POLICY OF THE MINISTRY.
"We have in this country at the present mo-
ment NO IDEA of having a system of Free
Trade."—Hon. A. McKenzie at Toronto.
"The policy of the Government is deter-
mined opposition to the Opposition."—Pre-
mier's Speech at the Drill Shed.
In other words, the policy of the Gov-
ernment is to slander their opponents and
do nothing for the good of the country.

THE OPPOSITION PLATFORM.
A RE-ADJUSTMENT OF THE TARIFF.
To make the duties fall more equitably.
To make it the interest of the United States
to accord Reciprocity.
To revive the languishing West India
Trade.

To remove the present barriers to the de-
velopment of our Agricultural, Mining and
other Natural resources; and gener-
ally
To encourage Home Industries with Home
Markets for Home Produce.
To promote our Fishing interests and pro-
tect the rights of our Fishermen.

**ECONOMY IN DEPARTMENTAL ADMINISTRA-
TION.**
A REPRESENTATIVE OF PRINCE EDWARD
ISLAND IN THE CABINET.

**THE PLANK ON WHICH SIR JOHN
MCDONALD STANDS.**
"NEITHER AT LONDON OR ELSEWHERE
HAVE I GONE BEYOND MY MOTION IN PAR-
LIAMENT, AND HAVE NEVER PROPOSED AN
INCREASE, BUT ONLY A RE-ADJUSTMENT OF
TARIFFS.

"JOHN A. McDONALD."
"We can well understand that we may
raise the duty on woollen, cotton and other
goods, but lower the duty on articles of
general consumption which we cannot pro-
duce, and the volume of taxation may be
LESS IN FACT, although it may be raised, at
any given time, higher than it was before.
If a man were obliged to pay a cent more
for his cotton, and had a cent taken off his
tea, it would be found, by calculation, that
he was a gainer by the operation."—Sir John
in Parliament.

MR. TILLEY'S PLANK.
MR. TILLEY then took up the public ex-
penditure, showing that an average ex-
penditure of \$22,500,000 was all that was
necessary, and the expenditure ought to
have been kept within that, instead of an
average, as it has been, of \$24,000,000.
The policy of the Opposition was NOT IN-
CREASED TAXATION, as it had been stated
by their opponents, but a readjustment of
the tariff and REDUCED EXPENDI-
TURES. These were the planks in their
platform, together with encouragement to
our manufacturing industries; ship's ma-
terials, raw materials, machinery not made
in the country, free; 15 PER CENT. on
non-enumerated articles; and an increase
of the tariff on such articles as we can pro-
duce in the country, giving employment to
our people and a HOME MARKET FOR
OUR AGRICULTURAL PRODUCE.

DR. TUPPER'S PLANK.
"I trust I have satisfied the House that
IT IS NOT a question of high or low taxa-
tion, any further than this, that, inasmuch
as we governed the country with a small
taxation, and inasmuch as we are prepared
to govern the country again without those
extravagant expenditures made by the present
Government since they have been en-
trusted with power, all we ask is, NOT THAT
THE TAXATION OF THE PEOPLE SHALL BE
INCREASED, because we do not require so
much money as the hon. gentlemen oppo-
site, as we have shown by our economy in
the past, and which we are prepared to
practice in the future, but that the money
shall be levied in such a way as to FURNISH
EMPLOYMENT FOR THE PEOPLE AND PROVIDE
THE MEANS OF PAYING THE TAXATION THAT
IS LEVIED UPON THEM."

THE OPPOSITION CANDIDATES.

{ HON. F. DE ST. CROIX BRECKEN, }

Mr. McKenzie on Contracts.

While Mr. McKenzie was yet in Opposi-
tion, he was good enough to say:—
"THE LOWEST TENDERS SHOULD ALWAYS
BE ACCEPTED, and that the people were
robbed of their hard earned taxes when a
Minister of Public Work conferred upon
partisans and favorites contracts that legiti-
mate tenderers offered to take at a lower
figure."

And after he obtained power, he was
kind enough to observe:—
"I assert, in the first place, that since the
inauguration of the present Government,
the most scrupulous care has been taken to
have the contract system so administered
that it would be difficult, IF NOT IMPOSSIBLE,
for the public contractors who are friends
of the Government to obtain any advantage,
or that public contractors, who are op-
ponents of the Government, should suffer
any wrong in the administration of that De-
partment."

