Mr. and Mrs. Dunsmuir, Mr. and Mrs. McMillan, Mr. Cobb, Mr. Brooks, Mr. Fraser, Mr. W. Morris and some others. She left again at 6 p. m. A PEAK OF THE TIDE.—The tide in the Bay of Fundy which has always been a source of wonder to strangers has recently greatly surprised even those who have been accustomed to it all their lives. Last Wednesday a fishing vessel was lying at anchor at Black Hole in about twelve feet of water, the tide being an hour and a half off. Suddenly a great commotion was noticed by those on board, and the tide ran out so rapidly that the vessel very nearly touched the bottom. Two men who were in a boat trying to make for shore were carried back a great distance by the tide. All at once the tide turned and soon reached high water mark and subsiding, left the vessel touching bottom, and the boat nearly balanced on what is known as half tide rock. This strange freak was noticed by several persons, and we should like some one to explain the strange phenomenon.—Kentville Chronicle.

GOVERNOR and Mrs. Macdonald were present at the Kennedy Family's entertainment last evening and will patronize their farewell concert on Monday evening next. MR. J. McDUGALL, of Kingston School, was recently presented with a handsome watch and chain as a token of the appreciation of the people of the district for his services as teacher. MR. D. BEARS, teacher of the school at Stanley, was a few days ago the recipient of a flattering address, accompanied with a gold pencil and inkstand from his pupils. Mr. Bears made a suitable reply. MRS. ROGERS' pictures, on exhibition at Newson's, are admired by many. Mrs. Rogers announces that she is a pupil of Forbes. The pictures of the pupil are better than some we have seen of the master. THE number of sea-going vessels entered inwards at the Quebec Custom House, from the opening of navigation up to the 14th inst., is 250. The clearances to the same date, including steamers are 194, leaving 56 vessels in port and outports. THE Point du Chene correspondent of the Moncton Times says that the schooner Lettie of Tignish, landed 79 barrels fresh mackerel for the Boston market. They are packed in ice, and if the venture proves successful, there will be a large business done in this line during the season. WE regret to learn that the well-known stallion, "Al of Canada," owned by A. N. Large, Esq., died last midnight, after twelve hours illness. We are informed that negotiations had been arranged for the sale of the stallion after the close of the season, for the sum of \$800. MRS. HENRY ROGERS, Artist, is at present staying at Miss Finlay's, Kent Street. As her stay in Charlottetown will be limited to a few weeks, those desirous of joining her classes, which open on Monday at 10 a. m., in the room over the Diamond Bookstore, are invited to call as soon as possible. A STATEMENT of the items of a grocery account to be sued next week in the Portland, N. B., civil court, is a curiosity in its way. It covers a roll of paper 7 feet 8 inches in length, and is an example of the fidelity of a lawyer's clerk, and a fearful warning to young students whose ambition it is to have a desk in the office of a legal firm. ABOUT noon to-day, a several youths were playing with a bow and arrow, a son of Mr. John McIntyre, shoemaker, was severely injured by being struck in the eye with the arrow, fired by a comrade. The sight of the right eye is completely ruined. The little fellow is under medical treatment and is doing as well as can be expected. HENRY LONGWORTH, Esq., of Glynwood, exhibited in our office to-day several stalks of six-rowed barley, which measure 4 feet 9 inches. The seed from which this barley was grown was imported from Canada last spring, and planted on the 14th May. The entire field of barley at Glynwood farm is as level as a floor, running from 4 feet 9 inches to 5 feet in height. Who can beat this for two months' old barley? THE Kennedy's gave a grand exposition, last evening, of Scottish character and humor, accompanied by splendid music. But who were all the Scotch? The songs and stories were all Jacobite, and to judge by the applause excited the enthusiasm of even the English. The only want was a large Scotch audience. But perhaps the Scotch held back for the farewell concert to be given by the Kennedy's on Monday evening. THE double suicide in Lexington avenue, New York, a few days ago, of a brother and sister, each over fifty years of age, has many sentimental features; in fact, there is so far no apparent motive for the deed except one of sentiment. Adrian Crucey, a well-known commission merchant of New York, six his sister Lucie were the last remaining members of a family of six that came here from Nantes, in France, 35 years ago. The others rest in Calvary Cemetery. These two, probably tired of their lonely life, signed a paper that they "committed suicide of their own will," left minute instructions for the funeral, and, lying side by side, fired the fatal shots.