Then he undertook to call for new ten-
ders for certain sections of the Welland
Canal, with the following result:—
ECONOMICAL RESULT.

Tenders rec'd by the late Government.	Tenders rec'd by the present Gov't, with 5 per cent. security.
Sec. 2.....\$325,000	Sec. 2.....\$396,565
3.....291,000	3.....328,415
5.....266,825	5.....312,465
6.....70,000	6.....68,000
7.....251,770	7.....283,935
13.....270,950	13.....313,100
14.....271,950	14.....292,395
Total.....\$1,994,935	Total.....1,747,496

Total— \$1,747,495 Difference— \$247,440
This difference is just 14 per cent. in ex-
cess of the offers to the late Government.
But Grit contractors got the money, and
who's to blame?

A Grit Candidate's Ideas on Trade Policy.
The following is an extract from the
speech of F. X. Archambault, Q. C., the
"Reform" candidate in Montreal East.
It shows how the feeling of Montreal runs
on the Trade question:—
"There were complaints about the tariff,
and he was of opinion that the tariff was in-
complete—that it was defective in some re-
spects. If they sent him to Ottawa, he
should endeavor to obtain a remedy and a
readjustment in order to protect our manu-
facturers without injuring our commerce,
which is a principle resource of a portion of
the population of this city.
The Americans, who are suffering from the
crisis, sent some of their manufactured
goods to be sold here at any price, and this
was one of the causes that tended to injure
our industries. He thought the tariff
should be re-adjusted, and was a Protec-
tionist in this sense. (Cheers.) He was
in favor of protection to our industries, and
if sent to Ottawa he should strongly advo-
cate this. He sympathized with the Mac-
Kenzie Government, but if their policy
placed the interest of his constituency in
danger, he should vote against them, or
against any Government that might succeed
them."

The Americanizing Policy.
The Americanizing policy is doing its
work in every branch of trade. Here, for
instance, are the tea imports:—

	1874.	1877.
Great Britain.....	\$1,418,267	\$1,440,622
United States.....	12	1,712,028
China.....	834,290	72,772
Japan.....	212,587	210,448

Thus while our tea trade with the Mother
Country is at a standstill, the import trade
with the United States is rising to gigantic
proportions, while direct Canadian trade
with China is practically killed. One-sided
Free Trade, which the Huntington-Mills
Jones party loves so well, is destroying
both Canadian and British trade.

A SLIGHT CONTRAST.—Mr. Brydges re-
ceives \$8,000 per year as Superintendent of
Government railways, (the arduous duties
of the position requiring his presence in the
Maritime Provinces as often as once in sev-
eral weeks), and \$4,000 per year as I. C. R.
Construction Commissioner; or \$38 per day.
Besides this he has a Palace car costing \$20,
000, with a special conductor and other
"luxuries." Presto! The Moncton work-
ingman, who is paid none too well at best,
is put on an eight-hour "eighty-eight
cent" system in the middle of the hardest
winter Canada has ever seen, hundreds are
discharged, and the trackmen are also "re-
formed" out of 10 cents per day—all for the
purpose of making up that \$38 per day
with "extras" for Mr. Brydges. The Ot-
tawa Citizen, in pointing out the extrava-
gance of the Grits, says "Hurrah for Re-
form economy!" We can go one better;
we say "Hurrah for Sinclair and McGill,
Perry and Yeo, McIntyre and McFayden!
Hurrah for each and all supporters of the
"Organized Hypocrisy."

L'Evenement fell foul of a Protection
article in the Courier, and M. Fabre was
astonished to learn the next day that it was
an able production from his own pen,
written in the days when the Rouges
staked their existence on encouraging home
industries.

GENERAL NEWS.

There is no Grit candidate at all in Carle-
ton, Ontario, but still the Grit prospects
are very encouraging.
OUT of six constituencies in British Col-
umbia, all but one return Conservative
members by acclamation.
The European Commissioners to reorgan-
ize Eastern Roumelia and Bulgaria meet at
Constantinople on the 15th prox.

The Grits have not got a candidate in
Toronto West yet. But then, you know,
the party prospects are splendid!
Embarkation of the Russian troops has
begun, and orders have been issued for the
immediate withdrawal of the British fleet.

A SWORD FISH.—An immense sword fish
was captured in Bedford Basin on Thurs-
day evening, and is now on exhibition in
Halifax.
Mr. Laurier is again in doubt as to a con-
stituency. Three Rivers, Queb, is now said
to have been the object of his latest fascina-
tions. But Mr. McDougall still holds the
fort.

For two days the streets have been full
of the rumor that Mr. John Macdonald has
withdrawn his consent to run as a Minis-
terial candidate for Centre Toronto.—Tor-
onto Mail.

In Richmond and Wolfe, Quebec, one
Grit candidate has retired, leaving his Op-
position rival in possession of the field.
Still, the party prospects are awfully en-
couraging.

Mr. Stoner has finished his canvass here
for the birdseye view of Charlottetown, and
has requested us to tender his thanks to
the subscribers, and to inform them that
he will endeavor to give them a picture that
will be satisfactory.

NOTABILLA.—The wife of Charles Cushing,
of Caledonia, a short time ago presented
her husband with a daughter. There is
nothing unusual about this: what we con-
sider worth recording is that the child has
a father and mother, grandfather and
grandmother, great-grandfather and great-
grandmother, all living in one house, and
is not likely to lack petting.—Liverpool (N.
S.) Times.

MACKEREL.—Reports are current this
week that the mackerel have again struck
in St. Mary's Bay. It is said that on Sun-
day last such a large and powerful school
passed through Petit Passage that it was
densely packed, and that the noise made by
the rush was plainly heard at a distance of
two miles. One of our captains states that
just outside the Gut there were "acres of
em."—Digby Courier.

After three failures in Cumberland, a
candidate has been selected to oppose Dr.
Tupper. It will do the young gentleman
who has been selected a deal of good in in-
troducing him to the county generally, and
Dr. Tupper's chances of election will not be
less. So there's no harm done. Dr. Tupper
will be elected. Mr. Pipes will get some
valuable experience, and there's an end
on't.

The Journal of Commerce of Montreal,
after consideration, comes to the following
conclusion: "Even at the risk of some
loss, owing to increased price, we would
favor a policy which would give Canadian
markets to our Canadian industries, and we
believe that the result of such a policy
would not be an increase of price. Our ob-
ject, of course, would not be to obtain re-
venue from such duties, but to exclude for-
eign competition."

"Who's dead?" "Who's dead?" was
the general inquiry as the cortege contain-
ing the Premier, the Finance Minister, and
Messrs. Davies, Stewart and others, moved
through our streets on Tuesday afternoon.
The Band played the "Death March of
Gritism," and the absence of the hearse,
was the only mark of distinction between
the procession and an ordinary funeral. The
mourners consisted of a few officials, in four
carriages. It is a poor funeral that has not
a larger procession than this.—Progress.

BISMARCK did not make so great a mis-
take after all in dissolving Parliament and
having a new election. The latest estimates
by foreign mail of the strength of the three
political groups in the German Reichstag
give 113 seats to the Conservatives, 153 to
the Liberals, and 100 to the Ultramontane
or Catholic party. The Liberal party, com-
posed as it will be of National Liberals, the
Lowe group and Progressives, will yet lack
over forty to obtain a majority; but there
are at least one-third of the National Lib-
erals who on all serious questions will vote
with the Conservatives.

Mr. McKenzie last night seemed deter-
mined to complete the injury done to his
party by Mr. Cartwright. There was no
necessity whatever for him to go out of his
way to denounce Sir John, and to do so by
declaring that Sir John's Government was
held together by the "shillaly." When Mr.
McKenzie referred to "shillaly" everybody
understood that it was a gratuitous and
wanton attack upon the Irishmen of Can-
ada, for, according to Sir John, in common
with other nationalities, a warm and gen-
erous support. Common decency should
have prevented Mr. McKenzie from making
this attack. The storm of hisses which fol-
lowed showed the disapproval of the au-
dience.—Hx. Reporter.
